Notes:

1. The Standalone Financial Results for the quarter ended June 30, 2022 were reviewed by the Audit Committee and approved by the Board of Directors of the Company at its meeting held on August 10, 2022 and have been reviewed by the Statutory Auditors of the Company.
2. Results for the quarter ended June 30, 2022 have been prepared in accordance with the Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rule, 2015 and Companies (Indian Accounting Standards) Amendment Rule, 2016.
3. The figures for the quarter ended March 2022 are derived from the audited figures of the twelve months period ended March 31, 2022 and the published year to date figures up to December 31, 2021 which were subjected to limited review by the statutory auditors.
4. The auditors have qualified their report in respect of the following matters -
 - a) The Company had evaluated its claims in respect of on-going, completed and/or terminated contracts in the earlier periods which amounts to Rs. 231.69 crore as at June 30, 2022 with the help of an independent expert in the field of claims and arbitration who had assessed the likely amount of claims being settled in favour of the Company. The management contends that there is no change in position during the quarter and the same are due to them and they have a very good chance of realisation.
 - b) The Company has received an award in respect of its joint venture relating the Chennai Metro Rail project (CMRL). Company has recently filed appeal against certain items of the award. In spite of the appeal filed, company estimates total recoverability of Rs 532.00 Cr out of the award. Amount of Rs 225.79 Cr which is in excess of the estimated recoverable award is written off and included in other expense for the quarter and year ended March 31, 2022. This includes an amount of Rs 123.08 Cr which is subject matter of appeal being the claim of the Company, which is not accepted, for which the Company is of the opinion that it has a strong case.
The aforesaid award is received in the name of the JV but the company has accounted for the entire share to its accounts.
 - c) There are disputes in six projects of the Company. The total exposure against these projects is Rs. 321.35 Crore consisting of receivable of Rs. 60.70 crores, inventory Rs. 43.96 crore and other receivables Rs. 216.68 crores. The Company is pursuing legal recourse / negotiations for settling the disputes in favour of the Company and is of the opinion that it has a good case in the matter hence does not require any provision considering the claims of the Company against the Clients

- d) The Company's exposure to one of the subsidiary company Deepmala Infrastructure Private Limited developing a real estate project in Bhopal is Rs 261.91 crores (net of provisions of Rs. 100 crores against its exposure based on internal estimates of the realisable value). Due to slow down in the real estate market and various other factors the subsidiary company is facing problems in the development of its projects and its sale. The subsidiary's RERA registration got cancelled and it was unable to settle the One Time Settlement direction from lenders for settlement of term loan. However, the subsidiary company made a part payment of the amount mentioned in the One Time Settlement in June 2019. The subsidiary company is in negotiation with the lenders to restore its credit facility and for the financial support for completion of the project. The company is also exploring possibilities of restructuring for which it is in discussion with the lender. The statutory auditor has also made an Emphasis of Matter on the realisability of its inventory amounting to Rs 822 crore.
- e) During the Quarter ended June 30, 2022 two lenders have levied penal interest and charges of Rs 20.77 Crores. Total amount of penal interest and charges amounts to Rs. 345.41 Crores up to June 30, 2022. The management is disputing the same and has not accepted the debit of excess penal interest and charges in its books. They have also requested the lenders to reverse the same. In the resolution plan which is approved by seven lenders, this amount is likely to be reversed and the resolution plan does not consider the Company liability to pay this.
5. The Company in evaluating its jobs has considered an amount of Rs. 7.56 Crore relating to the likelihood of the claim materializing in favour of the Company, arising out of claims for work done, cost overruns arising due to client delays, changes of scope, escalation claims, variation orders, deviation in design and other charges recoverable from the client which are pending acceptance or certification by the client or referred the matter to the dispute resolution board / arbitration panel.

In furtherance to the recommendation of the Dispute Resolution Board (DRB) and Arbitration Awards in the Company's favour, the Company has recognized income to the extent of Rs.146.64 Crore in the previous years, which is part of Long Term Trade Receivable. The Company contends that such awards have reached finality for the determination of the amounts of such claims and are reasonably confident of recovery of such claims although the client has moved the court to set aside the awards. Considering the fact that the Company has received favorable awards from the DRB and the Arbitration Tribunal, the management is reasonably certain that the claims will get favorable verdict from the courts.

