PART II

SLUMP EXCHANGE OF T&D UNDERTAKING INTO TLL

4. SLUMP EXCHANGE

4.1 Upon the Scheme becoming effective entire T&D Undertaking shall be transferred to and vested in TLL as a going concern from the Appointed Date, as detailed in Clause 4.2 below, against issue of shares specified in Clause 5 hereinafter.

4.2 TRANSFER AND VESTING OF T&D UNDERTAKING

Upon the Scheme becoming effective, with effect from the Appointed Date, the T&D Undertaking shall, in accordance with Sections 391 to 394 read with sections 100 to 103 of the Act and all other applicable laws, if any, stand transferred to and vested in or be deemed to be transferred to and vested in TLL on a going concern basis and in the following manner:

- 4.2.1 all the assets of T&D Undertaking, except for the portions specified in Clauses 4.2.2 and 4.2.3 below, of whatsoever nature and where so ever situated and incapable of passing by manual delivery and/or endorsement or otherwise, shall, under the applicable provisions of Sections 391 and 394 read with sections 100 to 103 and all other provisions, if any, of the Act, without any further act or deed be transferred to and vested in and/or deemed to be transferred to and vested in TLL.
- 4.2.2 all the moveable assets including cash in hand, if any, of T&D Undertaking, capable of passing by manual delivery or by endorsement and delivery shall be so delivered or endorsed as the case may be to TLL. On such delivery or endorsement and delivery, the same shall become the property of TLL to the end and intent that the ownership and property therein passes to TLL on such handing over in pursuance of the provisions of Section 394 of the Act.

4.2.3 in respect of the moveable properties of T&D Undertaking other than specified in Clause 4.2.2 above and any intangible assets, including sundry debtors, loans receivable, advances, if any, recoverable in cash or kind or for value to be received, bank balances and deposits, if any, with the government, semi-government, local and other authorities and bodies, companies, firm, individuals, trusts, etc., TLL may itself or require GIL and GIL shall upon such requisition from TLL, at any time after coming into effect of this Scheme in accordance with the provisions hereof, if so required under any law or otherwise, give notices in such form as it may deem fit and proper, to each person, debtors or depositors, as the case may be, that pursuant to the High Court having sanctioned the Scheme, the said debt, loan receivable, advance or deposit be paid or made good or held on account of TLL as the person entitled thereto to the end and intent that the right of GIL to recover or realize all such debts (including the debts payable by such persons or depositors to GIL) stands transferred to and vested in TLL and that appropriate entries should be passed in their respective books to record the aforesaid change.

4.2.4 all debts, liabilities, duties, obligations of every kind, nature and description including all excise duty, custom duty, sales tax, value added tax, service tax and other government and semi government liabilities of T&D Undertaking shall also, under the provisions of Sections 391 and 394 read with sections 100 to 103 of the Act without any further act or deed be transferred to and assumed by or deemed to be transferred to and assumed by TLL so as to become as from the Appointed Date the debts, liabilities, duties, obligations of TLL. It is hereby confirmed that the debts, liabilities and obligations of GIL pertaining to the BTA Undertaking, have been transferred to TLL pursuant to the BTA.

4.2.5 The transfer and vesting of the T&D Undertaking as aforesaid of GIL, shall be subject to the existing securities, charges and mortgages, if any, subsisting over or in respect of the property and assets or any part thereof.

Provided that in so far as the assets comprised in the T&D Undertaking are concerned, the security and charge over such assets relating to any loans or liabilities pertaining to the Remaining Undertaking of GIL shall, without any further act or deed, be released from such encumbrance and shall no longer be available as security in relation to such loans or liabilities.

Provided further that in so far as the assets comprised in the Remaining Undertaking of GIL are concerned, the security over such assets relating to the loans, borrowings, debts and financial assistance pertaining to the T&D Undertaking shall, without further act, instrument or deed, along with any guarantees, indemnities, or undertakings provided by GIL in relation to the T&D Undertaking, be released and discharged from the obligations and security relating to the same. With effect from the Appointed Date and upon the Scheme becoming effective, TLL undertakes to meet, discharge and satisfy the loans, borrowings, debts and financial assistance pertaining to the T&D Undertaking.

4.2.6 Without prejudice to the generality of the forgoing, it is clarified that upon the coming into effect of this Scheme, all permits, authorizations, licenses, consents, registrations, approvals, municipal permissions, industrial licenses, registrations, privileges, easements and advantages, facilities, rights, powers and interest (whether vested or contingent), of every kind and description of whatsoever nature in relation to the T&D Undertaking, to which GIL is a party to or to the benefit of which GIL may be eligible and which are subsisting or having effect immediately before the Appointed Date shall stand transferred to and vested in or shall be

deemed to be transferred to and vested in TLL as if the same were originally given or issued to or executed in favour of TLL, and the rights and benefits under the same shall be available to TLL. Further, GIL shall execute such further deeds or documents, as may be required to give effect to this Clause.

- 4.2.7 the work experience, qualifications, capabilities, logistics, turnover record and track record with National & International Companies, Central and State Government / Non-Government agencies / bodies, contracts with clients and with vendors (including technical parameters, past performance, track record, financials, etc.) of the Transferor Company acquired by reason of completion of various projects and works pertaining to the T&D Undertaking and certificates of completion of projects and works pertaining to T&D Undertaking issued by clients of the Transferor Company shall be deemed to be part of and belonging to TLL and shall for all purposes be regarded as the work experience, qualifications, capabilities, logistics, turnover record and track record (including technical parameters, past performance, track record, financials, etc.) and certificates of completion of TLL. It is hereby clarified that the work experience, qualifications, turnover record, track record etc. of GIL as stated above, shall include the work experience, qualifications, turnover record, track record etc. relating to ATSL transferred to, received by and merged with the T&D Undertaking of GIL at the time of merger of ATSL and shall stand transferred to and received by TLL.
- 4.2.8 All cheques and other negotiable instruments, payment order, electronic fund transfers (like NEFT, RTGS, etc.) received or presented for encashment which are in the name of GIL (in relation to T&D Undertaking) after the Effective Date shall be accepted by the banker(s) of TLL and credited to the account of TLL, if presented by TLL or received through electronic transfers. Similarly, the banker(s) of TLL shall honour all cheques / electronic fund transfer instructions issued by GIL (in relation to T&D Undertaking) for payment after the Effective Date. If required, the bankers of GIL and GIL shall allow maintaining and operating of the bank accounts (including banking transactions carried out electronically) in the name of GIL by TLL in relation to the T&D Undertaking for such time as may be determined to be necessary by TLL for presentation and deposition of cheques, pay order and electronic transfers that have been issued/made in the name of TLL.
- 4.2.9 Upon the Scheme becoming effective, GIL and TLL are expressly permitted to revise their respective financial statements and returns along with prescribed forms, filings and annexures under the Income Tax Act, 1961, central sales tax, applicable state value added tax, service tax laws, excise duty laws and other tax laws, and to claim refunds and/or credit for taxes paid (including, tax deducted at source, wealth tax, etc.) and for matters incidental thereto, if required, to give effect to the provisions of the Scheme.
- 4.2.10 Any tax liabilities under the service tax laws, excise duty laws, central sales tax, applicable state value added tax laws or other applicable laws/regulations dealing with taxes/duties/levies of T&D Undertaking whether or not provided for or covered by tax provision in the accounts made as on the date immediately preceding the Appointed Date or not shall be transferred to TLL.
- 4.2.11 Any refund / credit, under the service tax laws, excise duty laws, central sales tax, applicable state value added tax laws or other applicable laws/regulations in relation to the T&D Undertaking arising consequent to the assessment made on GIL whether recorded in the accounts as on the date immediately preceding the Appointed Date or not shall belong to by TLL upon this Scheme becoming effective.

4.2.12 Without prejudice to the generality of the above, all benefits, incentives, losses, credits (including, without limitation service tax, excise duty, central sales tax, applicable state value added tax etc.) to which T&D Undertaking is entitled to in terms of applicable laws, shall be available to and vest in TLL, upon this Scheme coming into effect.

PART III
REDUCTION OF EXISTING SHARE CAPITAL OF TLL

7. REDUCTION OF EXISTING SHARE CAPITAL OF TLL

- 7.1 Upon the Scheme becoming effective, the the existing issued, paid-up and subscribed share capital of TLL of INR 31,00,00,000 (Rupees Thirty One Crores only) comprising of 3,10,00,000 equity shares of INR 10 each shall be reduced to INR 20,00,000 (Rupees Twenty Lacs only) comprising of 2,00,000 equity shares of INR 10 each/-. The reduced amount of INR 30,80,00,000 (Rupees Thirty Crores Eighty Lacs only), shall be utilized for adjusting the debit balance in the profit and loss account of TLL and excess, if any, shall be credited to the capital reserve account in TLL.
- 7.2 The cancellation of the existing 3,08,00,000 equity shares of INR 10/- each amounting to INR 30,80,00,000 (Rupees Thirty crores eighty lacs only) of TLL as mentioned in Clause 7.1 above shall be effected as an integral part of the Scheme without having to follow the process under Sections 100 to 103 of the Act separately and the Order of the High Court sanctioning the Scheme shall be deemed to be also the Order under Section 102 of the Act for the purpose of confirming the reduction. The reduction would not involve either a diminution of liability in respect of unpaid share capital or payment of paid-up share capital and hence the provisions of Section 101 of the Act will not be applicable. Further, TLL shall not be required to add the words "and reduced" as a suffix to its name consequent upon such reduction.

PART IV
GENERAL TERMS AND CONDITIONS

8. TRANSACTIONS UPTO THE EFFECTIVE DATE

- 8.1 With effect from the Appointed Date and up to and including the Effective Date:
- (a) The Transferor Company shall carry on and be deemed to have carried on the business and activities in relation to the T&D Undertaking and shall stand possessed of their properties and assets relating to the T&D Undertaking for and in trust for the Transferee Company and all the profits / losses accruing on account of the T&D Undertaking shall for all purposes be treated as profits / losses of the respective Transferee Company.
 - (b) All the debts, liabilities, duties, obligations, taxes etc. as aforesaid of the T&D Undertaking incurred/contracted during the period commencing from the Appointed Date till the Effective Date shall be deemed to have been incurred/contracted by the Transferee Company and shall be deemed to be the debts, liabilities and obligations of the Transferee Company and further that it shall not be necessary to obtain consent of any person in order to give effect to the provisions of this clause.
 - (c) The Transferor Company shall not without the prior written consent of the Board of Directors of the Transferee Company or pursuant to any pre-existing obligation, sell, transfer or otherwise alienate, charge, mortgage or encumber or otherwise deal with or dispose of the undertaking relating to the T&D Undertaking or any part thereof except in the ordinary course of its business.

- (d) The Transferor Company shall not vary the terms and conditions of service of its permanent employees relating to the T&D Undertaking except in the ordinary course of its business.
 - (e) The Transferee Company shall be entitled, pending sanction of the Scheme, to apply to the Central Government, State Government, Union Territories and all other concerned agencies, departments and authorities (statutory or otherwise) as are necessary under any law for such consents, approvals and sanctions, which they may require to carry on the business of the T&D Undertaking. Further, the Transferor Company shall extend all assistance to the Transferee Company, if requested by any of the Transferee Company, in obtaining the said consents, approvals and sanctions.
 - (f) Any payments made or benefits received by GIL in respect of the T&D Undertaking shall be deemed to have been made or received, as the case may be, for and on behalf of TLL and GIL shall be entitled to recover such expenses from TLL and be obligated to pass on the benefits to TLL. Similarly, any payments made or benefits received by TLL in respect of the Remaining Undertaking of GIL shall be deemed to have been made or received, as the case may be, for and on behalf of GIL and TLL shall be entitled to recover such expenses from GIL or obligated to pass on the benefits to GIL.
- 8.2 With effect from the date of approval to the Scheme by Board of Directors of the Transferor Company and the Transferee Company until the Effective Date, the Transferor Company shall preserve and carry on the business and activities of T&D Undertaking with reasonable diligence and business prudence and the Transferor Company shall not, without the prior consultation with the Transferee Company, alienate, charge or otherwise deal with or dispose of the T&D Undertaking or any part thereof or recruit any new employee (in each case except in the ordinary course of business) or employees; further, the Transferor Company shall not engage in any corporate restructuring exercise including any merger and/or demerger or substantial expansion of the T&D Undertaking without prior written consent of the Transferee Company.

9. EMPLOYEES

- 9.1 On the Scheme becoming effective, all employees of the T&D Undertaking in service on the Effective Date, shall be deemed to have become employees of the Transferee Company with effect from the Appointed Date or their respective joining date, whichever is later, without any break in their service and on the basis of continuity of service, and the terms and conditions of their employment with the Transferee Company shall not be less favorable than those applicable to them with reference to the T&D Undertaking on the Effective Date. Any question that may arise as to whether any employee belongs to or does not belong to the T&D Undertaking shall be decided by Board of Directors of Transferor Company.
- 9.2 It is expressly provided that, on the Scheme becoming effective, the provident fund, gratuity fund, superannuation fund or any other special fund or trusts created or existing for the benefit of the employees of the T&D Undertaking shall be deemed to have been created by the respective Transferee Company in place of Transferor Company for all purposes whatsoever in relation to the administration or operation of such fund or funds or in relation to the obligation to make contributions to the said fund or funds in accordance with the provisions thereof as per the terms provided in the respective trust deeds, if any, to the end and intent that all rights, duties, powers and obligations of Transferor Company in relation to such fund or funds shall become those of the Transferee Company. It is

clarified that the services of the employees of the T&D Undertaking will be treated as having been continuous and not interrupted for the purpose of the said fund or funds.

10. LEGAL PROCEEDINGS

- 10.1 All legal proceedings of whatsoever nature by or against Transferor Company pending and/or arising before the Effective Date and relating to the T&D Undertaking, shall not abate or be discontinued or be in any way prejudicially affected by reason of the Scheme or by anything contained in this Scheme but shall be continued and enforced by or against the Transferee Company, as the case may be in the same manner and to the same extent as would or might have been continued and enforced by or against Transferor Company.
- 10.2 After the Appointed Date, if any proceedings are taken against Transferor Company in respect of the matters referred to in the sub-clause 10.1 above, Transferor Company shall defend the same in accordance with advise and instructions of the Transferee Company at the cost of the Transferee Company, and the respective Transferee Company shall reimburse and indemnify Transferor Company against all liabilities and obligations incurred by Transferor Company in respect thereof.
- 10.3 The Transferee Company undertake to have all respective legal or other proceedings initiated by or against Transferor Company referred to in Clause 10.1 above transferred into its name and to have the same continued, prosecuted and enforced by or against the Transferee Company as the case may be, to the exclusion of Transferor Company and Transferor Company shall extend all assistance in such transfer into the Transferee Company's name, if required by the Transferee Company.

11. CONTRACTS, DEEDS, ETC.

- 11.1 Notwithstanding anything to the contrary contained in any contract, deed, bond, agreement or any other instrument, but subject to the other provisions of this Scheme, all contracts, deeds, bonds, agreements and other instruments, if any, of whatsoever nature and subsisting or having effect on the Effective Date and relating to the T&D Undertaking of the Transferor Company to which Transferor Company is a party or to the benefit of which Transferor Company may be eligible, shall continue in full force and effect against or in favour of the Transferee Company, and may be enforced effectively by or against the Transferee Company as fully and effectually as if, instead of Transferor Company, the Transferee Company had been a party thereto from inception.
- 11.2 The Transferee Company may, at any time after the coming into effect of this Scheme in accordance with the provisions hereof, if so required, under any law or otherwise, enter into, or issue or execute deeds, writings, confirmations, novations, declarations, or other documents with, or in favour of any party to any contract or arrangement to which Transferor Company is a party or any writings as may be necessary to be executed in order to give formal effect to the above provisions. The Transferee Company shall be deemed to be authorised to execute any such writings on behalf of Transferor Company and to carry out or perform all such formalities or compliances required for the purposes referred to above on the part of Transferor Company.
- 11.3 It is hereby clarified that (i) if any contract, deeds, bonds, agreements, schemes, arrangements or other instruments of whatsoever nature in relation to the T&D Undertaking to which Transferor Company is a party to, cannot be transferred to the Transferee Company for any reason whatsoever, Transferor Company shall hold such contract, deeds, bonds, agreements, schemes, arrangements or other instruments of

whatsoever nature in trust for the benefit of the Transferee Company; and (ii) if any contract, deeds, bonds, agreements, schemes, arrangements or other instruments of whatsoever nature relate to the T&D Undertaking as well as Transferor Company (pursuant to the transfer of the T&D Undertaking), Transferor Company and the Transferee Company shall both be entitled to all rights and benefits and be liable for all obligations under the said arrangements, each to the extent of its respective undertaking only.

12. REMAINING UNDERTAKING

12.1 The Remaining Undertaking and all the assets, properties, rights, liabilities and obligations thereto shall continue to belong to and be vested in and be managed by Transferor Company and the Transferee Company shall have no right, claim or obligation in relation to the Remaining Undertaking. From the Appointed Date, Transferor Company shall carry on the activities and operations of the Remaining Undertaking distinctly and as a separate business from the T&D Undertaking.

12.2 All legal, taxation and other proceedings whether civil or criminal (including before any statutory or quasi-judicial authority or tribunal) by or against Transferor Company under any statute, whether pending on the Appointed Date or which may be instituted at any time thereafter, and in each case pertaining to the Remaining Undertaking shall be continued and enforced by or against Transferor Company after the Effective Date. The Transferee Company shall in no event be responsible or liable in relation to any such legal or other proceeding against Transferor Company.

13. SAVING OF CONCLUDED TRANSACTIONS

The transfer and vesting of the T&D Undertaking as above and the continuance of proceedings by or against Transferor Company in relation to the T&D Undertaking shall not affect any transaction or proceedings already concluded on or after the Appointed Date till the Effective Date in accordance with this Scheme, to the end and intent that the Transferee Company accept and adopt all acts, deeds and things done and executed by Transferor Company in respect thereto as done and executed on their behalf.

14. APPLICATION TO HIGH COURT

The Transferor Company and the Transferee Company shall as may be required make applications and/or petitions under Sections 391 to 394, read with Sections 100 to 103 and other applicable provisions of the of the Act to the High Court for sanction of this Scheme and all matters ancillary or incidental thereto.

15. MODIFICATION OR AMENDMENTS TO THE SCHEME

The Transferor Company and the Transferee Company, by their respective Boards of Directors ('the Board', which term shall include Committee thereof), may assent to/make and/or consent to any modifications/amendments to the Scheme or to any conditions or limitations that the Court and/or any other Authority under law may deem fit to direct or impose, or which may otherwise be considered necessary, desirable or appropriate as a result of subsequent events or otherwise by them (i.e. the Board). The Transferor Company and the Transferee Company by their respective Boards are authorised to take all such steps as may be necessary, desirable or proper to resolve any doubts, difficulties or questions whatsoever for in relation to carrying out the Scheme, whether by reason of any directive or

Orders of any other authorities or otherwise howsoever, arising out of or under or by virtue of the Scheme and/or any matter concerned or connected therewith. However any modification or amendment to the Scheme after the High Court has sanctioned the scheme will require the prior approval of the High Court.

16. CONDITIONALITY OF THE SCHEME

This Scheme is and shall be conditional upon and subject to:

- 16.1 The requisite consent, approval or permission of the Central Government including Stock Exchange and Securities and Exchange Board of India;
- 16.2 The Scheme being approved by the requisite majorities in number and value of such classes of persons including the respective members and/or creditors of the Transferor Company and the Transferee Company as may be directed by the Hon'ble High Court of Judicature at Bombay or any other competent authority, as may be applicable;
- 16.3 The Scheme being sanctioned by the High Court of Judicature at Bombay or any other authority under Sections 391 to 394 read with sections 100 to 103 of the Act;
- 16.4 Certified copy of the Order of the High Court of Judicature at Bombay sanctioning the Scheme being filed with the Registrar of Companies, Maharashtra, at Mumbai by the Transferor Company and the Transferee Company.

