   The auditors have qualified their conclusion in the limited review report as follows.

   "We invite attention to note no 4, detailing the recognition of claims in respect of on-going, completed and/or terminated contracts. The aggregate amount of claims outstanding as at June 30, 2018 is Rs. 912.36 crores. unable to state whether any provisions would be required against the Company's exposure (refer Note 5)."

6. The accounts of a subsidiary M/s Campo Puma Oriente S.A. have not been audited since December 2012, due to certain disputes with the partner in the project. Furthermore, IDBI Bank Dubai, invoked the Stand by letter of credit provided by IDBI Mumbai in the month of October 2016. The exposure of the Company in the said subsidiary is Rs. 215.78 crores (net of provisions of Rs. 230 crores made). The company had received a valuation report for $ 60 Million approximately from an independent merchant banker for its share more than 3 years ago, which the management believes is still valid. Furthermore, the company is in the process of enhancing its output of oil field from the current level, which is expected to further improve the value. The disputes between the partners are expected to be resolved within a short time after which the financial statements will be signed and released. The Company has already made a provision of Rs 230 crores against its exposure based on internal estimates of the realisable value.

   The auditors have qualified their conclusion in the limited review report as follows

   "We invite attention to note no 6 relating to the Company's Exposure to Campo Puma Oriente S.A. of Rs. 215.78 crores net of impairment provision. In the light of the on-going dispute with the partners resulting in the financial statements not being finalised, in view of the impairment testing of the said exposure not being carried out by Gammon India Limited, the available independent valuations are more than 3 years old and the internal estimates of realisability not being backed by independent valuation, we are unable to state whether any further impairment would be required."

7. The Company's exposure to one of the subsidiary company developing a real estate project in Bhopal is Rs 258.58 crores (net of provisions). Due to slow down in the real estate market the subsidiary company is facing problems in its development and sale. The Company has already made a provision of Rs 100 crores against its exposure based on internal estimates of the realisable value.

   The auditors have qualified their conclusion in the limited review report as follows

   "We invite attention to note no 7 relating to the exposure of the Company to a subsidiary engaged in real estate development in Bhopal. During the previous year on prudent basis the company has made a provision of Rs. 100 crores against the exposure of Rs. 358.58 crores. The Subsidiary's financials are also not available for our review. Hence in the absence of any indicators of value arising out of the project and its financial stability we are unable to state whether any further provision is required against the exposure."

8. During the period one of the lenders has levied penal interest and charges as reversal of benefit of CDR of Rs 85.43 crores. The management is disputing the same and has not accepted the debit of interest in its books. They have also requested the lenders to reverse the charges.

   The auditors have qualified their conclusion in the limited review report as follows

   "We draw attention to Note 8 relating to penal interest of Rs 85.43 crores (during the quarter) charged by one of the lenders on its facilities. The same has not been debited to profit and loss account as management is disputing the same and in

discussion with the lenders for reversal of the said penal interest. In the absence of conclusion of the aforesaid discussion, we are unable to state whether any provision is required to be made against such penal interest."

9. The Company in evaluating its jobs has considered an amount of Rs. 7.56 Crore relating to the likelihood of the claim materializing in favour of the Company, arising out of claims for work done, cost overruns arising due to client delays, changes of scope, escalation claims, variation orders, deviation in design and other charges recoverable from the client which are pending acceptance or certification by the client or referred the matter to the dispute resolution board / arbitration panel.

   In furtherance to the recommendation of the Dispute Resolution Board (DRB) and Arbitration Awards in the Company's favour, the Company has recognized income to the extent of Rs.114.16 Crore, which is part of Long Term Trade Receivable. The Company contends that such awards have reached finality for the determination of the amounts of such claims and are reasonably confident of recovery of such claims although the client has moved the court to set aside the awards. Considering the fact that the Company has received favorable awards from the DRB and the Arbitration Tribunal, the management is reasonably certain that the claims will get favorable verdict from the courts.