6. The Company has receivable including retention and work in progress aggregating to Rs. 44.51 Crore (inventory - Rs. 21.19 crores and receivables Rs. 23.31 crores) in various jobs relating to the Real Estate Projects due to the problems faced by the Real Estate Sector. The management is confident of ultimate recovery considering its contractual position and therefore no adjustments are required to be made in respect of such contracts.

7. Material Uncertainty Relating to Going Concern:

The Company's operations have been affected in the last few years by various factors including liquidity crunch, unavailability of resources on timely basis, delays in execution of projects, delays in land acquisition, operational issues etc. The Company's overseas operations are characterized due to weak order booking, paucity of working capital and uncertain business environment. Also the Company's current liabilities exceed the current assets by Rs. 8498.12 Crore as at March 31, 2022. Which has only increased further in the quarter. The facilities of the Company with the Secured lenders are presently marked as NPA since June 2017. The liquidity crunch has resulted in several winding up petitions being filed against the Company by various stakeholders for recovery of the debts which the Company has been settling as per the mutually agreed repayment terms. The liquidity crunch is affecting the Company's operation with increasing severity. The Secured lenders have recalled the various facilities, initiated recovery suits in the Debt Recovery Tribunals as well as filing a winding up petition with the National Company Law Tribunal, Mumbai bench under the Insolvency and Bankruptcy code

The Company has been making every effort in settling the outstanding Lenders dues.

Pursuant to the execution of the ICA the lenders appointed M/s Deloitte Touche Tohmatsu India LLP as Process Advisory (PA) in the resolution process of the Company. Subsequent to the abovementioned appointment the representatives of Deloitte attended one of the Joint Lenders Meeting held on 13th January, 2020, wherein the plans regarding the way forward on the resolution process were presented. Subsequently on the recommendation by Deloitte the Company signed an engagement letter with Duff and Phelps (D&P) to carry out the valuation of the Company and estimation on the recoverability of arbitration claims of the Company and on such terms and conditions as directed by IDBI Bank.

In furtherance to the execution of the ICA, the Company submitted a draft resolution plan to the consortium of lenders. Pursuant to the submission of the resolution plan, seven lenders including the lead monitoring institution provided their in-principle sanction to the company and the company is pursuing for the approval with other lenders as well.

Due to delay in approval of resolution plan by other Bankers the fund through which Everstone (Investor) was intended to invest was closed. However, Everstone has shown a keen desire to invest with next available fund.

Due to time constraint, Gammon has proposed an alternate investor with the same terms and conditions for the revival of the Company which is accepted by the Bankers. The lenders discussed the above matter at the Joint Lenders meeting dated 5th March 2022 and while accepting the offer were willing to take up with their higher management for resolution plan of the Company.

The Company is awaiting the sanction of the lenders. The resolution process is in the

Onas

advanced stage and the management is hopeful that the sanctions will be received soon.

Meanwhile the company has received a notice from Union Bank of India and Punjab National Bank under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act 2002, taking over the possession of the Gammon House property including the land appurtenant to it. The company has been restrained from parting with the rights over the said property. The total demand raised by this notice is Rs. 1136.71 Cr. Pursuant to SARFAESI Union Bank of India has also issued e-auction notice on July 11, 2022.

The management is hopeful of obtaining approval of all the lenders to the above plan and execute documents accordingly and maintain its going concern status and to that effect is continuously engaged with the lenders for a solution.

Therefore, in the view of the management the going concern assumption of GIL is intact and these financials are prepared on a going concern basis. The above action plan of the Company for repaying the debts and servicing the same including the necessary value of the balance stake being available and realisation of the claim amounts filed by the Company, monetisation of the stake sale of investments and also the acceptance of the resolution proposal by the lenders is exposed to material uncertainties which may affect the going concern assumption.

8. The Company is engaged mainly in "Construction and Engineering" segment. The Company also has "Real Estate Development" as other segments. Revenue from such activities is not significant and accounts for less than 10% of the total revenue and total assets of the Company. Therefore no disclosure of separate segment reporting as required in terms of Indian Accounting Standard INDAS -108 is done in respect of this segment.
9. On account of the company being marked as non-performing assets by the lenders no interest has been debited by majority of the lenders. The company has made provision for interest on the basis of the last sanction and last revision of terms. Therefore the loan balances and finance cost are subject to confirmation and consequent reconciliation, if any.
10. The exposure of the Company in Sofinter S.p.A through two subsidiaries is Rs. 1369.79 crores of which Gammon International BV is Rs. 971.85 Crores and Gammon Holding Mauritius Limited is Rs.397.94 Crores. Based on the valuation carried out by an independent valuer, there is a diminution in the equity value of Sofinter group as compared to the total exposure of the Company. The management is of the view that this diminution in the equity value of Sofinter group is of temporary in nature considering the Sofinter Group's strong order book position. Considering the combined exposure in GIBV & GHML as per the valuation report for the purpose of the financial statement of March 31, 2022, the reduction in equity value of Rs. of Rs 675.71 Crores has been provided till date.