17. EFFECT OF NON-RECEIPT OF APPROVALS

- 17.1 In the event of any of the said sanctions and approvals referred to in the preceding clause not being obtained and/or the Scheme not being sanctioned by the High Court or such other competent authority and / or the Order not being passed as aforesaid before March 31, 2017 or within such further period or periods as may be agreed upon between GIL and TLL by their respective Board of Directors or any committee thereof (and which the Board of Directors of the companies are hereby empowered and authorised to agree to and extend the Scheme from time to time without any limitation), this Scheme shall stand revoked, cancelled and be of no effect, save and except in respect of any act or deed done prior thereto as is contemplated hereunder or as to any rights and/ or liabilities which might have arisen or accrued pursuant thereto and which shall be governed and be preserved or worked out as is specifically provided in the Scheme or as may otherwise arise in law.

18. COSTS, CHARGES & EXPENSES

All costs, charges, taxes including duties, levies and all other expenses, if any (save as expressly otherwise agreed) arising out of, or incurred in carrying out and implementing this Scheme and matters incidental thereto, shall be borne by the Transferee Company.

19. REPEALS AND SAVINGS

Any matter filed with Registrar of Companies, Regional Director, Income Tax authority or the Central Government under the Companies Act, 1956, before the notification of the corresponding provisions under the Companies Act, 2013 and not fully addressed at that time shall be concluded by the Registrar of Companies, Regional Director Income Tax

authority or the Central Government, as the case may be, in terms of the Act. Any direction or order given by the Hon'ble High Court under the provisions of the Companies Act, 1956 and any act done by the Company based on such directions or order shall be deemed to be in accordance with and consistent with the provisions of the Companies Act, 2013. Accordingly, the provisions of the Companies Act, 2013, shall not apply to acts done by the Company as per direction or order of the Hon'ble High Court sanctioning the Scheme.

Re: Recommendation of fair equity consideration for the purpose of proposed slump exchange of 'Transmission & Distribution Undertaking' of Gammon India Limited into Transrail Lighting Limited.

Dear Sirs,

As requested by the management of Transrail Lighting Limited (hereinafter referred to as "TLL" or 'Transferor') and Gammon India Limited (hereinafter referred to as "GIL" or 'Transferee') (hereinafter collectively referred to as "Companies"), we have undertaken the valuation exercise of equity shares of TLL and of 'Transmission & Distribution Undertaking' of GIL (hereinafter referred to as the "T&D Undertaking") for recommending the fair equity consideration for the purpose of proposed slump exchange of 'Transmission & Distribution Undertaking' of GIL into TLL.

1. PURPOSE OF VALUATION

- 1.1 We have been informed that the Board of Directors of the Companies are considering a proposal for the slump exchange of the 'T&D Undertaking' of GIL pursuant to provisions of Section 391 to 394 read with sections 100 to 103 and other applicable provisions of the Companies Act, 1956 and the Companies Act, 2013, to the extent applicable. Subject to necessary approvals, the T&D Undertaking, would be transferred to TLL with effect from the Appointed Date of January 1, 2016. In consideration of slump exchange of the T&D Undertaking into TLL, equity shares of TLL would be issued to GIL.

- 1.2 For this purpose, we have carried out valuation of the T&D Undertaking and the equity shares of TLL with a view to recommend fair equity consideration of equity shares of TLL to be issued to GIL for consideration of the Board of Directors of the Companies.

2. BRIEF BACKGROUND

2.1. GAMMON INDIA LIMITED

- 2.1.1. GIL is one of the India's most prominent infrastructure conglomerate having fully diversified businesses in civil engineering, design, construction, infrastructure investment and development, oil exploration and production and real estate development, as well as full-fledged EPC and manufacturing capabilities for power equipment and power T&D business.
- 2.1.2. GIL's civil engineering business expands over projects involving transportation (highways, railways, metro-rails, bridges and flyovers), power generation (nuclear, hydro and thermal), environmental engineering (water treatment, transmission and distribution), irrigation and high rise buildings.
- 2.1.3. Shares of GIL are listed on BSE Limited and the National Stock Exchange of India Limited.

2.2. TRANSMISSION AND DISTRIBUTION UNDERTAKING

- 2.2.1. T&D business means the engineering, procurement and construction business of the Transferor Company in the transmission and distribution sector, including the tower testing facility located at Deoli and tower manufacturing facilities located at Baroda and Nagpur. The T&D Business also includes the business received on amalgamation of Associated Transrail Structures Limited with GIL with effect from April 01, 2008.

2.3. TRANSRAIL LIGHTING LIMITED

- 2.3.1. TLL was incorporated on September 18, 2009 and is engaged in the business of designing, manufacturing, installation and supply of Engineered galvanized steel monopoles for transmission & distribution, street light poles, HI-masts, stadium masts, telecom monopoles, special structures etc. with a capacity of 10,000 MT per annum at Silvassa. Further, it proposes to expand into the business of building power transmission and distribution lines.
- 2.3.2. TLL is in process of acquiring 2 tower manufacturing and conductor manufacturing factories located at Amboli Village in the Union Territory of Silvassa and at Deoli in Wardha District of Maharashtra from GIL vide Business Transfer Agreement signed in October 2015.

2.3.3. We have been informed that upon the Scheme becoming effective, the existing issued, paid-up and subscribed share capital of TLL of INR 31,00,00,000 (Rupees Thirty One Crores only) comprising of 3,10,00,000 equity shares of INR 10 each shall be reduced to INR 20,00,000 (Rupees Twenty Lacs only) comprising of 2,00,000 equity shares of INR 10 each. The reduced amount of INR 30,80,00,000 (Rupees Thirty Crores Eighty Lacs only), shall be utilized for adjusting the debit balance in the profit and loss account of TLL and excess, if any, shall be credited to the capital reserve account in TLL.

3. SOURCES OF INFORMATION

For the purposes of our valuation exercise, we have relied upon the following sources of information as provided to us by the management of the Companies (hereinafter referred to as the "Management"):

- (a) Management certified position of assets and liabilities of the T&D Undertaking and TLL as at December 31, 2015.
- (b) Projected Profit & Loss Account, capex and working capital requirement for TLL (including 2 factories, that are in the process of being acquired from GIL) for three months ended March 31, 2016 and from financial years (FY) 2016-17 to 2019-20 as provided by the Management.
- (c) Projected Profit & Loss account, working capital and capex requirements of the T&D Undertaking for three months ended March 31, 2016 and financial years (FY) 2016-17 to 2021-22 as provided by the Management.
- (d) Draft Scheme of Arrangement u/s 391 to 394 read with sections 100 to 103 of the Companies Act, 1956.
- (e) Other relevant details regarding the Companies such as their history, past and present activities, existing shareholding pattern and other relevant information and data, including information in the public domain.
- (f) Discussions with the Management on various issues relevant for the valuation including the prospects and outlook for the industry, expected growth rate and other relevant information relating to future expected profitability of the business, etc.
- (g) Such other information and explanations as we have required and which have been provided by the Management.

4. EXCLUSIONS AND LIMITATIONS

- 4.1. Our report is subject to the scope limitations detailed hereinafter. As such, the report is to be read in totality, and not in parts, in conjunction with the relevant documents referred to herein.
- 4.2. Valuation is not a precise science and the conclusions arrived at in many cases will, of necessity, be subjective and dependent on the exercise of individual judgment. There is, therefore, no indisputable single value. While SSPA & Co. has provided an assessment of the value based on the information available, application of certain formulae and within the scope and constraints of our engagement, others may place a different value to the same.
- 4.3. No investigation of the Companies' claim to title of assets has been made for the purpose of this valuation and their claim to such rights has been assumed to be valid. No consideration has been given to liens or encumbrances against the assets, beyond the loans disclosed in the accounts. Therefore, no responsibility is assumed for matters of a legal nature.
- 4.4. Our work does not constitute an audit or certification of the historical financial statements / prospective results including the working results of the Companies / T&D Undertaking referred to in this report. Accordingly, we are unable to and do not express an opinion on the fairness or accuracy of any financial information referred to in this report. Valuation analysis and results are specific to the purpose of valuation and the valuation date mentioned in the report is as per agreed terms of our engagement. It may not be valid for any other purpose or as at any other date. Also, it may not be valid if done on behalf of any other entity.
- 4.5. A valuation of this nature involves consideration of various factors including those impacted by prevailing market trends in general and industry trends in particular. This report is issued on the understanding that the management of the Companies have drawn our attention to all the matters, which they are aware of concerning the financial position of the Companies / T&D Undertaking and any other matter, which may have an impact on our opinion, on the fair value of the shares of the Companies / T&D Undertaking including any significant changes that have taken place or are likely to take place in the financial position of the Companies / T&D Undertaking, subsequent to the Appointed Date for the proposed slump

exchange. We have no responsibility to update this report for events and circumstances occurring after the date of this report.

- 4.6. In the course of the valuation, we were provided with both written and verbal information. We have however, evaluated the information provided to us by the Companies through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose of this engagement. Public information, estimates, industry and statistical information relied in this report have been obtained from the sources considered to be reliable. However, we have not independently verified such information and make no representation as to the accuracy or completeness of such information from or provided by such sources. Our conclusions are based on the assumptions, forecasts and other information given by/on behalf of the Companies. We assume no responsibility for any errors in the above information furnished by the Companies and consequential impact on the present exercise.
- 4.7. Our recommendation is based on the estimates of future financial performance as projected by the management of the Companies, which represents their view of reasonable expectation at the point of time when they were prepared, but such information and estimates are not offered as assurances that the particular level of income or profit will be achieved or events will occur as predicted. Actual results achieved during the period covered by the prospective financial statements may vary from those contained in the statement and the variation may be material. The fact that we have considered the projections in this exercise of valuation should not be construed or taken as our being associated with or a party to such projections.
- 4.8. Our report is not, nor should it be construed as our opining or certifying the compliance of the proposed slump exchange with the provisions of any law including companies, taxation and capital market related laws or as regards any legal implications or issues arising from such proposed slump exchange.
- 4.9. This Report is prepared only in connection with the proposed slump exchange exclusively for the use of the Companies and for submission to any regulatory/statutory authority as may be required under any law.
- 4.10. Any person/ party intending to provide finance / invest in the shares / business of the Companies shall do so after seeking their own professional advice and after carrying out

their own due diligence procedures to ensure that they are making an informed decision.

- 4.11. It is to be noted that any reproduction, copying or otherwise quoting of this report or any part thereof, other than in connection with the proposed slump exchange as aforesaid, can be done only with our prior permission in writing.
- 4.12. SSPA & Co., nor its partners, managers, employees makes any representation or warranty, express or implied, as to the accuracy, reasonableness or completeness of the information, based on which the valuation is carried out. All such parties expressly disclaim any and all liability for, or based on or relating to any such information contained in the valuation.

5. VALUATION APPROACH

- 5.1. For the purpose of valuation for slump exchange, generally the following approaches are adopted:
- (a) the "Underlying Asset" approach
 - (b) the "Income" approach; and
 - (c) the "Market" approach
- 5.2. In the present case, net worth of both TLL and the T&D Undertaking is negative, therefore the Underlying Asset approach is not adopted for the present valuation exercise.
- 5.3. The shares of TLL as well as the T&D Undertaking of GIL are not listed on any stock exchange. Hence, market approach has not been adopted.

5.4. INCOME APPROACH

Under the "Income" approach, shares of TLL and the T&D Undertaking of GIL have been valued using Discounted Cash Flow (DCF) method.

- 5.4.1. Under the DCF method the projected free cash flows from business operations after considering fund requirements for projected capital expenditure and incremental working capital are discounted at the Weighted Average Cost of Capital (WACC). The sum of the discounted value of such free cash flows and discounted value of perpetuity is the value of the business.
- 5.4.2. The free cash flows represent the cash available for distribution to both the owners and the creditors of the business. The free cash flows are determined by adding back to profit before tax, depreciation and amortizations (non-cash charge). The cash flow is adjusted for

outflows on account of capital expenditure, tax and change in working capital requirements.

- 5.4.3. WACC is considered as the most appropriate discount rate in the DCF Method, since it reflects both the business and the financial risk of the company. In other words, WACC is the weighted average of the company's cost of equity and debt. Considering an appropriate mix between debt and equity for the company/undertaking, we have arrived at the WACC to be used for discounting the Free Cash Flows.
- 5.4.4. Value for equity shareholders is arrived at after making adjustment for loan funds and cash & cash equivalents.
- 5.4.5. The equity value so arrived at is divided by the diluted number of equity shares (considering capital reduction of TLL) to arrive at the value per share.

6. RECOMMENDATION

- 6.1. The fair basis of slump exchange of the T&D Undertaking of GIL into TLL would have to be determined after taking into consideration all the factors and methodologies mentioned hereinabove. As mentioned above we have considered the 'income' approach for arriving at the value of the shares of TLL and the value of the T&D Undertaking.
- 6.2. In the ultimate analysis, valuation will have to involve the exercise of judicious discretion and judgment taking into account all the relevant factors. There will always be several factors, e.g. present and prospective competition, yield on comparable securities and market sentiments, etc. which are not evident from the face of the balance sheets but which will strongly influence the worth of a share. This concept is also recognized in judicial decisions. For example, Viscount Simon Bd in Gold Coast Selection Trust Ltd. vs. Humphrey reported in 30 TC 209 (House of Lords) and quoted with approval by the Supreme Court of India in the case reported in 176 ITR 417 as under:

'If the asset takes the form of fully paid shares, the valuation will take into account not only the terms of the agreement but a number of other factors, such as prospective yield, marketability, the general outlook for the type of business of the company which has allotted the shares, the result of a contemporary prospectus offering similar shares for subscription, the capital position of the company, so forth. There may also be an element of value in the fact that the holding of the shares gives control of the company. If the asset is

difficult to value, but is nonetheless of a money value, the best valuation possible must be made. Valuation is an art, not an exact science. Mathematical certainty is not demanded, nor indeed is it possible.'

- 6.3. In light of the above and on consideration of all the relevant factors and circumstances as discussed and outlined hereinabove in this report, in our opinion, fair equity consideration for transfer of T&D Undertaking works out to 7,25,000 equity shares of INR 10 each of TLL.

Thank you,
Yours faithfully,

Re: Fairness Opinion on the Valuation Report by SSPA & Co. on the proposed slump exchange of 'Transmission & Distribution Undertaking' of Gammon India Limited into Transrail Lighting Limited.

Dear Sirs,

We refer to our engagement wherein the Management of Transrail Lighting Limited (hereinafter referred to as "TLL") and Gammon India Limited (hereinafter referred to as "GIL") (hereinafter collectively referred to as "Companies"), have requested Fortress Capital Management Services Private Limited ('us') to give a fairness opinion on the Valuation Report issued by SSPA & Co Chartered Accountants (hereinafter referred to as 'Valuer') on the valuation exercise of equity shares of TLL and of 'Transmission & Distribution Undertaking' of GIL (hereinafter referred to as the "T&D Undertaking") for recommending the fair equity consideration of equity shares of TLL to be issued to GIL for the purpose of proposed slump exchange.

1. BACKGROUND, SCOPE AND PURPOSE OF THIS REPORT

1.1 GAMMON INDIA LIMITED

1.1.1 Gammon India Limited is an infrastructure conglomerate having fully diversified businesses in civil engineering, design, construction, infrastructure investment and development, oil exploration and production and real estate development, as well as full-fledged EPC and manufacturing capabilities for power equipment and power T&D business.

1.1.2 GIL's civil engineering business expands over projects involving transportation (highways, railways, metro-rails, bridges and flyovers), power generation

(nuclear, hydro and thermal), environmental engineering (water treatment, transmission and distribution), irrigation and high rise buildings.

- 1.1.3 Shares of GIL are listed on BSE Limited and the National Stock Exchange of India Limited.

1.2 TRANSMISSION AND DISTRIBUTION UNDERTAKING

T&D business means the engineering, procurement and construction business of the Transferor Company in the transmission and distribution sector, including the tower testing facility located at Deoli, and tower manufacturing facilities located at Baroda and Nagpur. The T&D Business also includes the business received on amalgamation of Associated Transrail Structures Limited with GIL with effect from April 01, 2008.

1.3 TRANSRAIL LIGHTING LIMITED

- 1.3.1 TLL was incorporated on September 18, 2009 and is engaged in the business of designing, manufacturing, installation and supply of Engineered galvanized steel monopoles for transmission & distribution, street light poles, HI-masts, stadium masts, telecom monopoles, special structures etc. with a capacity of 10,000 MT per annum at Silvassa. Further, it proposes to expand into the business of building power transmission and distribution lines.

- 1.3.2 TLL is in process of acquiring 2 tower manufacturing and conductor manufacturing factories located at Amboli Village in the Union Territory of Silvassa and at Deoli in Wardha District of Maharashtra from GIL vide Business Transfer Agreement signed in October 2015.

- 1.4 We have been informed that the Board of Directors of the Companies are considering a proposal for the slump exchange of 'the T&D Undertaking' of GIL pursuant to provisions of Section 391 to 394 read with sections 100 to 103 and other applicable provisions of the Companies Act, 1956 and the Companies Act, 2013, to the extent applicable. Subject to necessary approvals, the T&D

Undertaking, would be transferred to TLL with effect from the Appointed Date of January 1, 2016. In consideration of slump exchange of the T&D Undertaking into TLL, equity shares of TLL would be issued to GIL.

- 1.5 Accordingly, the Companies have appointed SSPA & Co. Chartered Accountants, to undertake valuation exercise of the T&D Undertaking and the equity shares of TLL with a view to recommend fair equity consideration of equity shares of TLL to be issued to GIL for consideration of the Board of Directors of the Companies.
- 1.6 Further, they have appointed us to give a fairness opinion on Valuation Report issued by the Valuer.
- 1.7 The information contained in our report herein is confidential. It is intended only for the sole use of captioned purpose including for obtaining the requisite statutory approvals.

2. SOURCES OF INFORMATION

For the purposes of this exercise, we have relied upon the following sources of information:

- (a) Management certified position of assets and liabilities of the T&D Undertaking and TLL as at December 31, 2015.
- (b) Projected Profit & Loss Account, capex and working capital requirement for TLL (including 2 factories in the process of being acquired from GIL) for three months ended March 31, 2016 and from financial years (FY) 2016-17 to 2019-20 as provided by the Management.
- (c) Projected Profit & Loss account, working capital and capex requirements of the Undertaking for three months ended March 31, 2016 and financial years (FY) 2016-17 to 2021-22 as provided by the Management.
- (d) Draft Scheme of Arrangement u/s 391 to 394 read with section 100 – 103 of the Companies Act, 1956.

- (e) Valuation Report of SSPA & Co. dated February 12, 2016
- (f) Such other information and explanations as we required and which have been provided by the management of the Company and Valuer.

3. LIMITATIONS & EXCLUSIONS

- 3.1 Our report is subject to the scope limitations detailed hereinafter. As such the report is to be read in totality, and not in parts, in conjunction with the relevant documents referred to herein.
- 3.2 Our recommendation is dependent upon the information furnished to us being complete in all material respects. Our work does not constitute certification of the historical financial statements of the company referred to in this report. Accordingly, we are unable to and do not express an opinion on the fairness or accuracy of any financial information referred to in this report.

- 3.4 No investigation on the Companies' claims to title of assets has been made for the purpose of this report and their claim to such rights has been assumed to be valid. Therefore, no responsibility is assumed for matters of a legal nature.
- 3.5 The information contained herein and our report is intended only for the sole use and information of the Companies and only in connection with the proposed transaction as aforesaid. It is to be noted that any reproduction, copying or otherwise quoting of this report or any part thereof, other than in connection with the proposed transfer of business as aforesaid, can be done only with our prior permission in writing.
- 3.6 We assume no responsibility for any errors in the information furnished by the Companies and consequential impact on the present exercise.
- 3.7 Neither Fortress, nor its directors, managers, employees or agents of any of them, makes any representation or warranty, express or implied, as to the accuracy,

reasonableness or completeness of the information, based on which this report is being issued. All such parties expressly disclaim any and all liability for, or based on or relating to, any such information contained in this report.

4. VALUATION APPROACH

For the purposes of valuation, the Valuer has adopted the Discounted Cash Flow Method under "Income" Approach for determining the fair value of the 'T&D Undertaking' and fair value per share of TLL.