10. The Company has receivable including retention and work in progress aggregating to Rs. 54.80 Crore (inventory - Rs. 24.38 crores and receivables Rs. 30.42 crores) in various jobs relating to the Real Estate Projects due to the problems faced by the Real Estate Sector. The management is confident of ultimate recovery considering its contractual position and therefore no adjustments are required to be made in respect of such contracts.

11. Material Uncertainty Relating to Going Concern
    The Company's operations have been affected in the last few years by various factors including liquidity crunch, unavailability of resources on timely basis, delays in execution of projects, delays in land acquisition, operational issues etc. The Company's overseas operations are characterized due to weak order booking, paucity of working capital and uncertain business environment. As on June 30, 2018 the Company's current liabilities exceed the current assets by Rs. 6,058.53 crores. The facilities of the Company with the CDR lenders are presently marked as NPA since June 2017. The liquidity crunch has resulted in several winding up petitions being filed against the Company by various stakeholders for recovery of the debts which the Company has been settling as per the mutually agreed repayment terms. The CDR lenders have recalled the various facilities, initiated recovery suits in the Debt Recovery Tribunals as well as filing a winding up petition with the National Company Law Tribunal, Mumbai bench under the Insolvency and Bankruptcy code.

    ICICI bank has invoked pledge of shares of Gammon Infrastructure Projects Limited which were pledged as security (for the loan taken by the Company)by one of the Company's wholly owned subsidiary towards recovery of its dues to the Company.

    The CDR lenders also invoked pledge of Company's holdings of 20.04% in Gammon Engineers and Contractors Private Limited and 20.20% holding in Transrail Lighting Limited for recovery of its dues apart from invoking the personal guarantee of the promoter Mr. Abhijit Rajan and the Corporate Guarantee given by a "promoter Group Company".

The Company has been making every effort in settling the outstanding CDR dues.

The demerger of the transmission and distribution business and part of the Civil EPC business in the previous years has resulted in the reduction of CDR lenders exposure by Rs. 10,362 crores including funded and non-funded exposures. After the carve out of businesses the total exposure of the lenders in the Company is RS. 4263 crores (Fund based-Rs. 3872 crores (excluding interest) and Non-Fund Based - Rs. 391 crores).

The Company's subsidiary has sold 33,40,00,200 equity shares of Gammon Infrastructure Projects Limited and repaid Bank loan of Rs.94.99 crores.

The Company has repaid term loan of Canara bank aggregating to Rs. 286 crores (including interest) through monetization of the land owned by one of its subsidiary Metropolitan Infrastructure Private Limited.

During the year under review as part of its plan of revival under the CDR/SDR mechanism, the Company also undertook the demerger of residual EPC Business through a combination of slump sale and slump exchange to its wholly owned subsidiary Gammon Transmission Limited and also approved the investment by a strategic Investor in GTL with a change of management which is pending approval of lenders, shareholders and the regulatory authorities. It is proposed that a debt of Rs. 70 crore fund based and Rs. 52 crores non fund based will be transferred as part of the residual EPC undertaking.

The Company has received a proposal from an Investor who has evinced interest in acquiring major stake in the Company and the draft proposal from the Investor also includes a debt resolution plan. The broad terms of the proposal are;
(I) The Investor upon satisfactory completion of the due diligence and conditions precedent (as may be specified in the Definitive Agreements), will invest INR 50 crore as primary investment into Gammon for a minimum of 60% stake and management control.
(II) Gammon India would be revived as a construction company primarily in the EPC business.
(III) The claims from various EPC projects are around INR 3,600 crore and will continue to remain in the Company.
(IV) The Total Debt to be assumed= INR 500 crore The assumed debt would be restructured with a new maturity and repayment profile having an IRR of 8%. To facilitate this restructuring and retire this restructured debt, the investor proposes that the following package of assets would be collateralized to the lenders:
Gammon House:
Gammon House asset will be developed and sold by entering into a development agreement with leading developers. As per the estimates provided by the developer funds to the tune of Rs 630 Crores are estimated to be available for the lenders.
The aforementioned proposal is subject to further negotiations between the Company, its lenders and the Investor.
The company is also actively exploring various options for monetisation of various assets to repay the debt. The management is however hopeful of being successful in accomplishing its objective and servicing the debt and maintain its going concern status. Therefore in the view of the management the going concern assumption of GIL is intact and these financials are prepared on a going concern basis. The above action plan of the Company for repaying the debts and servicing the same is exposed to material uncertainties including the necessary value of the balance stake being available and realisation of the claim amounts filed by the Company, monetisation of

the stake sale of Campo Puma and other investments and also the acceptance of the Investors proposal by the lenders.