11. Corresponding figures of the previous period have been regrouped / rearranged wherever necessary.

- c. We invite attention to note no. 4(c) of the statement relating to Trade receivables, inventories and loans and advances which includes an amount of Rs. 321.35 crores in respect of disputes in six projects of the Company and/or its SPVs. The Company has on prudent basis made a provision of Rs. 100 crores against the exposure of Rs. 261.91 crores. The subsidiary's RERA registration got cancelled and have severe liquidity crunch and was also unable to settle One Time Settlement directions from the lenders for settlement of the term loan. The subsidiary company is in active discussion with the lenders for the financial support for completion of the project. The company is also exploring possibilities of restructuring for which it is in discussion with the lender. The auditor of the subsidiary has also made an Emphasis of Matter on the realisability of its inventory amounting to Rs 822 crore as at June 30, 2022 and also highlighted material uncertainty regarding going concern issue in their review report for the quarter ended June 30, 2022. a) Qualified Conclusion

Except for the possible effects arising out of the matters mentioned in para 4(a) to 4(e) of our Basis for Qualified Conclusion mentioned hereinabove, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with applicable accounting standards as specified under section 133 of the Companies Act, 2013, read with rule 7 of the Companies (Accounts) Rules, 2014 and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with SEBI circular bearing nos. Circular No. CIR / CFD / CMD / 15 / 2015 dated November 30, 2015 and CIR / CFD / FAC / 62 / 2016 dated July 5, 2016 including the manner in which it is to be disclosed, or that it contains any material misstatement.

b) Material Uncertainty Related to Going Concern

We invite attention to the note no. 7 of the Statement relating to the present financial situation of the Company detailing the Material Uncertainties Relating to Going Concern and the Going Concern assumptions. The lenders had in the previous years recalled all the loans and facilities and also the Company Current Liabilities exceeds Current Assets by Rs 8948.12 Crore as at March 31, 2022. Which has only increased further in this quarter. The Company is finding it difficult to meet its financial obligations and the lenders have still not approved its further restructuring plan. The liquidity crunch is affecting the Company's operation with increasing severity. The trading in equity shares of the Company is presently suspended. Some of the creditors have filed for winding up petitions against the Company. The company has severe manpower issues and is defaulting on its statutory and regulatory obligations. The Company's resolution plan has found favour with seven lenders as detailed in the note no. 7 but the final approval of all lenders and the execution of the plan and its success involves material uncertainties that may cast significant doubt about the Going Concern Assumption. Our report is not qualified on this account.

c) Emphasis of Matter

Without qualifying our conclusion, we draw attention to the following matters;

- a) We draw attention to Note no 5 of the Statement relating to recoverability of an amount of Rs.146.64 crores as at June 30, 2021 under trade receivables in respect of contract revenue where the Company has received arbitration awards in its favour in respect of which the client has preferred an appeal for setting aside the said arbitration awards, recognition of claims while evaluating the jobs of Rs.7.56 crores where the Company is confident of recovery. The recoverability is dependent upon the final outcome of the appeals & negotiations getting resolved in favour of the company.