5. CONCLUSION

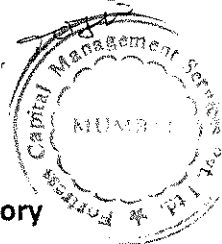

We have reviewed the methodology as mentioned above used by the Valuer for arriving at the valuation of the 'T & D Undertaking' and equity shares of TLL and also reviewed the working and underlying assumptions adopted to arrive at the fair values.

On the basis of the foregoing and based on the information and explanation provided to us, in our opinion, the equity consideration for the proposed transfer of T&D Undertaking on a slump exchange basis of 7,25,000 equity shares of INR 10 each of TLL, recommended by the Valuer is fair and reasonable.

Thanking you,

Yours faithfully,

For Fortress Capital Management Services Pvt. Ltd.

Notes:

1. The Financial Results for the quarter ended December 2015 were reviewed by the Audit Committee and taken on record by the Board of Directors of the Company at its meeting held on 12 February 2016 and have been subjected to limited review by the Statutory Auditors of the Company.
2. In the previous period the Company had closed its accounts for nine month period ended 31 December 2013 and 30th September 2014. Comparative figures for fifteen months ended 31 December 2014 are derived by aggregating the figures for the quarter ended 31 December 2013, 9 month period ended 30 September 2014 and quarter ended 31 December 2014.
3. During previous period ended 30 September 2014, the Company has sold its entire stake in its subsidiary M/s Gammon Infrastructure Projects Limited to its subsidiary M/s Gammon Power Limited. The excess of the consideration over the book value of the investments amounting to Rs. 605.92 Crore has been shown under Other Income.
4. The Company's funded and non-funded exposure towards Franco Tosi Mecannica S.p.A (FTM) group is Rs. 667.75 (net of provisions already made) Crore as at December 2015 including Investments and guarantees towards the acquisition loan taken by the SPV.

The commissioner in charge of the Extraordinary Administration of Franco Tosi Meccanica S.p.A. has already concluded the sale of the operating business of FTM to the successful bidder and has commenced the disposal of the non-core assets (i.e. those assets which were not part of the sale of operating business), which includes 60 acres of land in Legnano, Italy. On conclusion of the disposal of these assets, the available funds will be utilized to clear the liabilities of Franco Tosi on the basis of ranking beginning with the privileged liabilities with last preference to the shareholders.

In view of the above, the company is in the process of evaluating the value of all non-core assets, based on valuation as well as the actual sale price expected to be realized shortly from the sale of similar assets in the adjoining premises which are also under extraordinary administrator to determine the surplus which will cover the exposure of the company. Valuer is expected to give their report shortly. Pending the determination of the value of the non-core assets, the company has not made any provision for diminution in value of investments, loans and advances or exposure towards corporate guarantee to lenders.

The auditors have qualified their report on this account as follows

"We invite attention to note no 4 relating to one of the subsidiaries M/s Franco Tosi Meccanica S.p.A (FTM). As described in the note, the control of the operating/core asset of the said FTM has been transferred to the successful bidder and the Company is entitled only to the surplus arising out of disposal of non-core assets of FTM after paying off all other creditors/liabilities of FTM. The funded and non-funded exposure of the Company to FTM is Rs. 667.75 crores as at 31st December 2015. The management as detailed in the said note has appointed a valuer for the determination of the value of non-core assets whose report is not received till date. In the absence of any indication of the value of the non-core assets, the management has not carried out the required impairment. In the above circumstances we are also unable to quantify the effect on the loss/profit of the Company for the quarter and the period ended 31st December 2015.

[Handwritten signature]

In respect of the corporate guarantees issued towards the jobs of FTM the Company has received intimation for USD 30.00 million (Rs. 198.98 crores). The Company is in active negotiation with the clients of the subsidiary and also the buyer of the operating assets of FTM for the cancellation of the demand or re-imbursement of the same. In view of the uncertainties involved in the negotiation settling in favour of the Company we are unable to comment upon the non-provision towards the demand."

5. The total exposure of the Branch in SAE Powerlines Srl, Italy (SAE), a subsidiary of the Company and ATSL BV, Netherlands, the holding company of SAE, towards investments including guarantees towards the acquisition loan taken by the SPV is Rs. 396.95 Crores. The Branch has made provision for impairment of investments and Loan of Rs. 128.08 Crores and provision for Rs. 88.29 Crores for risk and contingencies for corporate guarantees for acquisition loan of the SPV and net exposure of the Branch is Rs. 180.58 Crores. The Company had carried out a valuation of the business of SAE by an independent valuer in September 2014 who determined the value at Rs. 68.88 crores. The Management is of the opinion that considering the order book position and adequate references and strengths in international markets, the provision already made by it for impairment of its investment, loan and trade receivable is adequate.

The auditors have qualified their report on this account as follows.

"The total exposure of the Branch in SAE Powerlines Srl, Italy ("SAE"), a subsidiary of the Company, and ATSL BV, Netherlands, the holding company of SAE, towards investments including guarantees towards the acquisition loan taken by the SPV is Rs. 396.95 Crores. The Branch has made provision for impairment of investments and Loan of Rs. 128.08 Crores and provision for Rs. 88.29 Crores for risk and contingencies for corporate guarantees for acquisition loan of the SPV, leaving a net exposure of the Branch of Rs. 180.58 Crores un-provided for. The Company had carried out a valuation of the business of SAE by an independent valuer in September 2014, who determined a valuation of Rs. 68.88 Crores, which is not updated to cover the present financial position. In the absence of a fresh valuation of the business of SAE, we are unable to comment whether further provisioning is required towards the net exposure of Rs. 180.58 Crores. "

6. The Ministry of Corporate affairs vide its letter dated 5th February, 2016 has directed the Company to either recover remuneration paid to Mr. Abhijit Rajan –Chairman and Managing Director for the period from 1st April,2012 to 30th September,2015 aggregating to Rs. 18 crores OR to file application for waiver of remuneration paid . The Board on the recommendation of the Nomination and Remuneration Committee has, subject to shareholders approval, decided to seek approval from the Central Government waiver of excess remuneration paid. The total amount of excess remuneration till 31st December 2015 is 24.62 crores. In view of the above no adjustments are made in these financials.

The auditors have qualified their report on this account as follows

"The Company's Application for managerial remuneration aggregating to Rs. 24.64 crores for the Chairman and Managing Director has been rejected for the accounting years 2012-13 and 9-month period ended December 2013 and 30th September 2014 and for the current fifteen months ended 31st December 2015 for want of NOC from the CDR lenders. The Company had once again made applications to the Ministry for the aforementioned periods on obtaining the NOC from the CDR Lenders. The MCA has rejected the application and directed the Company to recover the money from the Chairman and Managing Director. The Board however on the recommendation of the Nomination and Remuneration Committee has, subject to shareholders approval, decided to seek approval from the Central Government for waiver of excess remuneration paid. Pending the same no adjustments have been made for the amount of Rs. 24.64 crores."

7. There are disputes in six projects of the Company. The total exposure against these projects is Rs. 394.94 Crore. The Company is pursuing legal recourse / negotiations for addressing the disputes in favour of the

Company and is of the opinion that it has a good case in the matter hence does not require any provision considering the claims of the Company against the Clients.

The auditors have qualified their report on this account as follows

"Trade receivables and loans and advances includes an amount of Rs 394.94 crores in respect of disputes in six projects of the Company and/or its SPVs. The Company is pursuing legal recourse/ negotiations for addressing the disputes in favour of the Company. Pending the conclusion of the matters we are unable to state whether any provisions would be required against the Company's exposure"

8. The Company has granted unsecured loans to its joint ventures, aggregating to Rs. 14.77 crores including the facility provided by the bankers for the purposes of business operation out of the limits of the company. This loan facility is in excess of the limits specified U/s 186 of the Companies Act 2013. The Company will obtain the shareholders consent in the next General Meeting.

The auditors have qualified their report on this account as follows.

"The Company has given unsecured loans of Rs. 14.77 crores to its joint ventures as a lead partner for which it does not have prior approval of the members"

9. The Company in evaluating its jobs has considered an amount of Rs. 154.19 Crore relating to the likelihood of the claim materializing in favour of the Company, arising out of claims for work done, cost overruns arising due to client delays, changes of scope, escalation claims, variation orders, deviation in design and other charges recoverable from the client which are pending acceptance or certification by the client or referred the matter to the dispute resolution board / arbitration panel.

In furtherance to the recommendation of the Dispute Resolution Board (DRB) and Arbitration Awards in the Company's favour, the Company has recognized income to the extent of Rs.135.75 Crore which is part of Long Term Trade Receivable. The Company contends that such awards have reached finality for the determination of the amounts of such claims and are reasonably confident of recovery of such claims although the client has moved the court to set aside the awards. Considering the fact that the Company has received favourable awards from the DRB and the Arbitration Tribunal, the management is reasonably certain that the claims will get favourable verdict from the courts.

Trade Receivables includes Rs. 213.88 Crore in respect of its project based on advanced negotiation and discussion with the client and is confident of realising the same, pending the final revision in contract value.

10. The Company's operating result have been affected in the last few years by various factors including liquidity crunch, unavailability of resources on timely basis, delays in execution of projects, delays in land acquisition, approval of design etc. by client, scarcity in availability of labour & materials, operational issues etc. Company's overseas operations are characterized due to weak order booking, paucity of working capital and uncertain business environment.

The Company is exploring several options for overcoming the liquidity crisis. The Group is in the process of development of its land parcel as well as monetizing its overseas investments and to divest some of its businesses, recovery towards final bills, retention money, settlement of non-routine collection including claims, arbitration awards etc. to meet the working capital needs. The Company is also in discussion with client for overcoming bottlenecks in timely executing the existing projects and to increase the order book. The Company is having a good order book in hand as on December 2015 of Rs. 12,250 Crore.

The Company continues to negotiate with vendors for settlement, improved commercial terms and better credit facility and is in process of arranging additional working capital finance to improve short term liquidity position. The Company is evaluating and exploring various courses of action for raising funds for Company's operations, including options for strategic restructuring.

[Handwritten signature]

However due to the continuing stress and the inability of the promoters to infuse fresh funds into the Company and the continuing losses, The Corporate Debt Restructuring Empowered group in its meeting held on 23rd November, 2015 has discussed and noted the proposal of the CDR Lenders for invocation of Strategic Debt Restructuring ("SDR") in the Company and carve out of the Civil Engineering, Procurement and Construction Business and the Transmission and Distribution businesses with change of management. The "Reference date" for the purpose of the SDR is 17th November 2015. The lenders have invoked SDR and the requisite majority for approval of the SDR scheme in value and numbers had already been received and the CDR lenders have converted part of their loans and interest by taking a 52.55% stake in the Company.

The SDR scheme proposes inter-alia to carry out a restructuring of the business of the Company by carving out the EPC business and the T & D business into separate entities wherein new investors would be invited. The Company has identified investor and has signed agreement in respect of the T & D business. The Company is scouting for an investor for the EPC business.

Based on various developments including SDR by lenders resulting in lenders having majority stake and restructuring of businesses, the management is of the view that the Company will remain as going concern for future on the basis of existing order book, future business potential, pre-qualifications for project bidding and previous track record.

11. The Company, as part of its restructuring scheme in which it is carving out the EPC and T & D business into separate entities with residual non-core assets and some claims remaining in the main Company, had during the quarter ended 30 September 2015 evaluated its existing claims in respect of on-going, completed and/or terminated contracts with the help of an independent expert in the field of claims and arbitration to assess the likely amount of claims being settled in favour of the Company. The expert had reviewed the claims and had opined that an amount aggregating to Rs. 1357.22 crores will be reasonably certain to be settled in favour of the Company.

Based on the above opinion, the Company had during the previous quarter recognised claims of an aggregate amount of Rs. 1043.97 excluding amounts recognised earlier of Rs. 313.25 based on management estimates of reasonable realisation. These claims have been accounted as unbilled revenue and shown under other current assets in the Balance sheet while the effects in the statement of profit and loss is dependent upon the stage of completion.

The auditors have qualified their conclusion.

"We invite attention to note no 11, detailing the recognition of claims during the quarter ended 30th September 2015 in respect of on-going, completed and/or terminated contracts aggregating to Rs. 1043.97 crores excluding amounts recognised earlier of Rs. 313.25 based on management estimates of reasonable realisation which were subject matter of our emphasis of matter in our earlier reports. These additional claims are recognised on the basis of opinion of an expert in the field of claims and arbitration as part of the requirement of the Strategic Debt Restructuring scheme with the lenders. In view of the above-mentioned circumstances and facts we are unable to comment upon the amounts recognised, its realisation and the consequent effect on the financial results of the quarter ended 30th September 2015 and the fifteen-month period ended 31st December 2015. "

12. Pursuant to the put option exercised, one of the Subsidiaries of the Company had paid \$ 32 Million (Rs. 243.84 Crore) for acquisition of further 35% stake in Sofinter Group. The transferor has created pledge in favour of the lenders of the transferee company. The process of transferring the ownership in favour of the transferee company is expected to be completed in the near future. Considering the proposed combined holding of 67.5% in Sofinter, the order book position and the current financials of Sofinter,

the Management is of the view that no impairment is required in the exposure of the Company towards its combined exposure of Rs. 859.33 crores in Sofinter group.

13. The Company is engaged mainly in "Construction and Engineering" segment. The Company also has "Real Estate Development" and Windmills as other segments. Revenue from such activities is not significant and accounts for less than 10% of the total revenue and total assets of the Company. Therefore no disclosure of separate segment reporting as required in terms of Accounting Standard AS - 17 is done in respect of these segments.
14. In accordance with the provisions of Schedule II to the Companies Act 2013, effective from 1 April 2014, the Company has revised the useful lives of its fixed assets. As a consequence of such revision, the charge for depreciation is higher than the previously applied rates by Rs. 56.44 Crore for the 15 months period ended 31 December 2015. Further for assets that have completed the useful lives as a consequence of the aforesaid revision, the carrying value as on 1 October 2014 of Rs. 23.32 Crore (net of taxes Rs.10.43 Crore) has been charged to Profit & Loss statement during the quarter ended 30 September 2015 which was earlier adjusted against the opening balance of Surplus in the Profit and Loss Account.
15. The accounts of a subsidiary M/s Campo Puma Oriente S.A. have not been audited since December 2012, due to certain disputes with the partner in the project. The exposure of the Company in the said subsidiary is Rs. 382.75 crores net of provisions made. The management is confident that the disputes and the reconciliation differences would be resolved and there would be no impairment.
16. In the Extra-Ordinary General Meeting held on 26 May 2015, the shareholders had approved the issue of Unsecured Zero Coupon Compulsorily Convertible Debentures ("CCD"s) of up to RS.100 Crore to the Promoters against their promoters' contribution made pursuant to the Company's CDR Package. No allotment of the CCD's has been made to the Promoters till date since the Company is awaiting in-principal approval from BSE Limited.
17. The Company has during the quarter allotted 15,10,54,133 equity shares of Rs. 2 each fully paid up at a premium of Rs. 9.89 per share aggregating to Rs. 179.60 crores to the Lenders as part of the Strategic Debt Restructuring Scheme. The allotment was done on 29th December 2015 by debit to the Principal and Interest outstanding figures of the different banks. Pursuant to the allotment the lenders hold 52.55% of the equity capital of the Company.
18. Exceptional items for the quarter ended 30 September 2015 and for the fifteen month ended 31 December 2015 represents provision for diminution in the value of investment in Transrail Lighting Limited, a wholly owned subsidiary of the Company. For the 15 month period ended 31 December 2014, the exceptional item includes provision towards impairment and risk and contingencies which was charged during the quarter ended 31 December 2013.
19. Corresponding figures of the previous period have been regrouped / rearranged wherever necessary.

Limited Review Report

Review Report to
The Board of Directors
Gammon India Limited

1. We have reviewed the accompanying statement of unaudited standalone financial results of Gammon India Limited ("the Company") for the quarter and fifteen months period ended December 31, 2015. This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.
2. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
3. We did not review the statement of unaudited financial results of Gammon India Limited – Nagpur Branch including the overseas branches at Algeria, Nigeria, Kenya, Bhutan, Ethiopia, Rwanda, Yemen & Italy, whose financial information includes total revenues of Rs. 1089.90 crores for the fifteen month period ended 31st December 2015. The financial information of the aforesaid branch has been reviewed by the Branch Auditors whose report has been received by us. Our conclusion so far as transactions of the said Branches are concerned, is based solely on the limited review report of the Branch Auditors'.
4. *Basis For Qualified Conclusion*
 - a. *We invite attention to note no 4 relating to one of the subsidiaries M/s Franco Tosi Meccanica S.p.A (FTM). As described in the note, the control of the operating/core asset of the said FTM has been transferred to the successful bidder and the Company is entitled only to the surplus arising out of disposal of non-core assets of FTM after paying off all other creditors/liabilities of FTM. The funded and non-funded exposure of the Company to FTM is Rs. 667.75 crores as at 31st December 2015. The management as detailed in the said note has appointed a valuer for the determination of the value of non-core assets whose report is not received till date. In the absence of any indication of the value of the non-core assets, the management has not carried out the required impairment. In the above circumstances we are also unable to quantify the effect on the loss/profit of the Company for the quarter and the period ended 31st December 2015.*
 - b. *In respect of the corporate guarantees issued towards the jobs of FTM the Company has received intimation for USD 30.00 million (Rs. 198.98 crores). The Company is in*

active negotiation with the clients of the subsidiary and also the buyer of the operating assets of FTM for the cancellation of the demand or re-imbursement of the same. In view of the uncertainties involved in the negotiation settling in favour of the Company we are unable to comment upon the non-provision towards the demand.

- c. We invite attention to note no 11, detailing the recognition of claims during the quarter ended 30th September 2015 in respect of on-going, completed and/or terminated contracts aggregating to Rs. 1043.97 crores excluding amounts recognised earlier of Rs. 313.25 based on management estimates of reasonable realisation which were subject matter of our emphasis of matter in our earlier reports. These additional claims are recognised on the basis of opinion of an expert in the field of claims and arbitration as part of the requirement of the Strategic Debt Restructuring scheme with the lenders. In view of the above-mentioned circumstances and facts we are unable to comment upon the amounts recognised, its realisation and the consequent effect on the financial results of the quarter ended 30th September 2015 and the fifteen-month period ended 31st December 2015.
- d. The total exposure of the Branch in SAE Powerlines Srl, Italy ("SAE"), a subsidiary of the Company, and ATSL BV, Netherlands, the holding company of SAE, towards investments including guarantees towards the acquisition loan taken by the SPV is Rs. 396.95 Crores. The Branch has made provision for impairment of investments and Loan of Rs. 128.08 Crores and provision for Rs. 88.29 Crores for risk and contingencies for corporate guarantees for acquisition loan of the SPV, leaving a net exposure of the Branch of Rs. 180.58 Crores un-provided for. The Company had carried out a valuation of the business of SAE by an independent valuer in September 2014, who determined a valuation of Rs. 68.88 Crores, which is not updated to cover the present financial position. In the absence of a fresh valuation of the business of SAE, we are unable to comment whether further provisioning is required towards the net exposure of Rs. 180.58 Crores. (Refer Note 5)
- e. The Company's Application for managerial remuneration aggregating to Rs. 24.64 crores for the Chairman and Managing Director has been rejected for the accounting years 2012-13 and 9-month period ended December 2013 and 30th September 2014 and for the current fifteen months ended 31st December 2015 for want of NOC from the CDR lenders. The Company had once again made applications to the Ministry for the aforementioned periods on obtaining the NOC from the CDR Lenders. The MCA has rejected the application and directed the Company to recover the money from the Chairman and Managing Director. The Board however on the recommendation of the Nomination and Remuneration Committee has, subject to shareholders approval, decided to seek approval from the Central Government for waiver of excess remuneration paid. Pending the same no adjustments have been made for the amount of Rs. 24.64 crores. (Refer Note 6).
- f. Trade receivables and loans and advances includes an amount of Rs 394.94 crores in respect of disputes in six projects of the Company and/or its SPVs. The Company is pursuing legal recourse/ negotiations for addressing the disputes in favour of the Company. Pending the conclusion of the matters we are unable to state whether any provisions would be required against the Company's exposure (refer Note 7).