12. The Company's funded and non-funded exposure towards Franco Tosi Mecannica S.p.A (FTM) group is Rs. 929.06 crores (net of provisions made upto 227.45 crores March 31, 2018) as at June 30, 2018 including Investments and guarantees towards the acquisition loan taken by the SPV. The commissioner in charge of the Extraordinary Administration of Franco Tosi Meccanica S.p.A. had already concluded the sale of the operating business of FTM to the successful bidder and has commenced the disposal of the non-core assets (i.e. those assets which were not part of the sale of operating business), which includes 60 acres of land in Legnano, Italy. The commissioner has not started the actual disposal of the property. However the liabilities to be discharged against the surplus on disposal (net of tax) are not yet crystallised and firmed up as on date. The Commissioner of the said FTM has released summarized statement of affairs from July 2016 to December 2016 from which also the values of assets and liabilities to be discharged there against are unclear.

    The management was expecting that the value of the non core assets would be sufficient to cover the exposure of the company. However there has been no progress in the matter either for the disposal of the non core assets or ascertainment of the value of the non core assets by the commissioner in charge of the Extraordinary Administration of Franco Tosi Meccanica S.p.A. Considering the elapse of time and uncertainties relating to the value of the non core assets and its disposal, the management on a prudent basis has provided for the entire exposure of Rs. 929.06 Crore and has debited the same as exceptional item in the statement of profit and loss notwithstanding its ongoing endeavor to recover the value of the non core assets.

13. The Company is engaged mainly in "Construction and Engineering" segment. The Company also has "Real Estate Development" as other segments. Revenue from such activities is not significant and accounts for less than 10% of the total revenue and total assets of the Company. Therefore no disclosure of separate segment reporting as required in terms of Indian Accounting Standard INDAS -108 is done in respect of this segment.

14. The exposure of the Company in Sofinter S.p.A through two subsidiaries is Rs. 1165.01 crores of which Gammon International BV is Rs. 845.11. Crores and Gammon Holding Mauritius Limited is Rs. 319.91 Crores. Based on the valuation carried out by an independent valuer in March 2018, there is a diminution in the equity value of Sofinter group as compared to the total exposure of the Company. The management is of the view that this diminution in the equity value of Sofinter group is of temporary in nature considering the Sofinter Group's strong order book position. Considering the combined exposure in GIBV & GHML the reduction in Equity value as per the recent valuation report in March 2018 is Rs. 125 Crores. However on the prudent basis Company has provided Rs. 350 crores in previous year against its exposure to GIBV. The management believes that the valuation still holds good.

15. On account of the company being marked as non performing assets by the lenders no interest has been debited by majority of the lenders. The company has made provision for interest on the basis of the last sanction and last revision of terms. Therefore the loan balances and finance cost are subject to confirmation and consequent reconciliation, if any.

We have not performed an audit and, accordingly, we do not express an audit opinion.

3. **Basis of Qualified Conclusion**

   a. We invite attention to note no 4,detailing the recognition of claims in respect of on-going, completed and/or terminated contracts. The aggregateamount of claims outstanding as at June 30, 2018 is Rs. 912.36 crores. c. We invite attention to note no 6,relating to the Company's Exposure to Campo Puma Oriente S.A. of Rs. 215.78 crores net of impairment provision. In the light of the on-going dispute with the partners resulting in the financial statements not being finalised, in view of the impairment testing of the said exposure not being carried out by Gammon India Limited, the available independent valuations are more than 3years old and the internal estimates of realisability not being backed by independent valuation, we are unable to state whether any further impairment would be required.