1. The Consolidated Financial Results for the quarter ended June 30, 2022, were reviewed by the Audit Committee and approved by the Board of Directors of the Company at its meeting held on August 10, 2022 and have been reviewed by the Statutory Auditors of the Company.
2. Results for the quarter ended June 30, 2022 have been prepared in accordance with the Indian Accounting Standards (Ind-AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rule, 2015 and Companies (Indian Accounting Standards) Amendment Rule, 2016.
3. The figures for the quarter ended March 2022 are derived from the audited figures of the twelve months period ended March 31, 2022 and the published year to date figures up to December 31, 2021 which were subjected to limited review by the statutory auditors.
4. The auditors have qualified their report in respect of the following matters -
 - a) The Company had evaluated its claims in respect of on-going, completed and/or terminated contracts in the earlier periods which amounts to Rs. 231.69 crore as at June 30, 2022 with the help of an independent expert in the field of claims and arbitration who had assessed the likely amount of claims being settled in favour of the Company. The management contends that there is no change in position during the quarter and the same are due to them and they have a very good chance of realisation.
 - b) The Company has received an award in respect of its joint venture relating the Chennai Metro Rail project (CMRL). Company has recently filed appeal against certain items of the award. In spite of the appeal filed, company estimates total recoverability of Rs 532.00 Cr out of the award. Amount of Rs 225.79 Cr which is in excess of the estimated recoverable award is written off and included in other expense for the quarter ended March 31, 2022. This includes an amount of Rs 123.08 Cr which is subject matter of appeal being the claim of the Company, which is not accepted, for which the Company is of the opinion that it has a strong case.
The aforesaid award is received in the name of the JV but the company has accounted for the entire share to its accounts.
 - c) There are disputes in four projects of the Company. The total exposure against these projects is Rs. 236.93 Crore consisting of receivable of Rs. 60.70 crores, inventory Rs. 43.96 crore and other receivables Rs. 132.26 crores. The Company is pursuing legal recourse / negotiations for settling the disputes in favour of the Company and is of the opinion that it has a good case in the matter hence does not require any provision considering the claims of the Company against the Clients.
 - d) The Group's exposure to a real estate project being carried out in one of the subsidiary Company in Bhopal is Rs 900.39 crore. Due to slow down in the real estate market and various other factors the subsidiary company is facing problems in the development of its projects and its sale. The Company has

Handwritten signature in blue ink.

already made a provision of Rs 100 crores against its project development inventory based on internal estimates of the realisable value which has been adjusted against its carrying value. The management is confident that there will be no further provision required towards impairment. The subsidiary's RERA registration got cancelled and it was unable to settle the One Time Settlement direction from lenders for settlement of term loan. However, the subsidiary company made a part payment of the amount mentioned in the One Time Settlement in June 2019. The subsidiary company is in negotiation with the lenders to restore its credit facility and for the financial support for completion of the project. The company is also exploring possibilities of restructuring for which it is in discussion with the lender. The statutory auditor has also made an Emphasis of Matter on the realisability of its inventory amounting to Rs 822 crore.

- e) During the Quarter ended June 30, 2022 two lenders have levied penal interest and charges of Rs 20.77 Crores. Total amount of penal interest and charges amounts to Rs. 345.41 Crores up to June 30, 2022. The management is disputing the same and has not accepted the debit of excess penal interest and charges in its books. They have also requested the lenders to reverse the same in the resolution plan which is approved by seven lenders, this amount is likely to be reversed and the resolution plan does not consider the Company liability to pay this.
5. The auditors of one subsidiary Ansaldo Caldaie Boilers India Limited (ACBI) of the Company have qualified their audit report which is being replicated by the Group auditor as follows:
- a) The Company has received Share Application Money of Rs.16.64 Crores from M/s. Ansaldo Caldaie S.P.A for further allotment of shares which were to be issued on terms and conditions decided by the Board. However, the Company has neither made the allotment of shares nor refunded the money as per the regulations and provisions of The Companies Act, 2013 and Reserve Bank of India. The RBI vide its letter dated August 16, 2018 has asked the Company to refund the money. The Company has replied to RBI asking them to reconsider their directive due to various operational issues. RBI has not responded on the matter till date. The Company has not given any effects to the RBI directive and has disclosed the same as Current Liabilities.

6. **(a) Material Uncertainty Relating to Going Concern – Holding Company**

The Company's operations have been affected in the last few years by various factors including liquidity crunch, unavailability of resources on timely basis, delays in execution of projects, delays in land acquisition, operational issues etc. The Company's overseas operations are characterized due to weak order booking, paucity of working capital and uncertain business environment. Also the Company's current liabilities exceed the current assets by Rs. 8871.17 Crore as at March 31, 2022. Which has only increased further in this quarter. The facilities of the Company with the Secured lenders are presently marked as NPA since June 2017. The liquidity crunch

has resulted in several winding up petitions being filed against the Company by various stakeholders for recovery of the debts which the Company has been settling as per the mutually agreed repayment terms. The liquidity crunch is affecting the Company's operation with increasing severity. The Secured lenders have recalled the various facilities, initiated recovery suits in the Debt Recovery Tribunals as well as filing a winding up petition with the National Company Law Tribunal, Mumbai bench under the Insolvency and Bankruptcy code

The Company has been making every effort in settling the outstanding Lenders dues.