- g. The Company has given unsecured loans of Rs. 14.77 crores to its joint ventures as a lead partner for which it does not have any prior approval of the members (refer Note 8).*

The above paras (b), (d), (e), and (g) were the subject matter of our modified opinion on the Financial Statements for the period ended September 2014.

5. Based on our review conducted as above, *except for the possible effects of the matters arising out of our comments in paragraph 4(a) to 4(g) above*, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with applicable accounting standards as specified under section 133 of the Companies Act, 2013, read with rule 7 of the Companies (Accounts) Rules, 2014 and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. Without qualifying our review report we re-iterate our emphasis of matter contained in our audit report dated December 5, 2014 on the financial statements for the nine month period ended 30th September 2014 and further updation thereon relating to:
 - (a) We draw attention to Note no 9 of the Statement relating to recoverability of an amount of Rs.135.75 crores as at 31st December 2015 under trade receivables in respect of contract revenue where the Company has received arbitration awards in its favour in respect of which the client has preferred an appeal for setting aside the said arbitration awards, recognition of claims while evaluating the jobs of Rs. 154.19 crores and Rs. 213.88 crores where the Company is confident of recovery based on advanced stage of negotiation and discussion. The recoverability is dependent upon the final outcome of the appeals & negotiations getting resolved in favour of the company.
 - (b) The lenders have invoked Strategic Debt Restructuring and have converted part of their principal and interest outstanding into equity shares and as part of the SDR scheme is in the process of approving the restructuring scheme, which includes carving out the EPC business, and the T & D business into separate entities wherein new investors would be invited to take control as detailed in Note 10. Pending the same due to the liquidity situation and the continuing losses the Company is unable to meet its various liabilities on time. These conditions, along with other matters as set forth in Note 10 of the attached statement, indicate the existence of a significant uncertainty as to timing and realisation of cash flow to support the going concern assumption and operations of the Company.
 - (c) The Company as detailed in Note 12 has exposure of Rs. 243.84 crores which includes non-fund based guarantees of Rs. 126.78 crores towards acquisition of further stake of 35% in Sofinter. The transfer of shares in favour of M/s Gammon Holding Mauritius Limited, wholly owned subsidiary of the Company, is pending from

a long time. Further the management has made assertions about the investment and reasons why the same does not require any provision towards diminution in the value of investment and loans provided to M/s Gammon International BV and M/s Gammon Holding Mauritius Limited and the guarantees given for the loans for the acquisition of stake in Sofinter aggregating to Rs. 859.33 crores for the proposed combined holding of 67.50%.

- (d) The accounts of a subsidiary M/s Campo Puma Oriente S.A. have not been audited since December 2012, due to certain disputes with the partner in the project. The exposure of the Company in the said subsidiary is Rs. 382.75 crores net of provisions made. The management is confident that the disputes and the reconciliation differences would be resolved and there would be no impairment. (refer note 15)
- (e) We also re-iterate our emphasis of matter in our audit report dated December 5, 2014 on the financial statements for the period ended 30th September 2014 in case of Gactel Turnkey Projects Limited & G&B Contracting LLC where the management has made assertions about the investment and reasons why the same does not require any provision towards diminution in the value of investment and loans provided. Relying on the assertions no adjustments have been made in the financials towards possible impairment.

Details about the Scheme and Rationale

The Scheme of Arrangement is presented under Sections 391 to 394 read with sections 100 to 103 and other applicable provisions of the Companies Act, 1956 / Companies Act, 2013 ("Act") for the transfer of the T&D Undertaking (as defined in the Scheme) of Gammon India Limited ("GIL" or "Transferor Company"), a company incorporated under the Companies Act, 1913 with registered office at "Gammon House", Veer Savarkar Marg, Prabhadevi, Mumbai 400 025 and engaged in, inter alia, the business of civil engineering, design and construction of power transmission and distribution, into Transrail Lighting Limited ("TLL" or "Transferee Company"), a company incorporated under the Act with registered office at R: F, 3rd:W P:Hamilton House, J.N. Heredia Marg, Ballard Estate, Mumbai 400 038 and engaged in, inter alia, the business of designing, manufacturing, installation and supply of engineered galvanized steel monopoles for transmission and distribution of power, street light poles, HI-masts, stadium masts, telecom monopoles, swaged poles with a capacity of 40,000 MT per annum.

The Company vide a Business Transfer Agreement dated 27th October, 2015 (the "BTA"), has transferred one of the Company's undertakings essentially comprising of the division of conductor factory at Silvassa and the tower manufacturing facility at Deoli, Wardha District along with all the related assets and liabilities ("BTA Undertaking") to TLL. Simultaneously, GIL and TLL have also executed an Investment cum Shareholders Agreement dated 27th October, 2015 with Bilav Software Private Limited ('Investor') pursuant to which GIL will transfer majority stake in TLL to the Investor. Pursuant to the Scheme the Company proposes to transfer the other T&D Undertaking to TLL as part of the effort to consolidate the entire T&D business in TLL.

In furtherance of the understanding between the Transferor Company and the Transferee Company, the Scheme, inter alia, deals with the transfer of the T&D Undertaking from the Transferor Company to the Transferee Company and various other matters consequential to or otherwise integrally connected with the above, pursuant to the provisions of Sections 391 to 394 read with sections 100 to 103 and other applicable provisions of the Companies Act, 1956 in the manner provided for in the Scheme.

Transfer of the T&D Undertaking by GIL to TLL would help in achieving the desired operating structure and shall *inter alia* have the following benefits:

- i. To create a sector focused company;
- ii. To enable investment by a strategic investor;
- iii. Ring-fence businesses from each other; and
- iv. Deleverage the balance sheet of GIL.

Independent Auditors' Report

To,

The Members of

Transrail Lighting Limited

1. Report on the Financial Statements

We have audited the accompanying financial statements of Transrail Lighting Limited ("the Company"), which comprise the Balance sheet as at September 30, 2014 the Statement of Profit & Loss and Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

2. Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flow of the Company in accordance with the accounting principles generally accepted in India including, Accounting Standards notified under the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and Presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Company's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statement give the information required by the act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the company as at September 30, 2014;
- (b) In the case of the statement of Profit and Loss, of the Loss for the year ended on that date; and
- (c) In the case of the Cash Flow Statement, of the cash flow for the year ended on that date.

5. Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the order") Issued by the Central Government of India in terms of section 227(4A) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the order.

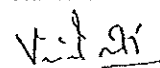

2. As required by section 227(3) of the Act, we report that:

- a. We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit:
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
- c. The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d. In our opinion, the Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement comply with the Accounting Standards notified under the Companies Act, 1956 ("the Act") read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013;
- e. On the basis of the written representations received from the Directors as on September 30, 2014, taken on record by the Board of Directors, none of the Directors is disqualified as on September 30, 2014, from being appointed as a director in terms of Section 274(1) (g) of the Act.

Annexure to the Auditors' Report

(Referred to in paragraph 5(1) of our Report of even date on the Accounts for the period ended on 30th September, 2014 of Transrail Lighting Limited)

1. (a) The company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The fixed assets were *not* physically verified by the management.

(c) The fixed assets disposed off by the company during the year were not substantial and such disposal of fixed assets has not affected the going concern status of the company.

2. (a) The Inventories have been physically verified by the management during the year. In our opinion the frequency of verification is reasonable.

(b) The Procedure of physical verification of inventories followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business.

(c) In our opinion and information and explanation given to us the company is maintaining proper records of inventories. The discrepancies noticed on verification between the physical stocks and the book records were not material and have been properly dealt with in the books of account.

3. (a) According to the information and explanations given to us, the Company has not granted unsecured loans to any party covered in the register maintained under Section 301 of the Companies Act, 1956. Therefore the provisions of clause 4 (III) (a) to (d) of the Companies (Auditors Report) Order, 2003 are not applicable to the company.

(b) According to the information and explanations given to us, the company has not taken any loans from any party covered in the register maintained under section 301 of the Companies Act, 1956. Therefore the provisions of clause 4(iii) (e) to (g) of the Companies (Auditors Report) Order, 2003 are not applicable to the company.

4. In our opinion and according to the information and explanations given to us, there are adequate internal control systems commensurate with the size of the Company and the nature of its business with regard to the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, we have not observed any continuing failure to correct major weaknesses in internal control system.

5.(a) According to information and explanation given to us, the particulars of contracts or arrangement referred to in Sec 301 of the Companies Act, 1956 have been entered in the register maintained under the said section.

(b) In our opinion and according to information and explanation given to us, the transaction made in pursuance of such contracts or arrangement have been made at prices/terms which are reasonable having regard to the prevailing market prices at the relevant time.

6. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits from the public and therefore, the provisions of Sections 58A, 58AA or any other relevant provisions of the Companies Act, 1956 and the Rules there under are not applicable to the Company.

7. In our opinion and according to the information and explanations given to us, the Company has an internal audit system commensurate with its size and nature of its business.

8. We have broadly reviewed the cost records maintained by the company pursuant to the companies (Cost Accounting Records) Rules 2011 prescribed under 209(1)(d) of the Companies Act 1956 and are of the opinion that prima facie the prescribed records have been maintained. We have however not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

The company follows the system of accounting of retention revenue for erection/supply contracts based on the stage of completion of the contracts. However, during the warranty period of the contracts, the company may have to incur cost. On the basis of technical assessment of the cost to be incurred, the company is of the view that no further provision is required for any foreseeable expenditure/ contingencies. Being a technical matter, the auditors have relied on certification from management in this regard.

TRANSRAIL LIGHTING LIMITED
STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES
SIGNIFICANT ACCOUNTING POLICIES

a) i) Basis of Preparation of Financial Statements :

- a The Financial statements have been prepared to comply in all material respects with the notified Accounting Standards by the Companies Accounting Standards Rules, 2006 and the relevant provisions of Companies Act, 1956 read with the general circulars 15 / 2013 dated Sept.13, 2013 of the Ministry of Corporate Affairs in respect of section 133 of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention, on an accrual basis of accounting.
- b The classification of Assets & Liabilities of the company is done in to current and non current based on the criterion specified in Revised Schedule VI notified under the Companies Act, 1956.
- c The Accounting policies discussed more fully below, are consistent with those in the previous year.

ii) Use of Estimates :

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual result and estimates are recognized in the period in which the results are known.

b) REVENUE RECOGNITION:

i) Supply of materials:

Revenue is recognized upon the delivery of the goods to the clients in accordance with the terms of the contract. Sales include Excise Duty and other receivables from the customers, but exclude Value Added Tax, wherever applicable.

ii) Contract Revenue:

Long term contracts are progressively evaluated at the end of each accounting period. On contracts under execution which have reasonably progressed, profit is recognized by evaluation of the percentage of work completed at the end of accounting period, whereas, foreseeable losses are fully provided for in the respective accounting period. The percentage of work completed is determined by the expenditure incurred on the job till each review date to total expected expenditure of the job. Price variation claims, rate differential for work done are accounted on accrual basis. Sales exclude Service Tax.

iii) Export Benefits:

Duty Drawback claims are recognized based on the entitlement under relevant scheme/laws.

iv) Other Revenues:

All other revenues are recognized on accrual basis.

c) **FIXED ASSETS:**

Fixed Assets are stated at cost of acquisition net of excise duty and Value Added Tax, wherever applicable, plus Pre-operative Expenses apportioned thereto upon capitalization thereof, wherever applicable, less accumulated depreciation.

d) **DEPRECIATION:**

- i) Depreciation on Fixed Assets in India is provided on straight-line method at the rates and in the manner specified in Schedule XIV to the Companies Act, 1956, on pro-rata basis.

e) **INVENTORIES:**

- i) Raw Materials are valued at cost, net of Excise duty and Value Added Tax, wherever applicable. Stores and spares, loose tools are valued at cost except unserviceable and obsolete items that are valued at estimated realizable value thereof. Costs are determined on weighted average method.
- ii) Work in progress is valued at cost and costs are determined on weighted average method.
- iii) Work in progress on construction contracts reflects value of material inputs and expenses incurred on contracts.
- iv) Finished Goods are valued at cost or net realizable value, whichever is lower. Costs are determined on weighted average method.

f) **CENVAT CREDIT AND VALUE ADDED TAX:**

The cost of Material (inputs) is accounted at purchase cost net of excise duty and Value Added Tax, wherever applicable. The excise duty elements of materials (inputs) is debited to "Modvat Credit Receivable A/c." and Value Added Tax element of materials (inputs) is debited to "VAT Credit Receivable A/c.", under the head "Loans & Advances" The excise duty and Value Added Tax payable on dispatch of goods are credited to Modvat Credit Receivable A/c. and VAT Credit Receivable A/c by debiting the same to excise duty and value added tax (sales tax), respectively in Profit & Loss A/c.

2. OPERATIONS:

The year under review is a 9 month period commencing on 1st January, 2014 and ending on 30th September, 2014. During the period, the Total revenue of the company stood at Rs.63.28 Crore, as compared to Rs. 51.81 Crore during the previous period, reflecting growth of 22%. The Company also trimmed its Net losses to Rs 89.30 Lacs against Rs 187.81 Lacs during the previous period.

The Company has bagged a prestigious order for refinery project, first time being fabricated in India. The Company shall be executing 3 towers for end client Reliance. This shall be a good diversification.

The Infrastructure segment continued to be sluggish due to policy inaction and liquidity constraints. The company is exploring several options for overcoming the liquidity crisis. With new and progressive government at the center, we are hoping the government will come up with the clear cut road-map for the policies.

Your Directors continue to believe in the long-term potential of India's Infrastructure space. Moving forward, our business growth will be driven by our proven technical prowess in design, operations and maintenance. Going forward, our focus will be to consolidate existing opportunities and leverage new possibilities.

III. OTHER INFORMATION

1. Reasons for inadequate profits:

Since past three years, the macro-economic environment is facing a severe slow growth trend. It has further deteriorated in this year and has a severe effect on the construction & infrastructure sector, causing distress to almost all the players. Policy indecisiveness, scarce financial resources, inflationary pressures, project delays due to unexpected developments, bureaucratic hurdles and other similar factors continued to create innumerable difficulties to both, the sector and the Company. The infrastructure segment continued to be sluggish due to policy inaction and liquidity constraints.

The Company continues to face difficulties in realising receivables/ retention and arbitration claims. The Company continued to be affected due to poor planning and implementation of projects and unavailability of resources on timely basis, thereby widening the gap between the planned outlay and actual spending.

The severe liquidity crisis continued to adversely affect project execution. Certain delays are beyond our control such as delays in land acquisition, municipal permission, approval of design by client, and over and above scarcity in availability of labour and materials and operational issues continued to drag down the performance and project profitability. The Company is under Corporate Debt Restructuring & hence interest & finance cost continued to be high.

The Company's overseas operations are characterised due to weak order booking, inflexible labour markets, paucity of working capital and uncertain political climate. Continuation of recession in the European economy, and weak Euro position against the USD has frazzled the investment of the Group.

2. Steps taken or proposed to be taken for improvement:

The Company has with assistance from its CDR lenders initiated several steps for improving its performance. As a step towards this the banks have released fresh funds within the overall facilities sanctioned under the CDR Package. These funds have been infused directly into projects which had been stuck up for lack of funds. Steps have been initiated to complete these projects on a fast track basis so as to reduce fixed costs and to ease working capital costs. During the period under review several projects have been completed and sites closed thereby reducing operational costs. This has also helped in recovering retention monies.

The Company is also concentrating on recovering all long pending dues and receivables and a dedicated team has been set up whose main target is to recover receivables, arbitration awards, final bills and retention money and though the recovery is slow, nevertheless this is also helping the company in meeting its working capital needs. The Company has won many arbitration awards and steps have been taken to recover the amounts due from such awards. The Company is also in the process of monetizing its investment in land as well as of its overseas assets and to divest its non-core business, disposal of idle equipment, settlement of non-routine collection including claims and arbitration awards. Also several steps have been taken to reduce operational costs so as to reduce the burden on working capital requirements. The Company is currently concentrating on selective acquisition of value-accretive project orders and concentrating on its core competency business of construction of bridges, water supply, metro rail projects and hydro power. All these steps are aimed at improving the performance and reducing the high debt burden.

3. Expected increase in productivity and profits in measurable terms:

In spite of various challenges, the Company could secure new orders worth ₹ 2100 Crore during the

nine months period ended 30th September 2014. With the continued assistance from the lenders, the Company is also taking efforts to streamline its cash management so that it is in a better position to complete the existing projects on time. The Company is also aggressively pursuing divestment of its non-core assets. With a new and progressive government at the Centre, the situation is likely to improve. With the Government's helping hand and positive attitude the Company is looking forward to a phased economic revival and boosting of business confidence due to hard policy decisions. The Company is also hoping that the government will come up with a clear cut road-map for implementing the policies.

IV. DISCLOSURES:

The related parties referred above are subsidiaries of the Company which were set up as Special Purpose Vehicles by the Company's development arm GIPL for undertaking the projects. The EPC contracts for these projects were subcontracted to Gammon India Limited based on its merits and due to its expertise in engineering and excellence in constructing roads,

bridges, ports etc. All the projects mentioned above are nearing completion. The contracts entered into by the Company with the following aforementioned entities are in the ordinary course of business and at arms' length and are likely to extend beyond 31st March 2015.

Pursuant to Clause 49 of the Listing Agreement, all entities falling under the category of 'related parties' (as defined therein) shall abstain from voting in respect of the resolution at Item No. 9 of the Notice, irrespective of whether the related party is a party to the particular transaction or not.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolution.

Your Directors commend the resolution at Item No. 9 for members' approval.

Item Nos. 10 to 12:

The Securities and Exchange Board of India, vide its Circular No. CIR/CFD/POLICY CELL/2/2014 dated 17th April 2014 (the "said circular"), amended Clause 49 of the Listing Agreement and pursuant to the said circular, all existing material related party contracts or arrangements as on the date of the said circular which are likely to continue beyond March 31, 2015 shall be placed for approval of the shareholders in the first General Meeting subsequent to October 01, 2014. The related party transactions set out below are all contractual obligations entered into by the Company in its ordinary course of business and are arms' length transactions and are likely to continue beyond 31st March 2015.

Disclosures pertaining to the related party transactions, as set out in Item Nos. 10 to 12 are given below:

Name of the related party	Relation with the Company	Purpose of related party transaction*	Amount (₹ in Crore.)	Tentative expiry date of contract
Metropolitan Infrahousing Pvt. Ltd.	Subsidiary	Loans/Advances & Guarantees	759.64	31.03.2017
Campo Puma Oriente S.A.	Subsidiary	Loans/Advances & Guarantees	353.39	31.03.2017
Franco Tosi Meccanica S.p.A.	Subsidiary	Guarantees	508.22	31.03.2017

Purpose of the aforementioned material related party transactions:

- Metropolitan Infrahousing Private Limited ("MIPL") was set up as a Special Purpose Vehicle in 2006 for acquisition and development of land admeasuring approx. 180 acres situated at Dombivli, District Thane. As a major shareholder, the Company has granted loans to MIPL for acquisition of the said land and for meeting all expenses related thereto. MIPL, additionally, had also raised debt through issue of privately placed Non-Convertible Debentures duly secured by a first charge on the land and also a collateral security in the form of a Corporate Guarantee given by the Company. The Company charges an interest rate of 9% pa on the loans advanced. The said land, situated under the Kalyan Dombivli belt, is expected to fetch high market value considering the development currently taking place in the area. MIPL is exploring options for part sale/joint development of the land which is expected to fetch high returns. The loans and the corporate guarantee given, which is likely to continue beyond 31st March 2015, have been given with prior approval of the shareholders and in accordance with the relevant provisions of the erstwhile Companies Act, 1956.
- Campo Puma Oriente S.A. ("CPO") is a joint venture formed in Panama by the Company with Joshi Technologies Inc U.S.A. Currently your Company has a stake of 73.8% in Campo Puma which has a 90% stake in Consortium Pegaso. The consortium is engaged in oil exploration and exploitation business in Ecuador, Puma Marginal oil Field. This field has been awarded to the consortium for a period of 20 (twenty) years by PetroEcuador on 27th March, 2008. The contract was originally started as a production sharing contract but sometime in 2011 was modified by the Government to a service contract for a fixed

service fee per barrel. CPO currently has 11 operational wells each having an average production of 950 barrels of oil. In order to fund its operations, CPO had availed loan of upto US\$ 51 Million from IDBI Bank, Dubai. The said loan was guaranteed by IDBI Bank Limited by issuing a stand by letter of credit which in turn was backed by the Company's corporate guarantee. As part of the agreement with the joint venture partner for carrying out oil exploration and development of wells, and for meeting expenses related thereto, the Company has from time to time advanced loans to CPO. The Company is exploring various options for divesting its stake in CPO which will help the Company to recover the loans given to CPO. Divestment of CPO is also one of the steps envisaged in the company's CDR Package and will be carried out in consultation with the CDR Lenders. The said loan and corporate guarantee have been given in the Company's ordinary course of business and have been given in accordance with and within the limits approved by the shareholders under the erstwhile Companies Act, 1956 and are in line with the Foreign Exchange Management Act and guidelines issued by the Reserve Bank of India from time to time.

- (c) Franco Tosi Meccanica S.p.A. ("FTM") is the Company's subsidiary based in Legnano in North Italy. The product range of FTM includes Steam Turbines, Hydraulic Turbines, Pumps, Balance of Plant etc. As a holding company, the Company had advanced loans for meeting working capital requirements, and other financial obligations of FTM. The Company had also issued corporate/bank guarantees, as collateral, in connection with the loans raised by FTM from Banks. Last year, FTM has made pre-insolvency application in the court of Milan. The Commissioner appointed for this purpose has invited bid for outright sale of the operational business of FTM. Since the pre-insolvency procedure is a long drawn process, the guarantees issued by the Company to FTM, are likely to extend beyond 31st March 2015. Further, the said loans and the guarantees have been given in accordance with the limits approved by the shareholders under the erstwhile Companies Act, 1956 and are in line with the Foreign Exchange Management Act and guidelines issued by the Reserve Bank of India from time to time.

Pursuant to Clause 49 of the Listing Agreement, all entities falling under the category of 'related parties' (as defined therein) shall abstain from voting in respect of resolutions at Item Nos. 10 to 12 of the Notice, irrespective of whether the related party is a party to the particular transaction or not.

None of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financially or otherwise, in the resolutions.

Your Directors commend the resolutions at Item Nos. 10 to 12 for the members' approval.

COMBATTING CHALLENGES

Gammon India Limited

ANNUAL REPORT - 2014
9 Months
Ended September

COMBATTING CHALLENGES

The infrastructural sector continues to be faced by economic uncertainties. Order intake remains sluggish, since stalled projects are yet to be kick-started. Projects already awarded are progressing slowly due to continuing problems on ground, which remain unresolved over the years leading to cost escalations. This has led to multiple cases of corporate debt restructuring (CDR) and high consequential costs for the industry at large.

We too are combatting these challenges as we are working towards steering the Company out of the framework of CDR. Irrespective of all this, we are geared to make transformative moves to deliver value in the future. Through a disciplined functioning, we are optimising resources and capitalising on our core strengths. By improving efficiencies, lowering operating

costs and creating operational flexibility, we are optimising frugality and productivity. Our key priority is to deliver projects held up due to working capital shortage and sites that need to be expeditiously concluded. These actions will release resources, improve cashflows and generally build confidence with our stakeholders.

As we look into the distance, we are traversing a progressive and forward looking journey. We are confident of our solid foundation, accumulated experience, engineering capabilities and inherent strengths across verticals. Our future is about opportunities and growth, while our progress is about exploring and sustaining them. We intend to be enduring and be relevant to India's growing infrastructure needs.

ABOUT GAMMON GROUP

We are amongst the largest civil engineering firm and an EPC contractor associated with various landmark projects. With specific expertise in roads, flyovers & bridges, and power projects, we are the leaders in construction and turnkey engineering projects.

We have made a concrete contribution to India's infrastructure sector by executing multifarious civil engineering works, designing and constructing ports, harbours, thermal and nuclear power stations, dams, high-rise structures, cooling towers, chimneys, metro stations, chemical and fertiliser complexes in India and the Middle East. We also have diversified businesses, including a full-fledged EPC and manufacturing capabilities for power equipment as well as power transmission and distribution (T&D).

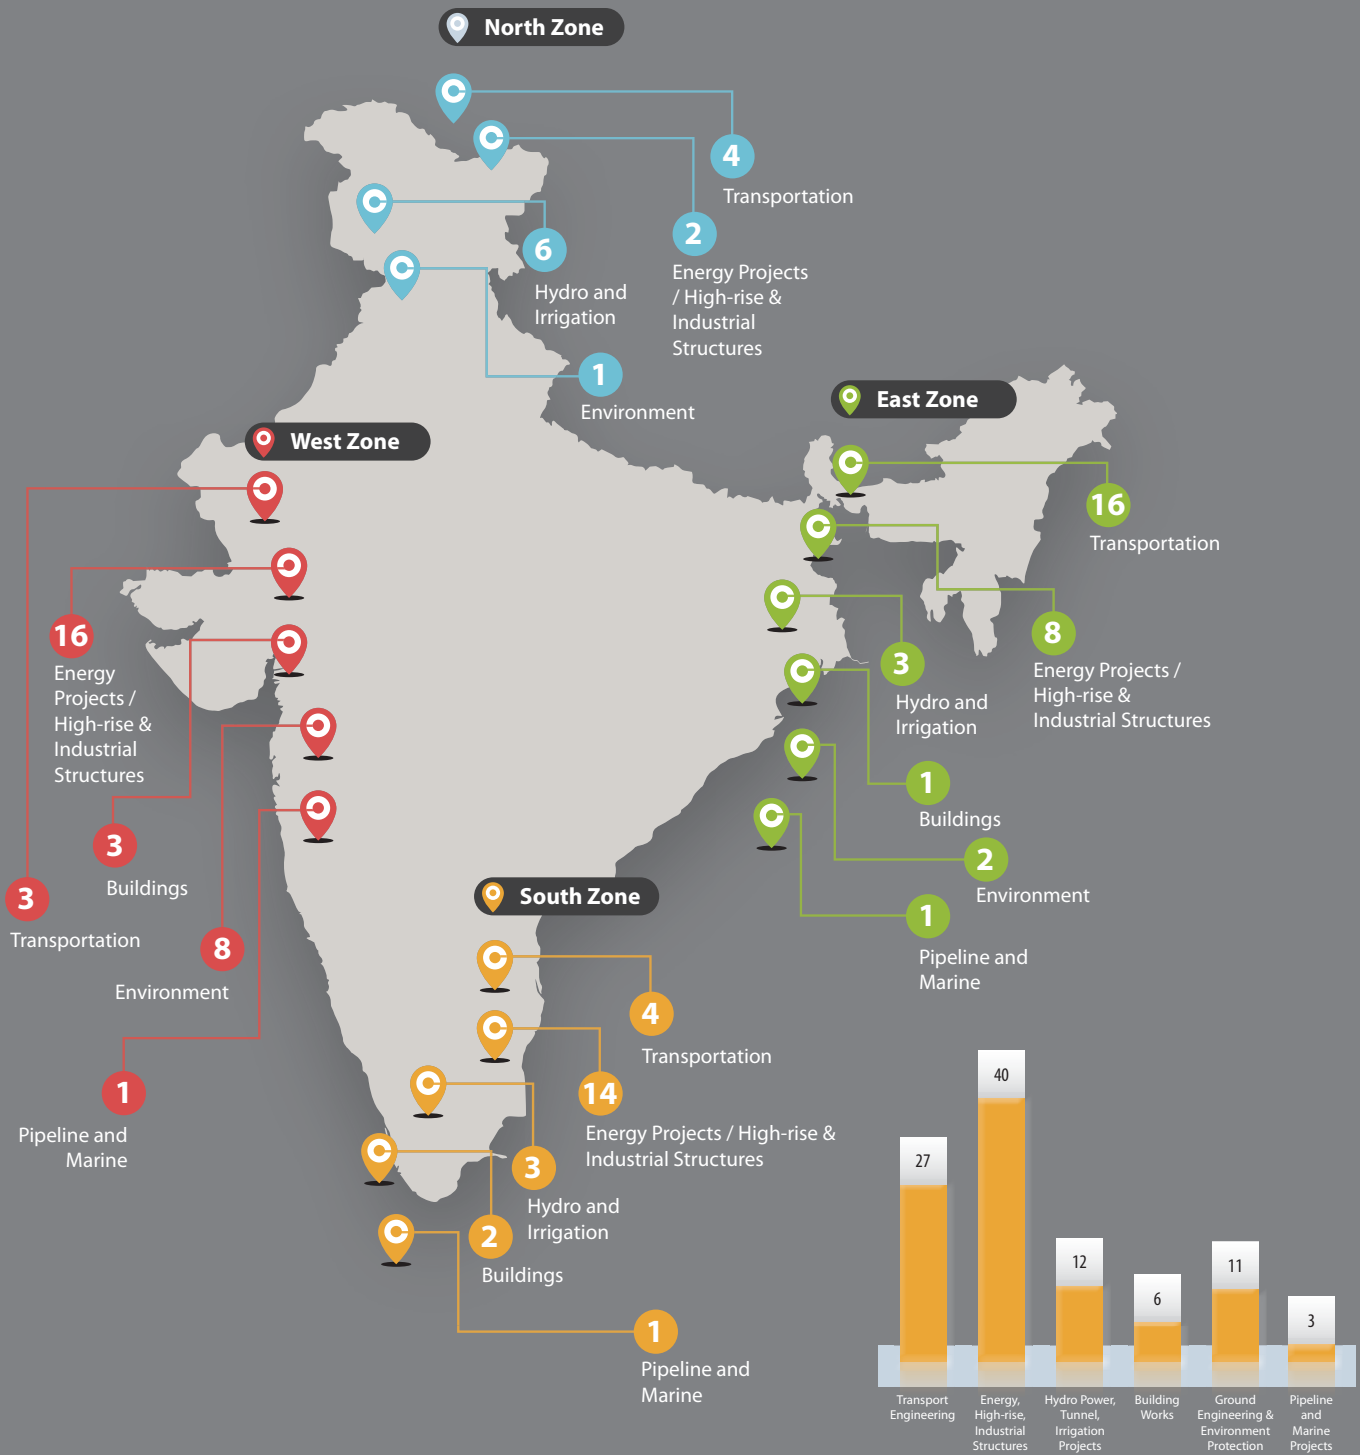

Our infrastructure development/investment business involves undertaking the design, financing, construction and operation of state-of-the-art infrastructure facilities such as toll roads, expressways, bridges, port projects (bulk & container), and power projects (hydro, thermal, among others). Our land parcels at strategic locations and our projects are expected to give high returns.

Our overseas presence includes a strategic holding in Italy-based Sofinter Group, with state-of-the-art manufacturing facilities in Italy, Romania and India. The Group is engaged in the engineering, procurement and construction of steam and power generation boilers, water and waste treatment and flameless combustion technology, with application in oil & gas, power generation and industrial sectors. Sofinter S.p.A., AnsaldoCaldaie S.p.A., AnsaldoCaldaie Boilers India, ITEA and Europower are some companies under the Group. Our overseas transmission and distribution projects are executed by our international subsidiary, SAE Powerlines S.r.L, Italy. We also have a substantial stake in Puma Oil Block in the Oriente basin in Ecuador.

PAN-INDIA PRESENCE

CHAIRMAN'S STATEMENT

Abhijit Rajan

Chairman & Managing Director

Dear Shareholders,

2014 was another challenging year for EPC companies as also for infrastructure developers, owners and operators and your Company was no exception.

The Indian economy continued to face troubled times with the depreciating rupee, high inflation and endemic liquidity problems. The falling price of oil in the world markets towards the end of the year was the only cause for cheer but was limited in its overall impact. Order intake remains sluggish, since many of the stalled projects are yet to be kick-started. Projects already awarded are generally progressing slowly due to various continuing problems on ground, which remain unresolved over the years leading to cost escalations which remain unpaid. All these factors combined, have led to a vicious cycle culminating in a pile up of debt or corporate debt restructuring and high consequential costs for the construction industry.

New Ray of Light

A lot of hopes were pinned on the new Government at the Centre to bring about much needed policy initiatives and systemic changes which alone would have brought the required equilibrium followed by growth trajectory. Regrettably, these have not so far been rolled out with the required speed and the problems are festering. For companies already in corporate debt restructuring, a turnaround in this situation is extremely challenging and calls for an urgent re-look of the relevant rules relating to CDR in the interest of stakeholders.

Industry Issues

A key request of the construction industry for a long time has been a substantive change to the dispute resolution mechanism seeking payment of awarded amounts on completion of an arbitration and appealing against the same only in exceptional circumstances rather than as a rule. Another key request has been to ensure that all land is made available before award of projects so that works proceed speedily and disputes relating to idling are eliminated. Both these requests, if actioned, will bring about a tangible, qualitative change in the manner in which projects are executed and infrastructure is created in India, the benefits of which will be seen within the short to medium term. The ambitious GDP growth and job creation targets set by the present Government will then be a reality.

The economies globally are facing their own challenges characterised by rapidly changing geo-political environment and volatility in currency. With growth in China substantially declining and the European economies, barring a few exceptions, yet to come out of the slump, the upturn being witnessed in the U.S. economy offers hope, going forward.

Year Under Review

The period under review is 9 months period commencing on 1st January 2014 and ending on 30th September 2014. During the period, your Company's turnover on a standalone basis stood at ₹ 2,966.99 crore, as compared to ₹ 3,279.31 crore during the previous period. The Company posted a net profit of ₹ 67.80 crore during the period ended September 2014, as against a net loss of ₹ 765.91 crore during the previous period ended December 2013. On a consolidated basis, the turnover of the Gammon Group stood at ₹ 3,842.61 crore, as compared to ₹ 4,932.42 crore for the previous period. The Group's net loss stood at ₹ 728.88 crore, as against a net loss of ₹ 761.86 crore in the previous year. Our order book in hand is a healthy ₹ 12,800 crore.

Accelerating Change

The situation during the year has no doubt been exceptional, but has reinforced our determination to come out of the same by accelerating change during these turbulent times and adopting a cautious approach. We are streamlining our business processes, reinforcing our project management skills, trimming our structure costs, disposing our non-core assets, improving our operational efficiencies and working capital cycle. Our solid foundation, engineering capabilities, multiple skill sets and accumulated experience over the decades will be drawn upon to drive our turnaround and set us back on a growth path to realise our share in India's infrastructure space.

We thank our strategic partners, employees, bankers and all stakeholders for their support and the faith reposed in us during these tough times and we assure all that we will work towards our goal with renewed and dedicated commitment.

Thank you.

OVERSEAS PRESENCE

BANHA EGYPT

ARAMCO WATER INJECTION & FACILITIES PROJECT

GROUP SOFINTER, ITALY

Established in 1979, Group Sofinter, Italy comprises four principal Companies viz: Sofinter S.p.A., AnsaldoCaldaie S.p.A., Europower SpA, ITEA SpA. The Group is engaged in the manufacture/EPC of packaged industrial boilers/ utility/ power generation boilers respectively, catering to the oil and gas industry, industrial manufacturing and power utility plants worldwide. The Group has modern manufacturing facilities in Italy, Romania and India and a dedicated R&D facility in Italy.

SOFINTER SPA

Sofinter SpA, the holding company of the Group, also has two manufacturing divisions - Macchi and SWS.

- a) Macchi is a world leader and original equipment manufacturer of packaged industrial boilers and Heat Recovery Steam Generators with applications in Oil and Gas refineries, petro chemical plants, industrial manufacturing units and co-generation plants. Till date Macchi has over 1,000 units installed world wide to its credit which is backed by a strong after sales service unit to cater to their needs.
- b) SWS is saline water treatment specialist having end to end capabilities in raw water treatment, BFW dearators, seawater thermal desalination units,

desalinated water and condensed treatment. Several plants of SWS are in operation in different parts of the globe in a short span of 8 years.

AnsaldoCaldaie S.p.A.

AnsaldoCaldaie S.p.A. is the market leader in design, supply, manufacturing and installation of utility power boilers and original equipment manufacturer of HRSGs upto 260 MWe for CCP plants. With 150 years of experience in steam generation and burner technology field, the company has an installed base of over 80,000 MWe and 1,000 units. It also provides rehabilitation, fuel conversion and after-sales services for existing boilers, with a strong foothold in Egypt (ACBE – 98%) and India (Ansaldo Caldaie Boilers, India – 26%). The Advance Combustion Research Centre of the company offers specialised services to customers, even as its products are qualified for Super Critical Applications.

Europower SpA

Europower SpA is active in EPC of waste-to-energy turnkey plants, including CHP for refinery, petrochemical and chemical industry, CCPP for power plants, district heating and cooling plants. It is also engaged in operations & maintenance of power and industrial plants.

ITEA SpA

Established in 2002, ITEA is the R&D division dedicated to development and patenting of zero-emission Isotherm PWR Flameless Oxy-combustion technology (Isotherm PWR*) to be used in industrial and utility Power Plants. The flameless pressured oxy-combustion technology uses high temperatures, oxygen-enriched air and pressurisation in an innovative manner and satisfies future environmental challenges in energy and waste segments. Industrial waste treatment, municipal solid urban waste, and low-grade coal are other applications of the cost-effective clean coal technology.

Benefits of 'clean coal' combustion technology:

- Lowest cost of energy solution for clean coal technologies
- Cleanest fuel gas emissions
- Most inert and benign slag in the form of "glass like" substance

ITEA SpA is set to commercially roll out this technology in select applications in the coming years.

PUMA OIL BLOCK

The Puma Oil Block is located in Ecuador's Oriente Basin in the Ovellana Province east of Quito with an area of

162 Km². The Block was part of the second international marginal field bidding round and the contract was signed in March 2008 for a 20 year term with Consorcio pegaso comprising two Companies, namely Campo Puma Oriente S.A.(CPO) with 90% share and Joshi Technologies Inc. with the balance 10%. Gammon India Limited has a 73.80% share in CPO corresponding to 66.40% share in Consorcio Pegaso. Initially, the contract was production sharing, but in February 2011, it was changed to a service contract for an 18 year term. The remaining oil recovery after considering production till date from the existing Puma field is approximately 16 million barrels, excluding probable and possible reserves.

SAE POWERLINES, ITALY S.R.L.

SAE Powerlines, Italy, S.r.L. is engaged in the design and construction of tower transmission line and high and medium voltage sub-station. Power transmission & distribution is historically the most important business for SAE. The activities of this Company are rooted since 1926, when SAE was established and through changes in its organisation and ownership it became SAE Powerlines S.r.L. on March 1, 2005. The Company is presently operating in Ghana, Tanzania, Ethiopia, Mozambique, Benin and Togo and Ireland.

OPERATIONAL HIGHLIGHTS

ROADS, BRIDGES, FLYOVERS & METRO RAIL

- Ach MoRTH (mobilisation resources).
- On course to commission Bogibeel Bridge, Ganga Bridge and Rajahmundry-Godavari Bridge.
- Executing Signature Bridge project in New Delhi.
- Work ongoing on Elevated Road Corridor from AIIMS to Digha; Surat Cable Stay bridge; and Munger Bridge over River Ganga.
- Chennai Metro Station Works.

THERMAL & INDUSTRIAL

- Awarded ₹ 750-crore project by Nuclear Power Corporation of India (NPCIL).
- Work ongoing for thermal, cooling tower and chimney projects at Chhatisgarh, Raigarh, Tuticorin, Madhya Pradesh.

HYDRO POWER

- Bagged ₹ 317-crore Vyasi Hydroelectric Project (mobilising resources).
- Advanced stage of completion for Punatsangchhu-I HEP and Punatsangchhu-II HEP in Bhutan.
- On course to complete GMR Bajoli Holi project.

BUILDING CONSTRUCTION

On course to complete:

- ISKCON Temple at Mayapur, Kolkata.
- Runwal Greens, a high-rise residential development at Mulund, Mumbai.
- Sattva Group's Salarpuria Gold in Bangalore.
- Project Shristi, a mixed-use development project at Bhopal.
- Nathani Heights, a 72-storey residential tower in Mumbai.