Pursuant to the execution of the ICA the lenders appointed M/s Deloitte Touche Tohmatsu India LLP as Process Advisory (PA) in the resolution process of the Company. Subsequent to the abovementioned appointment the representatives of Deloitte attended one of the Joint Lenders Meeting held on 13th January, 2020, wherein the plans regarding the way forward on the resolution process were presented. Subsequently on the recommendation by Deloitte the Company signed an engagement letter with Duff and Phelps (D&P) to carry out the valuation of the Company and estimation on the recoverability of arbitration claims of the Company and on such terms and conditions as directed by IDBI Bank.

In furtherance to the execution of the ICA, the Company submitted a draft resolution plan to the consortium of lenders. Pursuant to the submission of the resolution plan, Seven lenders including the lead monitoring institution provided their in-principle sanction to the company and the company is pursuing for the approval with other lenders as well.

Due to delay in approval of resolution plan by other Bankers the fund through which Everstone (Investor) was intended to invest was closed. However, Everstone has shown a keen desire to invest with next available fund.

Due to time constraint, Gammon has proposed an alternate investor with the same terms and conditions for the revival of the Company which is accepted by the Bankers. The lenders discussed the above matter at the Joint Lenders meeting dated 5th March 2022 and while accepting the offer were willing to take up with their higher management for resolution plan of the Company.

The Company is awaiting the sanction of the lenders. The resolution process is in the advanced stage and the management is hopeful that the sanctions will be received soon.

Meanwhile the company has received a notice from Union Bank of India and Punjab National Bank under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act 2002, (SARFAESI) taking over the possession of the Gammon House property including the land appurtenant to it, the company has been restrained from parting with the rights over the said property. The total demand raised by this notice is Rs. 1136.71 Cr. Pursuant to SARFAESI Union Bank of India has also issued e-auction notice on July 11, 2022.

Ono

The management is hopeful of obtaining approval of all the lenders to the above plan and execute documents accordingly and maintain its going concern status and to that effect is continuously engaged with the lenders for a solution.

Therefore, in the view of the management the going concern assumption of GIL is intact and these financials are prepared on a going concern basis. The above action plan of the Company for repaying the debts and servicing the same including the necessary value of the balance stake being available and realisation of the claim amounts filed by the Company, monetisation of the stake sale of investments and also the acceptance of the resolution proposal by the lenders is exposed to material uncertainties which may affect the going concern assumption.

(b) Material Uncertainty Relating to Going Concern – Subsidiary Companies

Deepmala Infrastructure Private Limited

Financial statement of the Company are prepared on Going Concern basis, but considering the fact that the company has accumulated losses, negative net worth, cancellation of registration of RERA, pending litigation at NCLT and statutory non-compliance and being unable to settle the One Time Settlement direction from Axis Bank for settlement of Term Loan, This situation indicates the existence of material uncertainty that may cast significant doubt about the Company's ability to continue as going concern. However, according to the management, the company has a concrete plan to settle the Term Loan of Axis Bank. Company will also have a plan to bring investor to infuse working capital to re-start operation of the company and complete the project within a period of four to five years. The above action plan of the company will result into settlement of company's obligations. Therefore, in view of the management, the Going Concern assumption of the company is intact and this financials are prepared on Going Concern basis.

Ansaldo Caldaie Boilers India Limited

The Company is facing financial difficulties and material uncertainties relating to Operations and cash flows which is significantly impairing its ability to continue as a going concern. These conditions indicate the existence of significant uncertainty over the cash flows expected and the Company's ability to continue as a going concern.

GHBV, GIBV, PVAN, ATSLBV, GIFZE, GHM

The Company has underlying investment in Sofinter group and also land available in Francotossi Mechanica S.p.A.. As per the valuation reports for each companies the investment value is sufficient to cover the exposure in the respective SPV companies. The Company is also reviewing the resolution plan to cover the shortfall in Current Assets over Current Liabilities of these subsidiaries.

7. The Company in evaluating its jobs has considered an amount of Rs. 7.56 Crore relating to the likelihood of the claim materializing in favour of the Company, arising out of claims for work done, cost overruns arising due to client delays, changes of scope, escalation claims, variation orders, deviation in design and other charges recoverable from the client which are pending acceptance or certification by the client

or referred the matter to the dispute resolution board / arbitration panel.