INTERNATIONAL OPERATIONS

- Established presence in United States by setting up Sofinter LLC in Houston.
- Set up 3x650 MW utility power plant at Egypt, first-of-its kind dual plant for coal & gas for super-critical applications.
- In process of licensing technology and showcasing O&M expertise for municipal waste and low-grade coal.

MANAGEMENT DISCUSSION & ANALYSIS

BELLARY CEMENT PLANT

The Government has set aside 20% of investment of \$1 trillion reserved for infrastructure during the 12th Five-Year Plan (2012–17) to develop roads.

INDIAN ECONOMY

India's GDP growth had slowed down in FY2013 and FY2014 as it experienced sub-5% growth in the last two years. However, Q1 of FY2015 recorded 5.7% GDP growth and Q2 recorded 5.3%. Inflation showed improvement as it averaged at 6.8% for the first 9 months of FY2015. With a pro-growth and reforms-oriented Government at the Centre, the OECD forecast rates India as one of the best performing nations among emerging economies.

INDIAN INFRASTRUCTURE SECTOR

Infrastructure is highly critical for propelling India's overall development. India is currently ranked 85th out of 148 countries for its infrastructure in the World Economic Forum's most recent Global Competitiveness Report. With an ever increasing population (projected to grow to 1.45 billion in 2028), there is a need for infrastructure development. However, the sector continues to face risks of delays in acquisition, financing, planning, construction, and approvals, among others. The Indian government is proactive in taking initiatives to accelerate the pace of development.

Some of the initiatives include:

- An Infrastructure Debt Fund has been set up to attract investors and provide long-term funding.

- Rules for FDI have been relaxed in construction sector by reducing minimum built-up area and capital requirement and liberalising exit norms.
- Changes have been proposed to Land Acquisition Act to spur infrastructure development.
- India and US have signed an MoU to establish Infrastructure Collaboration Platform to facilitate US industry participation.
- Rules have been eased in several sectors including environment and forest clearances to get several road, power and coal projects moving.

Roads

India has the 2nd largest road network in the world at 4.7 million kms, which transports over 60% of all goods and 85% of total passenger traffic. Road is the most significant mode of cargo transport in India. Understanding this need, the Government has set aside 20% of investment of \$1 trillion reserved for infrastructure during the 12th Five-Year Plan (2012–17) to develop roads (India in Business, Ministry of External Affairs). The length of National Highways is expected to grow from 92,850 kms in 2013-14 to 100,000 kms by the end of 2017 (Source: FICCI). In a bid to boost infrastructure development, the Government plans to build 30 kms of roads a day in 2 years, remove hurdles facing ₹ 1.5 lakh crore projects. It is also taking various initiatives to encourage private investment in the Roads Sector.

Some of the initiatives are:

- To avoid delays in projects, the Government will not award any project without acquiring 80% of required land
- Exit clause for developers relaxed to improve liquidity
- Ministry of Road Transport & Highways to adopt Engineering, Procurement and Construction (EPC) mode for National Highways instead of Public-Private Partnership (PPP)
- Go-ahead to Exemption of Environmental Clearance Requirement for stretches up to 100 kms
- Under Make in India initiative, companies enjoy 100% tax exemption in road projects for 5 years and 30% relief for next five years
- 100% FDI allowed under automatic route in Roads and Highways sector
- Plans to set up finance corporation of ₹ 1 trillion to fund road projects

Railways

The Indian Railways is amongst the world's largest railway networks. In the Rail Budget, the Government has announced highest-ever plan outlay of ₹ 65,445 crore (Source: IBEF). It is focussed on investing in rail infrastructure and has enabled Foreign Direct Investment (FDI) to improve infrastructure for freight and high-speed trains. Development of Metro rail systems is picking up steam. Metros in Kochi, Nagpur and Lucknow have already been approved and metros in many other cities have been proposed like Kanpur, Indore and Pune. In next five years, Indian railway market will be the 3rd largest, accounting for 10% of the global market, with Metro rail going to be 70% of India's railway market (Source: IBEF).

Power

India's total Installed capacity increased from 243 GW in March 2014 to 253.4 GW in August 2014 (Ministry of Power). The Government has allowed FDI up to 100% for projects of electricity generation and Transmission & Distribution (T&D), and also the planned reforms in the Electricity Act, 2003 to strengthen energy production. Installed capacity of thermal power currently is 176 GW (Ministry of Power). The Government has announced broader coal and power sector reforms, including plans to open up coal mining sector to private and international investors. It is working on improving infrastructure required to remove transportation bottlenecks between mines and power plants. Installed capacity of hydro power is 41 GW and other renewables was

32 GW. The Government is expecting an investment of \$100 billion in green energy projects (T&D) and a commitment to finance renewable projects totaling 78 GW has been made by financial institutions. (Firms back renewable energy push). Transmission & Distribution is likely to attract \$50 billion (T&D).

Real Estate

Real estate is an integral part of India's economy. Real estate contributed about 6.3% to India's gross domestic product in 2013. Real estate market size is expected to touch \$180 billion by 2020, growing at a CAGR 11.6% from \$66.8 billion in 2011 (source: IBEF). Construction and Development sector was recorded at ₹ 36.0 billion in H1 of 2014, a 58% increase from 2013. Private equity (PE) funding has picked up due to attractive valuations. PE funds have invested close to ₹ 89.0 billion in real estate until September 2014, more than double of the investment during corresponding period in 2013. Urban housing demand in India is expected to be nearly 13 million units by 2018, driven by growth in population, increasing urbanisation, development of industrial clusters and proposed development of smart cities, mostly from outside of top 8 cities. (Source: C&W Report)

Water

An estimated 16% of the world's total population and 4% of the world's water resources are available in India. According to Census 2011 data, only 31% of the 167 million rural households in India have any kind of access to tap water and domestic toilets. There is a need to upgrade all kinds of urban infrastructure – including water supply, sewerage, solid waste management, urban roads and storm water drains. Water infrastructure in India is estimated to be a \$30 billion annual business opportunity, most of which exists in the agricultural and residential sector. The ultimate irrigation potential has been assessed at 139.9 million hectares for India. Prime Minister's Clean India Campaign also represents a huge opportunity. Of the total allocation of ₹ 196,000 crore, about ₹ 134,000 crore has been earmarked for building 11.11 crore toilets in rural areas and remaining ₹ 62,009 crore for improving sanitation in urban areas. The sector presents growing opportunities for companies that can Design, Develop & Construct various irrigation schemes, Water Supply & Sanitation schemes, and sewerage schemes, amongst others.

Management Discussion & Analysis

INDUSTRY OUTLOOK

Infrastructure development is critical for India to achieve strong and inclusive growth. Indian Government has made Infrastructure Development its top priority. Government has charted out 12th Five Year Plan (2012-17), which estimates an investment of around \$1 trillion in the infrastructure sector. This step-up in investment will be feasible primarily because of enlarged private sector participation and their contribution is expected to be about 48% during the 12th Plan.

With the large magnitude of investment required in the sector and a transparent growth and reform oriented business and investment climate, the sector outlook looks strong.

OPERATIONAL OVERVIEW

About Gammon India Limited

Gammon India Limited ("Gammon") is amongst the largest infrastructure construction companies in India. We are a civil engineering and an EPC contractor associated with various landmark projects. With specific expertise in roads, flyovers & bridges, and power projects, we are the leaders

in construction and turnkey engineering projects. We are amongst the top-rated engineering and construction companies in India known for delivering engineering structures par excellence.

We are one of the few companies in India qualified to participate and are present in all the areas of construction. We have made concrete contribution to India's infrastructure sector by executing multifarious civil engineering works, designing and constructing of ports, harbours, hydro, thermal and nuclear power stations, cooling towers & chimneys, bridges, roads, metro rail stations, dams, high-rise structures, chemical and fertiliser complexes in India and abroad. We also have diversified businesses, a full-fledged EPC and manufacturing capabilities for power equipment and power Transmission & Distribution ("T&D") businesses.

We undertake challenging projects which we proficiently deliver to our customers' satisfaction. We continue to select projects where we can add value in executing and delivering complex structures. The Company is under Corporate Debt Restructuring (CDR) and its operations and initiatives are under the constant review of CDR lenders.

Domestic Operations

Roads

Gammon has successfully executed challenging road works in the past. Currently, we are better equipped to meet the challenges of the sector. We are technically one of the most competent civil engineering companies with requisite design and construction capabilities. With the change of Government at the Centre, the Roads sector is gradually picking up in a big way and earlier grievances are getting redressed. The PPP model is being reviewed by the government and new concession agreements are being drafted. At Gammon, henceforth no project will get commenced unless 80% of the land is made available. This protects us against the vagaries of the market and also takes care of cost and time overruns.

Notwithstanding delays in land acquisitions, some road works have been successfully completed.

Projects Completed

- Four laning of existing single / intermediate lane carriageway of National Highway no. 57, Bihar

Projects Under Execution

- SH 91, SH 69, Damuria – Ranitalab Road - Bihar
- Arunachal Road Work (Seppa Road)
- Four laning of Hajipur – Muzzaffarpur section of the existing NH- 77, Bihar

Bridges, Flyovers and Metro Rail

With the new central government pushing for change in the infrastructure sector, the segment is expected to see better days ahead and reap the benefits derived from easing of regulations and norms by bankers. Your Company is a market leader in bridges and structures. During the period under review, the Company bagged the ₹ 580-crore Brahmaputra Bridge project from MoRTH despite challenging market conditions, with mobilisation of resources currently taking place. We hope to win projects from Ministries, NHAI, Public Works Department and metro projects in Ahmedabad, Lucknow, Delhi and Cochin. During FY2015-16, the Bogibeel Bridge, Ganga Bridge and Rajahmundry-Godavari Bridge will attain completion. Fast-track completion of Gangapath Elevated Corridor is likely to lead to an order pick-up. Your Company's core strengths in the segment are: technical know-how, cutting edge technology in bridge engineering, inhouse design team, cost control by value engineering, innovative use raw materials and leveraging of available resources.

Management Discussion & Analysis

Bridges and Structures under Execution:

- Signature Bridge project, an iconic cable stayed bridge with an inclined steel pylon, in New Delhi (under progress)
- The iconic 2x4 km Rajahmundry Godavari Bridge (nearing completion)
- The prestigious Elevated Road Corridor from AIIMS (NH-98) to Digha (on Ganga Path) (10.5 Kms) at Patna
- Surat Cable Stay Bridge having 150m cable stay spans and complex foundations in river which warrant sophisticated sheet piling for construction of pile caps for pylon foundations
- Munger Bridge with 125m spans steel super structure for railways, realised by cantilever construction at Munger, over river Ganga in Bihar
- Bogibeel Rail cum Road Bridge across river Brahmaputra near Dibrugarh
- Chennai Metro station works

Marine Sector

Several of our marine work projects are currently under execution stage, including the Mumbai Offshore Container Terminal at Mumbai Port. We have also made substantial progress in our other ongoing marine structures:

- EPC works for establishment of sea water Intake and Outfall system for 1040MW Coal Based TPP for Hinduja Power
- EPC works for sea water Intake Structure, Intake Submarine Tunnel, Approach Jetty and Seal well for Outfall structure for 500 MWe PFBR Project at Kalpakkam for the Nuclear Power Corporation of India Limited (NPCIL)

Power and Industrial Sector (Including Cooling Towers & Chimneys)

The power sector is slowly picking up momentum and many power sector awards put "on hold" due to coal block auction are now likely to pick-up pace. Come FY2015-16, and we are likely to witness a power boom in a big way in India. During the period under review, Gammon won the ₹ 750-crore award from the Nuclear Power Corporation of India (NPCIL).

Our focus is on completion of the ongoing and existing power projects in our portfolio, collection of receivables and retention, minimisation of cost and adding to our revenues. However, with intense competition in the power segment, margins will continue to remain under pressure.

Ongoing works in Thermal, Cooling Tower and Chimney Projects

- NDCT & CWPB package for RAPP 7 & 8, Kota, Rajasthan (under initial mobilisation)
- NDCT & Chimney works for 2x687.5 MW for GMR at Raipur, Chhatisgarh
- NDCT & Chimney works for 4x600 MW for OP Jindal STPP, Raigarh, Chhatisgarh
- NDCT & Chimney works for 2x500 MW NLC Tuticorin TPP
- Civil & Structural Steel works for 2x600 MW Thermal Power Project near Tuticorin for Coastal Energen
- NDCT & Chimney works for Shreesinghaji STPP at Khandwa, Malwa, Madhya Pradesh
- NDCT & Chimney works for Jindal Power, Raigarh
- General Civil Works for Unit 1&2, 2 chimney (Unit 1, 2, 3) for Reliance Power Sasan

Hydro Power

With a healthy order-book position and a significant edge over competitors, we have been utilising our resources well for efficient implementation of our hydro power projects. During the year, we bagged the ₹ 317-crore Vyasi Hydroelectric Project. The preliminary work has commenced and we are now mobilising resources. All the three projects in Bhutan are progressing well.

Projects Under Execution

- GMR Bajoli Holi Project, Himachal Pradesh
- Parbati HEP Stage II TBM tunnelling project under initial mobilisation, Himachal Pradesh
- Koldam HEP, Himachal Pradesh
- Parbati Stage 3 HEP, Himachal Pradesh
- Rampur HEP, Himachal Pradesh
- Punatsangchhu-I HEP, Bhutan

- Punatsangchhu-II HEP, Bhutan
- Mangdechhu HEP, Bhutan

Bhutan being highly conducive for hydro-power generation, we are hopeful of winning sizeable projects. In August 2014, India's Prime Minister Narendra Modi inaugurated the 45 MW Nimoo-Bazgo hydroelectric power project and laying of power transmission lines, connecting Srinagar-Kashmir-Leh, besides the Chutak hydroelectric project in Kargil. The recent visit of Prime Minister Mr. Modi to Bhutan and his offering active support to the Government of Bhutan in harnessing hydro potential in Bhutan, the prospects of more hydro power projects coming up in Bhutan have greatly improved.

Transmission & Distribution

The Transmission and Distribution (T&D) business of your Company operates in power transmission & distribution and also has a large manufacturing capacity for transmission tower and power conductors. The Company also has a world-class Tower Testing Station at Deoli, Wardha (M.S.) capable of testing towers up to 1200 kV. This tower testing facility has been globally acclaimed by clients from U.S., Canada, Malaysia, and Mexico, among other nations. Your Company also has a global foothold in countries such as U.S., Canada, Algeria, Kenya, Afghanistan, Ethiopia, Bhutan, Nigeria, Rwanda, Botswana, Tanzania, Mozambique and Benin-Togo. The conductor business is registered with global utility companies across Europe, U.S., Africa and Asia and technically qualified to support customers in U.S., Canada, Latin America, Europe and Australia.

During the period under review, your Company achieved substantial progress by completing 6 projects of 765 kV and 400 kV transmission lines worth ₹ 870 crore and has planned to complete 4 more projects valued at ₹ 620 crore by March 2015. The T & D business has an order-book of ₹ 1,750 crore, of which about 25% orders are of export nature to the international market. Recently awarded contract in Yemen worth \$61 million is on hold due to the adverse political situation in the country. Your Company is the lowest bidder in 500 kV transmission line project in Afghanistan valued at \$51 million. It has also bid in tenders

for 400 kV line in Bangladesh and 500 kV line in Indonesia.

The Government of India is giving a thrust on power sector, which shall pave way for awarding voluminous projects in Transmission & Distribution. Your Company, therefore, expects to book substantial orders in the current financial year.

Building Construction

During the period under review work on building construction projects are at an advanced stage of completion in spite of a slowdown in the industry. Gammon India has deployed modern method for construction of Mumbai's one of the Tallest building at Nathani Heights. We have secured a mixed-use development project of 14.8 acres located in Bhopal for Shristi Development and work is progressing on the same.

Projects Under Execution

- The iconic ISKCON Temple at Mayapur, Kolkata
- Runwal Greens, a high-rise residential development in Mulund, Mumbai
- Salarpuria Gold, Bangalore, one of the tallest residential tower of Sattva Group
- Project Shristi, a mixed-use development project at Bhopal, with construction area of approx. 2.8 million sq. ft. from Deepmala Infrastructure Pvt Ltd. (We plan to deliver possession for its shopping block A and B by March 2015)
- Nathani Heights, a 72-storey residential tower in Mumbai

Water

Gammon India Limited has successfully executed several challenging works in the water sector. We are well equipped with the required resources to meet the continuous challenges posed by the sector. For the 5 ongoing water projects in Rajasthan, our key emphasis is to complete their execution.

Management Discussion & Analysis

Projects Under Execution

- Narmada Gudhamalani Water Supply Project for 263 Villages
- 107 MLD capacity, Portable water supply Infrastructure project on turnkey basis for Guwahati City (South Guwahati Part)
- Supply, Installation, Construction and Commissioning of Rising & Transmission Main for Guwahati city (Gravity Mains, pressure Mains) Reservoirs for South Central Zone
- Tonk Water Supply Project for 436 Villages in Rajasthan for PHED, Rajasthan
- Regional Water Supply Scheme of 267 Villages of Chaksu & 8 villages of Phagi tehsil in Rajasthan for PHED, Rajasthan
- Pokharan & Jawai Water Supply Scheme for PHED, Rajasthan

OUR INFRASTRUCTURE DEVELOPMENT BUSINESS

Gammon Infrastructure Projects Limited (GIPL) is a pan-India BOT infrastructure project development company. It has a diverse portfolio of 7 operational assets and 11 projects under different stages of development spread across 13 states in India. We are engaged in development of infrastructure projects in core sectors such as Roads (10 projects), Ports (3 projects) and Power (5 projects) through a multi-segment footprint, significant geographical spread, vast repository of industry experience and technical expertise. We also provide our services in other areas of project development such as operations & maintenance and project advisory services.

GIPL posted a total income of ₹ 55,169 lakhs during the nine month period ending 30th September, 2014, as compared with ₹ 46,066 lakhs in the earlier period ending December 2013. Net Profit stood at ₹ (4,025) lakhs vis-à-vis ₹ (5,644) lakhs in the previous period, while EBITDA was ₹ 31,343 lakhs as compared to ₹ 28,384 lakhs in the year ago period.

Management Discussion & Analysis

INTERNATIONAL BUSINESS OPERATIONS

Group Sofinter

The Consolidated Report of the Group includes the financial statements of Sofinter S.p.A (the parent company) and those of the companies over which it exercises control directly or indirectly, from the date on which control was acquired upto the date on which it ceases. As at September 30, 2014 there are no changes compared to the previous period.

The nine-month period upto September 30, 2014 was characterised by a significant contraction in the economic performance of the Group over the previous year due to the unexpected cancellation in Ansaldo Caldaie at the end of 2013, of a large order of over Euro 250 million from Rabigh II, Saudi Arabia and a delay in award of the South Helwan Project, Egypt for approximately Euro 265 million which finally came through in November 2014. With sharply reduced workload, the manufacturing facilities remained largely unutilised leading to significant unabsorbed costs. Consequently, Group Revenues declined to Euro 127 million during this period vis-à-vis Euro 251 million recorded in the 12 months of the previous year while EBIT turned negative at Euro 10.5 million vs Euro 16.8 million in the previous year. The EBIT is however after an extraordinary write-off of financial receivables of Euro 8.8 million from an associate company of the Group in Singapore which has since been sold to stop further drain on cash for the Group. Net debt at Group level was Euro 94.5 million vis-à-vis Euro 80 million in the previous year.

At the end of December 2014, the order backlog of the Group was approximately Euro 550 million which will translate into a positive impact on revenues and bottomline during 2015. In addition, the Group has embarked upon a new operating model with integration of some of the business functions with the aim to exploit synergies, bring in flexibility within the organization to deal with fluctuating volumes and improve cost competitiveness, given the constantly changing market dynamics. The model also features a time-bound relocation of production activities to the Group's facilities in Romania and other such low cost but quality conscious countries by

gradually reducing the production plant near Rome. The impact of all these initiatives will start in 2015 and will be fully realised by 2018.