In furtherance to the recommendation of the Dispute Resolution Board (DRB) and Arbitration Awards in the Company's favour, the Company has recognized income to the extent of Rs. 146.64 Crore, which is part of Long Term Trade Receivable. The Company contends that such awards have reached finality for the determination of the amounts of such claims and are reasonably confident of recovery of such claims although the client has moved the court to set aside the awards. Considering the fact that the Company has received favorable awards from the DRB and the Arbitration Tribunal, the management is reasonably certain that the claims will get favorable verdict from the courts.

8. The Company has receivable including retention and work in progress aggregating to Rs. 44.51 Crore (inventory - Rs. 21.19 crores and receivables Rs. 23.32 crores) in various jobs relating to the Real Estate Projects due to the problems faced by the Real Estate Sector. The management is confident of ultimate recovery considering its contractual position and therefore no adjustments are required to be made in respect of such contracts.
9. Deepmala Infrastructure Private Limits ("Subsidiary Company), which is in the business of developing a mixed use real estate project in Bhopal, has been under stress due to various reasons and the sole lender of the Subsidiary Company is seeking resolution of their outstanding dues for the asset. The Subsidiary Company has been seeking and inviting proposals from various parties to take over the project on a Change in Management process framework of Reserve Bank of India.

The company has received a Binding Expression of Interest from one of the prospective investors for acquisition of a majority stake in the Company. The lenders of the Company have accepted the same subject to the Axis bank undertaking a bidding process seeking a resolution plan or bid proposals from eligible bidders following the broad contours of the "Swiss Challenge" process and the proposal of the Investor has been considered as an Anchor/Base Plan. The Lenders of Gammon have also in principle indicated their ability to release pledge to enable transfer the interest of 51% stake in the Company pursuant to completion of conditions precedent which inter alia includes release of Corporate Guarantee issued by Gammon India Limited in favour of another Subsidiary.

It is expected that transaction would be completed in the financial year 2022-23 once all approvals are in place. Hence no financial impact in this results has been taken.

10. The Company's funded and non-funded exposure towards Franco Tosi Mecannica S.p.A (FTM) group is Rs.773.03 crores (fully provided) including Investments and guarantees towards the acquisition loan taken by the SPV. The commissioner in charge of the Extraordinary Administration of Franco Tosi Meccanica S.p.A. had already concluded the sale of the operating business of FTM to the successful bidder and has commenced the disposal of the non-core assets (i.e. those assets which were not part of the sale of operating business), which includes 60 acres of land in Legnano, Italy. The commissioner has not started the actual disposal of the property. However

BY

NAYAN PARIKH & CO
MUMBAI

the liabilities to be discharged against the surplus on disposal (net of tax) are not yet crystallised and firmed up as on date. The Commissioner of the said FTM has released summarized statement of affairs from July 2016 to December 2016 from which also the values of assets and liabilities to be discharged there against are unclear.

The management was expecting that the value of the non core assets would be sufficient to cover the exposure of the company. However there has been no progress in the matter either for the disposal of the non core assets or ascertainment of the value of the non core assets by the commissioner in charge of the Extraordinary Administration of Franco Tosi Meccanica S.p.A. Considering the elapse of time and uncertainties relating to the value of the non core assets and its disposal, the management on a prudent basis has provided for the entire exposure, notwithstanding its ongoing endeavor to recover the value of the non core assets.

On account of the above facts and the absence of financial statements of the said FTM, FTM functions under severe long term restrictions which impair its ability to transfer funds to its parent. Further the parent does not have any control whatsoever as the entire control lies with the commissioner and the parent does not have access to information also. The Management of the Company and the Board of FTM have no say in the matter and has no access to records which are with the Commissioner. Therefore, in accordance with INDAS 110 – Consolidated Financial Statements, in the absence of control, the said FTM is excluded from Consolidation.

The said Subsidiary has therefore been accounted as Financial Instrument accounted on Fair Value through Other Comprehensive Income. Since no information is available from the commissioner, the fair value changes cannot be identified and the investment is carried without further fair value changes. However, the entire exposure has been provided.

11. On account of the company being marked as non-performing assets by the lenders no interest has been debited by majority of the lenders. The company has made provision for interest on the basis of the last sanction and last revision of terms. Therefore, the loan balances and finance cost are subject to confirmation and consequent reconciliation, if any.
12. The Group is engaged in "Construction and Engineering" and "Real Estate Development" segment. Disclosure of segments is given in Annexure 1.

13. Corresponding figures of the previous period have been regrouped / rearranged/ restated, wherever necessary.