The Macchi Division, engaged in the manufacture of industrial boilers mainly for the oil, gas and petrochemical industry, has consolidated its presence as envisaged in the previous year in the shale gas producing countries led by the United States while also growing in its traditional markets. During the nine-month period, the Macchi order intake was Euro 198 million which is significantly higher than in the earlier years. With a view to further enhance its presence in the US market a new Company Sofinter LLC has been incorporated in Delaware, to give dedicated support and develop the Group's activities in that country.

Ansaldo Caldaie S.p.A., engaged in EPC of utility power plants, had a setback during the year due to the low order backlog and delayed intake which severely impacted its revenues and profitability as already explained here before. Furthermore, the international acquisitions in the power market have generally been sluggish, which also negatively impacted the Company's order intake. To meet the challenging situation, among the various streamlining measures taken at the Group level, the Company also temporarily laid off its workforce within the available legal framework. With the award of the South Helwan Project in Egypt in November 2014 and another project in UAE, the order backlog of the Company is approximately Euro 325 million. The pipeline orders are in excess of Euro 1.5 billion and it is expected that during 2015 this would translate into new orders of about Euro 250 million. This will help restore revenues and profitability during 2015 and subsequent years.

ITEA S.p.A., the R&D company engaged in flameless pressurized oxy combustion technology has, as reported last year, consolidated its technology leadership position in applications using industrial waste, municipal solid waste and low-grade coal and is set to roll these out commercially in the coming year.

Europower S.p.A. which is engaged in the EPC of waste-to-energy plants and their operation and maintenance has successfully ventured outside its traditional market in

Italy to neighbouring countries in the region. The company continues to improve its revenues and profitability and has an order book of approximately Euro 45 million.

Franco Tosi Meccanica S.p.A. (In Extraordinary Administration)

As reported last year, the Judicial Commissioner appointed to administer the procedure for sale of the operating business of the Company and the subsequent sale of its non-operating assets to pay its creditors set December 22, 2014 as the last day for receiving offers for the operating business from interested buyers. This delay of nearly six months from the date last set by the Commissioner has vindicated our concerns expressed last year since two of the projects under execution by the Company in Nicaragua and Bolivia were cancelled by the respective clients who also invoked the bank guarantees of Euro 17.8 million and Euro 4.04 million respectively. The latter amount in respect of Bolivia has been provided in the books of Gammon India Ltd as corporate guarantor. However, in respect of the Nicaragua Project, the Company has re-entered into a new contract with the client and one of the conditions for the same is the reinstatement of the bank guarantees and consequent return of the invoked amount. However, this new contract would get operational only when the successful bidder is on board and this is expected only in the second quarter of 2015 based on the last set bid date. Due to the fact that, barring any change in the procedure or slippage in finalising the successful bidder, the re-instatement of the invoked guarantees is foreseen, no provision has been made by Gammon India Limited as corporate guarantor.

In light of the ongoing procedure, the Commissioner continues to withhold releasing the financial statements of the Company as in the previous year and it is expected that this will not be released until the entire process is complete.

Campo Puma Oriente S.A.

As earlier reported, the 11 operational wells in 2013 were producing an average of 1600 barrels of oil per day at a per barrel service fee of \$21.50 approximately. It was programmed to increase the flow above 2000 barrels during 2014 with timely interventions and enhanced

recovery techniques including water injection, acid stimulation artificial lift which entailed capex from both partners as also an upward revision in service fee to approximately \$29 per barrel. However, due to the stringent conditions imposed under the CDR on Gammon, the entire work program has been put on hold. Meanwhile, the well pressures have started declining rapidly and the average production at the end of September 2014 fell to about 950 barrels and continues to decline. We are in the process of identifying a strategic partner to remedy the situation apart from pursuing a complete divestment of the asset.

SAE Powerlines S.r.L.

The Company is engaged in design and construction of tower transmission lines and high and medium voltage sub-stations. The Company is presently operating in Ghana, Tanzania, Ethiopia, Mozambique, Benin, Togo and Ireland. At the end of September 2014, order backlog amounted to almost Euro 52 million.

In 2014, West Africa was infested with the Ebola epidemic which slowed down business activities in the region where SAE has a significant presence. Global outlook of the industry especially in Africa and Europe in 2014-15 is good. Inter-connecting lines and infrastructure impetus in Africa region and revamping of Transmission systems in Europe creates good possibilities for SAE in Ghana, Tanzania, Togo, Benin, Ethiopia, Poland, Georgia and Ireland. It has also participated in new tenders in Bangladesh and Indonesia as part of its geographical expansion strategy.

SAE, however, is facing challenges of tight cash flows due to delayed projects and delayed receipt of retention and claims. It is expediting realisation of claims and final closure of projects and garnering banking support to execute projects faster in the coming year.

FINANCIAL PERFORMANCE

The year under review is a 9-month period commencing on 1st January, 2014 and ending on 30th September, 2014. During the period, the Turnover of the Company on a standalone basis stood at ₹ 2,966.99 crore, as compared to ₹ 3,279.31 crore during the previous period. The Company posted a Net Profit after Tax of ₹ 67.80 crore

Management Discussion & Analysis

during the period ended 30 September, 2014, as against a Net Loss after Tax of ₹ 765.91 crore during the previous period ended 31 December, 2013. The profit was mainly on account of sale of the Company's stake in its infrastructure development arm Gammon Infrastructure Projects Limited to its subsidiary Gammon Power Limited.

On a Consolidated basis, the Turnover of Gammon Group stood at ₹ 3,842.61 crore as compared to ₹ 4,932.42 crore for the previous period. The Group posted a Net Loss after Tax of ₹ 728.88 crore during the period ended 30 September 2014, as against a Net Loss after Tax of ₹ 761.86 crore during the previous period ended 31 December 2013.

The macro-economic environment is facing a slow growth trend. It has further deteriorated and year 2014 was another challenging year for EPC companies and your Company was no exception. The Indian economy continued to face troubled times with the depreciating rupee, high inflation and endemic liquidity problems. Policy indecisiveness, scarce financial resources, inflationary pressures, project delays due to unexpected developments, bureaucratic hurdles and other similar factors continued to create innumerable difficulties to both, the sector and the Company.

The infrastructure segment continued to be sluggish due to policy inaction and liquidity constraints. Project execution continued to be slow due to delays in funding. Interest and Finance costs continued to be high. The backlog at stalled project sites created due to severe liquidity crisis continued to adversely affect project execution. The Company was affected due to resource crunch, delays beyond the control of the Company such as delays in land acquisition, municipal permission, approval of designs by client, and over and above scarcity in availability of labour and materials thereby widening the gap between the planned outlay and actual spending. Order intake remained sluggish, since many of the stalled projects are yet to be kick-started. Projects already awarded are generally progressing slowly due to various continuing problems on ground which remain unresolved over the years leading to cost escalations which remain unpaid.

The Company's overseas operations were characterised by weak order booking, inflexible labour markets, paucity of working capital and uncertain political climate. Continuation of recession in the European economy, and weak Euro position against the USD has frazzled the investment of the Group.

The Company is exploring several options for overcoming the liquidity crisis. The Group is in the process of monetizing its investments in real estate as well as of its overseas assets and to divest its non-core businesses, disposal of idle equipment. During the period under review, the Company focused on realising long pending receivables, arbitration awards, retention moneys. Several projects were concluded and moneys are being realised. The Company is now concentrating on bidding projects relating to its core competency as also projects with high yielding margins. The Order Book as on 30th September, 2014 stood at ₹ 12,800 crore.

CHANGE MANAGEMENT

The infrastructure sector continued to face a slowdown due to recessionary trends, policy indecisiveness, reduced government spending, liquidity crunch, inflationary pressures, and other difficult macro-economic conditions. Delay in projects, issues related to land acquisitions, lack of fuel for power projects and lower traffic in road projects led to infrastructure companies being straddled with stretched balance sheets, inability to service debt obligations and low appetite for new projects. Gammon, in particular, suffered from strategic investments in overseas subsidiaries and real estate projects, increased debt burden and interest liability and investment in PPP/BOT arm Gammon Infrastructure Projects Limited, all of which hurt the core operations of the EPC business.

To emerge out of the current situation, it sought a lifeline from lenders who recast the Company's debts through a Corporate Debt Restructuring (CDR) mechanism. The cut-off date is 1st January, 2013. Total debt aggregating ₹ 14,814.17 crore (both fund and non-fund based) has been restructured. The package provides a ten-year repayment plan (including two-year moratorium) of the existing debts. The interest rate has been lowered by 1% for 15 months, waiver of penal charges till date of implementation and

additional funding by way of priority loan. All securities envisaged under the CDR scheme have been created.

The CDR package offered us an opportunity to turn around our business through a boost in working capital and rescheduling our debts. It provided the much-needed breather to improve the Company's cash flows, recover trade receivables, reduce operational costs and provide additional funding to meet the additional working capital

requirements. Capitalising on our core and inherent strengths of engineering and management, we have also lined up a "Change Management" strategy aimed towards protecting the earnings and eliminating losses arising out of risks. Our key focus is towards efficient completion and execution of existing projects, exploring newer opportunities and fresh order generation. Below are some steps we have initiated during the year as part of our "Change Management" strategy.

Key Strategies in Play

Sharpening the Basics

Our key focus is to adhere to our basic business principles of excellence, pragmatism and patience to enhance our leadership position in the industry. Moving in this direction is helping us become more resilient to the ups and downs of economic cycles. As part of this, we are now focusing on timely execution, operational excellence and strong domain expertise for each of our project to demonstrate our mettle on optimal asset operation.

Rejigging Core Business

We are reviewing and rejigging our core business from the demands of non-core activities to gain flexibility and rake in growth capital. Our focus is currently on high-margin, core competency EPC business of construction of bridges, elevated structures, metro rail, hydro and nuclear power, marine structures, high-rise structures and power T&D projects.

Increasing Net Receivables

During the year, our key emphasis continued to be cash collection and recovering pending dues from clients to help us meet working capital requirements. We have set up a dedicated team whose main target is to recover net receivables, arbitration awards, final bills and retention money.

Trimming Debt Burden

Being in a capital hungry business, we constantly aim at raking in capital to trim our debts. We are working towards divestment of non-core assets and proceeds will be utilised to trim our debts.

Completing Delayed Projects

We have begun leveraging our core strengths in executing and delivering projects held due to working capital requirements to release our resources. During the period under review, we identified such projects and are working actively towards delivering them, with sufficient support from our lenders.

Generating Fresh Orders

There is a definite pick-up in our current order-book of ₹ 12,800 crore. We are currently concentrating on selective acquisition of value-accretive orders in construction of bridges, water supply, metro rail projects and hydro power. Our core strengths lie in appropriate risk evaluation and risk mitigation mechanism.

Cost Optimisation

Optimising working capital and establishment costs is at the top of our minds always. We emphasise on lowering operational costs and improving efficiencies. By becoming a much leaner organisation, we are rejigging establishment costs in order to spur better top lines and sharper margins.

Management Discussion & Analysis

MANAGING RISKS & SYSTEMS

Our business sectors continue to face challenges from both internal as well as external environment like shortage of skilled labour, adaptability of technologies, availability of competent sub-contractors, commodity prices, frequent changes in political and economic scenarios. To add to these challenges, the recent economic slowdown has put a further strain on the sector operators due to change in funding environment resulting in a very demanding set-up with increased scrutiny from various stakeholders. Risk management is one of the key areas and your Company endeavours to protect its earnings and reduce/eliminate losses arising out of the various risks it faces. Over the years, your Company has steadily incorporated practices in risk management to mitigate various types of risks.

Some of the key risks that the Company manages and the various steps taken to mitigate these are listed here below:

1. The contract conditions are studied from a risk perspective for conditions including escalation provisions, land acquisition, right of way, clearances, utility shifting, retentions, etc. right at the estimation and tendering stage. Also carefully the project cash flow situation is gauged at the tendering stage itself. In case the project conditions are not found favourable we decide not to participate for such projects as such unfavourable conditions do not fit our risk appetite. To this end, the Company continuously reviews and strengthens the projects undertaken by any course correction required at planning, project management, contract management, execution stage.

In addition, the process of tender estimation is continuously reviewed with a view to make the bid realistic. This is of special significance in light of the severe competition prevailing in the industry today which is exerting immense pressure on margins.

2. Defaults and delays in payment of running bills and retention money by clients exerts pressure on the working capital requirements of the Company and pushes up the financial costs.
3. The Company has overseas operations and hence exposed to several external risks. The Company

addresses these risks by secondment of trained and competent personnel, engaging specialised agencies locally for proactive guidance and partnering with local business groups of repute in Joint Ventures.

4. The Company has in place adequate and comprehensive insurance covers for all its assets and projects to deal with calamities.
5. The Company has inflows and outflows in different currencies related to its projects. In addition, it has foreign currency denominated borrowings. To the extent that the overall position exceeds the natural hedge, the Company evaluates and puts in place a hedging strategy, for which it is adequately equipped with the necessary mandates at the operating level.
6. The internal audit cell of the Company has in place a comprehensive program across the Company. The internal controls of the Company are reviewed to detect and minimise the risks of fraud and misreporting. The reports of the internal controls are regularly reviewed by Audit Committee of the Board and their recommendation for better effectiveness implemented.
7. The Company has introduced controls through appropriate systems, striving to either eliminate the risk or reduce the adverse effects of Risks adequately in the following ways:
 - a. Supporting and strengthening its marketing, bidding and estimation team which enhanced the prequalification, estimation, tender evaluation, format pre-bid risk assessment and also ordered greater commercial oversight on the attractiveness of opportunities and also threats.
 - b. Improved project planning and management by involvement of competent and experienced resources, focus on plant utilisation, efficiency and effectiveness, coordination meetings to address cross-functional issues, establishing DOA (Delegation of Authorities) and SOPs (Standard Operating Procedures) and effective utilisation of ERP in decision-making process.

- c. Careful sub-contractors selection, performance monitoring and evaluation, improved terms and conditions, including performance guarantees (transfer of risk), wherever necessary.
- d. Systematic monitoring, periodic review and reporting of applicable statutory and regulatory compliance requirements, strengthening of internal audit function and improved verification process, established work procedures, guidelines, quality assurance methodologies and structured internal disclosures mechanism.
- e. Cash management committee established at the highest management level for streamlined fund allocation.
- f. Monitoring of cost and time over-runs, creating sector finance controller position and integrating with execution team has resulted in improved cost effective decision making process, various ratio analysis related to cost facilitate execution team leaders to forecast the project cost/time overrun.
- g. Creating a special task force for collection of long pending rightful dues from Clients.

Persistent efforts in implementing the mitigation plan will ultimately drive the Company to evolve a mature and sustainable solution for compliance, loss minimisation, risk management and measurement, strategic integration to optimisation of returns.

MANAGEMENT SYSTEMS

GIL has established a management system to comply with applicable requirements, standards, and legal requirements, related to quality, occupational health, safety and environment. Through the management system, GIL aims to:

- Assure customers that GIL's products and services will meet their specified requirements,
- Ensure that personnel working on site, members of public, and visitors to site are adequately protected from risk of injury or illness, and

- Ensure that appropriate environmental protection measures are implemented on works undertaken within work areas.

The management systems ensure that all the operations which directly affect quality, safety and environment are identified and planned to ensure that they are carried out under planned and controlled conditions. It establishes a framework to identify risks, control risks, assess effectiveness of these controls and improve management of quality, occupational health & safety and environment. This includes processes to identify, control and review, OH&S and environmental risks over which it has control or influence. The process identifies safety controls and environment protection measures that must be put in place to minimise identified risks.

The controls and measures are developed in consultation with the site personnel and represent the safest and most practical way of carrying out work activity and fulfilling any specific project safety requirements or environmental aspects. The project management team is responsible for the development of such operational control procedures. Existing operational control procedures and method statements are amended, or additional procedures issued, as may be necessary, to address changes in the risk portfolio. Similarly, registers of applicable legal requirements are compiled, and their compliance tracked on an electronic database centrally accessible by concerned personnel.

For processes, which directly cannot be measured for their acceptance (for instance, concreting, welding, complex computer-programs, use of ground anchors), the Project Head along with the customer, defines the process of qualification of product, i.e. the personnel, workmen and processes of execution. The results of these validations are kept as a record so that it can be referred at a later stage.

The management system also incorporates provisions for product identification and traceability and to positively indicate the conformance or non-conformance of a product and/or process with regard to inspection and tests performed.

The organisation implements provisions to ensure that all employees of GIL shall be made aware on how to respond to and behave in an emergency situation. Necessary

Management Discussion & Analysis

information in this regard is readily available and posted at appropriate locations in the office and at project sites. GIL conducts emergency drill at regular intervals, at all its premises, including project sites, with an aim to periodically review its emergency preparedness and response.

GIL monitors conformity to its established benchmarks for process performance. These benchmarks are based on standards required by customers, as well as industry standards. Compliance to requirements of contracts, standards, law, statutes, regulations and other requirements related to project, OH&S, and environment, are evaluated periodically by the concerned HODs and project managers. Such leadership personnel and designated personnel ensure that elements related to the following areas are monitored at defined intervals:

- Significant hazards, environmental aspects and legal requirements
- Process efficiency
- Product quality
- Customer satisfaction
- Monitoring agency, methods and instruments
- System compliance

These involve internal audits, management reviews, inspections, tests, calibrations, performance assessments of employees and sub-contractors, audits by external agencies, incident reporting, and customer satisfaction surveys. The results of the monitoring, decisions and actions are duly recorded.

INTERNAL CONTROLS

Your Company believes that sound internal controls and systems are related to the principle of good governance, and should be exercised within a framework of proper checks and balances. Accordingly, your Company has devised and implemented such internal control systems as are required in its business processes; the adequacy of these have been commented upon by the Statutory Auditors in their report as required under the Companies (Auditors Report) Order, 2003.

The Company remains committed to ensuring an effective internal control environment that provides assurance on

the operations and safeguarding of its assets. The internal controls have been designed to provide assurance with regard to recording and providing reliable financial and operational information, complying with the applicable statutes, safeguarding assets, executing transactions with proper authorisation and ensuring compliance with corporate policies.

Internal Audit is that function which monitors the Company's Internal control environment. Conventional and strong internal audit processes, both at the Corporate and project level ensure concurrent review of the adequacy and effectiveness of internal controls across the Company and the compliance status with laid down systems, policies and procedures. In the ERP environment of the Company, authentication of IT security and rights to operate and view are periodically addressed by the internal audit team and observations are submitted to the management on a case to case basis.

The Internal Audit department is made up professionally qualified accountants, management graduates & engineers, located at its Corporate Office and elsewhere in the country, who regularly review the planning and conduct of internal audits of major construction and transmission line sites. In addition to the inhouse team, a firm of Chartered Accountants has been appointed to carry out internal audits of various functional areas at the Head Office.

Your Company's Internal Audit function has a documented process which is in conformity with ISO quality standards. In addition to the traditional "post-audit", i.e., a review of historical transactions, your Company has also introduced in its Internal Audit methodology a concept of "pre-audit", where a separate Centralised Certification Unit has been established to verify all liabilities that are generated at the site level.

The Audit Committee consists of Independent Directors and is headed by experienced professionals. The Committee meets periodically to review the Auditor's reports and their observations and makes recommendations for adequacy, effectiveness of Internal Controls and required remedial action, if any, to the Board of Directors for its implementation.

PEOPLE'S POLICY

This year initiatives around fast track project execution, optimum working capital management, efficient and timely service from service department were the main focus areas. These initiatives have become a routine matter for working.

In order to further strengthen the capability, HR undertook strategic hiring at leadership level. Organization wide training activities were further strengthened by including behavioral training programmes. Various key HR processes have been automated to better serve the employees. HR also continued its focus on rightsizing the organization to reduce the supervision cost. As on 30 September 2014, the total number of employees was 4056 including the Transmission and Distribution business.

RESEARCH & DEVELOPMENT

Increasing focus on developing infrastructure in the country has opened up many opportunities for the construction companies. To rise up to the challenge of completing a huge quantum of work in a short time, we have to back up the onsite teams with continual improvement in our construction technology. During the year under review, various R&D activities undertaken by your company include:

- Designing high strength M60, M80 grade concrete for vertical pumping distance of 170 metre
- Designing pre-stressed concrete for bridge superstructure with high early strength using Fly Ash as replacement of cement
- Designing concrete cooling systems for placing mass concrete at 10°C
- Designing & construction of composite well on sloping rock profile
- 3T Capacity cantilever platform with telescopic arrangement for material loading & shifting
- 1.5T capacity Movable Formwork Lifting Gantry for DAM construction
- Access stair tower 4 storied high on modular cantilever structural arrangement
- 7m cantilever structural cover at high-rise building for safety of pedestrian movement

- Designing, fabrication and erection methodology for Santacruz-Chembur Link Road Project (SCLR)-Phase-1-Section-II. Fabrication and Erection of 50.9 m long Steel Plate Girders.

HEALTH, SAFETY & ENVIRONMENT

Health, Safety & Environment is a dynamic field continually evolving with new challenges. At Gammon India Limited, we are keeping pace with the challenges to resolve and deal with each concern. Corporate Safety has brought out "Ten Safety Resolves", which are:

- Acceptance of 'zero deviation' in safety
- Prevention of single mistake of worker leading to accident
- Visible second-level safety protection
- Responsibility & accountability in safety
- Compliance to accident causation theory and dominos
- Detection of large number of SRDs

*Figures for the previous period have been regrouped.

The year under review is a 9 month period commencing on 1st January, 2014 and ending on 30th September, 2014. During the period, the Turnover of the Company on a standalone basis stood at ₹ 2,966.99 Crore, as compared to ₹ 3,279.31 Crore during the previous period. The Company posted a Net Profit after Tax of ₹ 67.80 Crore during the period ended 30 September, 2014, as against a Net Loss after Tax of ₹ 765.91 Crore during the previous period ended 31 December 2013. The profit was mainly on account of sale of the Company's stake in its infrastructure development arm Gammon Infrastructure Projects Limited to its wholly owned subsidiary Gammon Power Limited.

On a Consolidated basis, the Turnover of Gammon Group stood at ₹ 3,842.61 Crore as compared to ₹ 4,932.42 Crore for the previous period. The Group posted a Net Loss after Tax of ₹ 728.88 Crore during the period ended 30 September 2014, as against a Net Loss after Tax of ₹ 761.86 Crore during the previous period ended 31 December 2013.

The macro -economic environment is facing a slow growth trend. It has further deteriorated and year 2014 was another challenging year for EPC companies and your Company was no exception. The Indian economy continued to face troubled times with the depreciating rupee, high inflation and endemic liquidity problems. Policy indecisiveness, scarce financial resources, inflationary pressures, project delays due to unexpected developments, bureaucratic hurdles and other similar factors continued to create innumerable difficulties to both, the sector and the Company.

The infrastructure segment continued to be sluggish due to policy inaction and liquidity constraints. Project execution continued to be slow due to delays in funding. Interest and Finance costs continued to be high. The backlog at stalled project sites created due to severe liquidity crisis continued to adversely affect project execution. The Company was affected due to resource crunch, delays beyond the control of the Company such as delays in land acquisition, municipal permission, approval of designs by client, and over and above scarcity in availability of labour and materials thereby widening the gap between the planned outlay and actual spending. Order intake remained sluggish, since many of the stalled projects are yet to be kick-started. Projects already awarded are generally progressing slowly due to various continuing problems on ground, which remain unresolved over the years leading to cost escalations which remain unpaid.

The Company's overseas operations were characterized by weak order booking, inflexible labour markets, paucity of working capital and uncertain political climate. Continuation of recession in the European economy, and weak Euro position against the USD has frazzled the investment of the Group.

The Company is exploring several options for overcoming the liquidity crisis. The Group is in the process of monetizing its investments in real estate as well as of its overseas assets divesting its non-core businesses and disposal of idle equipment. During the period under review the Company focused on realizing long pending receivables, arbitration awards, retention moneys. Several projects were concluded and moneys are being realized. The Company is now concentrating on bidding projects relating to its core competency as also projects with high yielding margins. Your management has been striving hard and taking all efforts in ensuring repayment of interest due to CDR lenders. The Order book as on 30th September 2014 stood at ₹ 12,800 Crore.

With a new and progressive government at the Centre, the situation is likely to improve. With the Government's helping hand and positive attitude we look forward to a phased economic revival and boosting of business confidence due to hard policy decisions. We are hoping the government will come up with a clear cut road-map for implementing the policies. The upturn in sentiment means roads, ports and power projects will get on-stream. In addition to this, there will also be expediting of stalled infrastructure projects, revival of investment climate and sorting of infrastructure clearances. The government is expected to provide an environment conducive for growth investments, with major reforms in infrastructure sector, enabling all-round growth. There is a expected to be a kick-start to slow-moving highway projects.

Your Directors continue to believe in the long-term potential of India's infrastructure space. Moving forward, our business growth will be driven by our proven technical prowess in design, operations and maintenance. Going forward, our focus will be to consolidate existing opportunities and leverage new possibilities.

2. DIVIDEND:

As the Company is under a corporate debt restructuring, the Directors have not recommended any dividend for the nine (9) months period ended 30th September 2014 even though the Company has earned profits during the said period.

3. DEPOSITORY SYSTEM:

The Company's equity shares are compulsorily tradable in electronic form. As of 30th September 2014, 93.08% of the Company's total paid-up capital representing 127,048,879 equity shares is in dematerialized form. In view of the benefits offered by the Depository system, members holding shares in physical mode are advised to avail the demat facility.

4. FINANCE:

The Company is presently under a Corporate Debt Restructuring which was approved by lenders in June 2013. Total debts aggregating to ₹ 14,817.17 Crore have been restructured. The said restructured debts have been secured by mortgage and hypothecation of the Company's movable and immovable properties. Collateral security has also been provided to the CDR Lenders by way of (i) infusion of an amount of ₹ 100 Crore by the promoters, (ii) pledge of equity shares held by the promoters in the Company, (iii) personal guarantee by Mr. Abhijit Rajan – Chairman & Managing Director and (iv) Corporate Guarantee by one of the promoter companies viz. Nikhita Estate Developers Private Limited. The CDR package provides a ten year repayment plan (including a two year moratorium) of the Company's existing debts. The interest rate on the restructured debt has been lowered by 1-2% for 15 months period from cut-off date i.e. 1st January 2013 upto 31st March 2015, apart from waiver of penal charges from the cut-off date till the date of implementation of the project and additional funding by way of priority loan. The CDR package approved by the lenders gave the Company the much needed breather to streamline its operations, improve cash flows, recover its long term trade receivables, reduce its operational costs and also additional funding to tide over its immediate working capital requirements. ICICI Bank Limited is the monitoring institution and IDBI Trusteeship Services Limited is the Security Trustee acting on behalf of all the CDR Lenders. Majority of the envisaged securities were created by 31st March 2014.

During the year under review the Company did not raise any capital from the Capital markets either by way of issue of equity shares / ADR/GDR / or any debt by way of Debentures. The Company continued to get financial assistance from its CDR lenders within the overall facilities sanctioned under the CDR package to meet the working capital requirements.

5. PUBLIC DEPOSITS:

The Company did not invite or accept deposits from public during the year under review.

6. TRANSFER TO INVESTOR EDUCATION AND PROTECTION FUND:

During the nine (9) months period ended 30th September 2014, the Company has transferred Interim Dividend amounting to ₹ 209,863/- and Final Dividend amounting to ₹ 47,094/- (both for the year 2006-07) to Investor Education and Protection Fund (IEPF), which was due and payable and remained unclaimed and unpaid for a period of seven years, as provided in Section 205C(2), of the erstwhile Companies Act, 1956.

7. SUBSIDIARY COMPANIES:

No new subsidiary was incorporated / acquired by the Company during the nine (9) months period ended 30th September 2014. During the period under review, names of the Company's following step down subsidiaries were struck off the Register of Companies by the Ministry of Corporate Affairs on an application made by the respective companies:

- (a) Dohan Renewable Energy Private Limited (effective 23rd March 2014)
- (b) Kasavati Renewable Energy Private Limited (effective 23rd March 2014)
- (c) Indori Renewable Energy Private Limited (effective 2nd July 2014)
- (d) Markanda Renewable Energy Private Limited (effective 2nd July 2014)
- (e) Sirsa Renewable Energy Private Limited (effective 29th August 2014)

During the period under review, the Company divested its entire stake in its subsidiary viz. Gammon Infrastructure Projects Limited ("GIPL") by sale of 528,000,000 equity shares (constituting 52.28% at the time of the sale) of ₹ 2/- (Rupees Two Only) of GIPL to its wholly owned subsidiary viz. Gammon Power Limited. As a result of the said sale of shares, GIPL is now a step-down subsidiary of the Company.

As per the General Circular 08/2014 No. 1/19/2013-CL-V dated 4th April 2014 issued by the Ministry of Corporate Affairs, the financial statements (and documents required to be attached thereto), auditors report and board's report in respect of financial years that

commenced earlier than 1st April 2014 shall be governed by the relevant provisions/Schedules/rules of the Companies Act, 1956. In view of the same the financial information of the Company's subsidiaries have been provided as per the provisions of the erstwhile Companies Act, 1956 and the applicable circulars issued thereunder.

The Ministry of Corporate Affairs, Government of India has, vide General Circular No. 2/2011 dated 8th February, 2011 read together with General Circular No. 3/2011 dated 21st February, 2011, granted exemption under Section 212(8) of the Companies Act, 1956, for not attaching Annual Report of subsidiary companies, subject to fulfillment of certain conditions by the holding company. As stated in the said circulars, the Board of Directors, vide its resolution dated 18th December 2014 accorded its consent for not attaching the balance sheet of the subsidiaries. Further the Company has presented in the Annual Report, the consolidated financial statements of the Company and all its subsidiaries duly audited by its statutory auditors. The consolidated financial statements have been prepared in strict compliance with the applicable Accounting Standards and, where applicable, the Listing Agreement as prescribed by the Securities and Exchange Board of India. The Company has disclosed in the consolidated balance sheet the following information in aggregate for each subsidiary including subsidiaries of subsidiaries:- (a) capital (b) reserves (c) total assets (d) total liabilities (e) details of investment (except in case of investment in the subsidiaries) (f) turnover (g) profit before taxation (h) provision for taxation (i) profit after taxation (j) proposed dividend.

8. CONSOLIDATED FINANCIAL STATEMENTS:

Your Directors have pleasure in attaching the Consolidated Financial Statements pursuant to Clause 32 of the Listing Agreement entered into with the Stock Exchanges and prepared in accordance with the Accounting Standards prescribed by the Institute of Chartered Accountants of India, in this regard and forms part of the Annual Report.

9. DIRECTORS' EXPLANATION ON AUDITOR'S REPORTS:

Directors explanation on the Auditors comments on the financial statements (both on Standalone and Consolidated) for the year ended 30th September 2014 as set out in their respective auditors reports of 5th December 2014 and 18th December 2014 is as follows:

- (a)** With reference to clause (e) of the "Basis of Qualified Opinion" in the Audit Reports on the Standalone Financial Statements wherein the auditors have opined that the Company has during the year after 1st April 2014 granted unsecured loans to one of its Joint Ventures beyond the limits specified in Section 186 of the Companies Act 2013 i.e. without the prior approval of the members in general meeting, the Board would like to inform you that, as explained in Note 12(vi) of the Standalone Financial Statements, the loan was given as a business exigency and in the ordinary course of business. The Company had entered into joint venture namely, Gammon Cidade Tensacciai Joint Venture (the "JV") with Construtora Cidade LTDA and Tensacciai S.p.A. for the purpose of execution of "Construction of bridge and its approaches over river Yamuna downstream of existing bridge of Wazirabad [SH: Main Bridge (Cable Stayed)] at Delhi" (the "Project"). The JV was required to import materials for the said Project. On account of business exigency, the Company had granted unsecured loan to the JV for purchasing the material. The said transaction amounted to giving of loan by the Company to the JV and though in the ordinary course of business, exceeded the limits prescribed under Section 186 of the Companies Act, 2013. The Directors would also like to inform you that the Company shall, in due course, obtain shareholders' approval for giving of loans/advances to its joint ventures/associates.
- (b)** With reference to clause (a) of the "Basis of Qualified Opinion" in the Audit Reports on both Standalone as well as Consolidated Financial Statements wherein the auditors have opined that they are unable to comment on the adequacy of the provisions made by the Company for diminution of the value of its investments due to non-availability of financials of Franco Tossi Meccanica S.p.A ("FTM") the Company's subsidiary in Italy, the Board, while drawing your attention to Note 33(c)(i) and (ii) of Standalone and in Note 1(a)(ii)(a) of Consolidated Financial Statements, would like to reiterate that FTM has filed an application for a pre-insolvency procedure which has been admitted by a court at Milan. In light of the ongoing procedure, till date, the financial statements of FTM have not been released by the empowered Commissioner. Further, it is envisaged that these will not be released until the process of insolvency is complete. However, the Company has made adequate provision towards its exposure for all the known liabilities in FTM. The management is of the opinion that since it will recover an amount not less than the carrying amount of FTM, no further provision for diminution is required to be made.

- (c) With reference to clause (b) of the “Basis of Qualified Opinion” in the Audit Reports on both Standalone as well as Consolidated Financial Statements wherein the auditors have opined that “they are unable to comment on the adequacy of the provisions made towards the Company’s exposure towards corporate guarantees issued towards the jobs of FTM”, the Board would like to inform you that as mentioned in Note 33(c)(iii) of Standalone and in Note 1(a)(ii)(b) of Consolidated Financial Statements, the Company is in active negotiation with the clients of FTM for the cancellation of the demand of € 17.80 Million (₹ 139.21 Crore) made by the Clients. Further, the Company has made provision for the balance amount of € 4.04 Million (₹ 31.59 Crore).
- (d) With reference to clause (c) of the “Basis of Qualified Opinion” in the Audit Reports on both Standalone as well as Consolidated Financial Statements wherein the auditors have opined that “they are unable to comment on the adequacy of the provisions made towards the Company’s exposure in investments in and Guarantees given by the Company in respect of SAE Powerlines S.p.A, the Company’s subsidiary in Italy” the Board would like to inform you that as mentioned in Note 33(e) of Standalone and in Note 1(a)(v) of Consolidated Financial Statements, the management is of the opinion that considering the order book position and adequate references and strengths in international markets of its subsidiary SAE Powerlines the provision made by it for impairment of its investment, loans and trade receivables is adequate.
- (e) With reference to clause(d) of the “Basis of Qualified Opinion” in the Audit Report on Standalone Financial Statements and Clause (e) of the “Basis of Qualified Opinion” in the Audit Report on Consolidated Financial Statements, wherein the auditors have opined on managerial remuneration, the Board would like to inform you that as mentioned in Note 24(a) of Standalone and in Note 24 of Consolidated Financial Statements, the Company’s application for payment of ‘Minimum Remuneration’ of ₹ 6 Crore to Mr. Abhijit Rajan – Chairman & Managing Director for the financial years 2012-13 & 2013-14 was rejected by the Ministry of Corporate Affairs (“MCA”). The Company has made an application to the MCA for review of its decision and the MCA’s reply in this matter is awaited. The Company had also made an application to the MCA for waiver of payment of ‘Minimum Remuneration’ of ₹ 2 Crore to Mr. Himanshu Parikh (Former Executive Director) for the financial year 2012-13. In response to the Company’s said application, the MCA approved payment of ‘Minimum Remuneration’ of ₹ 1.66 Crore to Mr. Parikh. The Company has made a representation to the Ministry to reconsider its decision and reply is awaited. In view of the pending status of the aforementioned applications, no effect for the same has been given in the financial statements.
- (f) With reference to clause (d) of the “Basis of Qualified Opinion” in the Audit Report on Consolidated Financial Statements wherein the auditors have reported that the financial statements of Sofinter S.p.A. (“Sofinter”), Campo Puma Oriente S.A. (“CPO”), Ansaldo Caldaie Boilers (India) Limited, Gammon Holdings (Mauritius) Limited, Ansaldo Caldaie GB Engineering Limited and Gammon OJSC Mosmetrostroy Joint Venture are unaudited, the Board would like to inform you that as mentioned in Note 1(a)(i), 1(b)(iii) and Note 1(c) of Consolidated Financial Statements, the financial statements of these companies could not be audited due to insufficient time, unavailability of support staff and other severe administrative issues in these companies. Hence, the financial statements are as per management prepared accounts except in case of CPO & OJSC which were not audited on account of differences between the joint venture partners.
- (g) With reference to clause (d) of the “Basis of Qualified Opinion” in the Audit Report on Consolidated Financial Statements wherein the auditors have reported about the non-recognition of possible claims on trade receivables of Europower S.p.A., a subsidiary of the Associate Sofinter S.p.A., the Board would like to inform you that as mentioned in Note 1(c)(i)(c) of Consolidated Financial Statements, Europower S.p.A. has initiated legal proceedings in the competent court in Italy, against their customer to recover the amount of Euro 3 Million i.e. ₹ 23.46 crore (Company’s share being Euro 0.98 Million (₹ 7.62 crore). Pending the outcome of the said litigation, the risk of non-recovery arising from the same has been provided by Europower S.p.A to the extent of 2.3 Million Euro i.e. ₹ 17.92 crore. Considering the current status of the legal proceedings, the Directors of the said Europower S.p.A. believe that Sofinter S.p.A. will not incur additional losses over and above the said amount.
- (h) With reference to clause (d) of the “Basis of Qualified Opinion” in the Audit Report on Consolidated Financial Statements wherein the auditors have reported about non provision of trade receivables of Gammon & Billimoria LLC (GBLLC), Dubai a Subsidiary of the Company, the Board would like to inform you that as mentioned in Note 16(iv) of Consolidated Financial Statements, the amount is due from a Debtor of GBLLC which includes retention money aggregating to AED 2.7 million (₹ 4.54 crore) due

to GBLLC acting as a sub-contractor. The management of the said subsidiary is of the opinion that the amount is contractually recoverable and the subsidiary company is in negotiations with the principal client and in their opinion no provision is required to be made towards the same.

- (i) With reference to second para of clause (d) of the "Basis of Qualified Opinion" in the Audit Report on Consolidated Financial Statements wherein the auditors have reported their inability to determine recoverability of an amount of ₹ 81.27 Crore in connection with legal proceedings initiated by the Company's subsidiaries viz. (i) Patna Buxar Projects Limited and (2) Mormugao Terminal Limited against unilateral termination of their respective concession agreements, the Board would like to inform you that since the management of the respective aforementioned companies is confident of recovery of the aforesaid amounts, no provision has been made in the accounts.
- (j) With reference to clause (f) of the "Basis of Qualified Opinion" in the Audit Report on Consolidated Financial Statements, wherein the auditors have opined on encashment of bank guarantee of one of the subsidiaries viz. Patna Water Supply Distribution Network Private Limited, by the client and subsequent termination of the contract by the Client, the Board would like to inform you that since the said subsidiary believes that it has a good case against the Client, it has sought legal advice on the matter and hence the said encashment does not require any provision.

Members' attention is drawn to "Emphasis of Matter" stated in the Auditor's Report dated 5th December 2014 on the Standalone Financial Statements and in the Audit Report dated 18th December 2014 on the Consolidated Financial statements for the nine (9) months period ended 30th September 2014. The Directors would like to state that the said matters are for the attention of members only and have been explained in detail in the relevant notes to accounts as stated therein and hence require no further clarification.

B. Technology Absorption:

Timely completion of the projects as well as meeting the budgetary requirements are the two critical areas where different techniques help to a great extent. Many innovative techniques have been developed and put to effective use and the efforts to develop new techniques continue unabated.

C. Research and Development (R & D):

Increasing focus on developing infrastructure in the country has opened up many opportunities for the construction companies. In the continued difficult economic conditions, cost reductions and early completion of projects remains high on the agenda for every construction company. The opportunities for economizing the designs, improving the productivity, reducing wastage and adopting better construction practices leave a lot of scope for research and technology implementation. There is an urgent need

to increase efforts for standardization of equipment, formwork, structural designs and construction procedures. The current market challenges makes it all the more important not to lose focus on the Research & Technology investments as innovating technologies are key to overcome the economic challenges.

To rise up to the challenge of completing huge quantum of work in a short time, we have to back up the onsite teams with continual improvement in construction technology. During the year under review the R&D activities undertaken by the company include:

- Designing high strength M60, M80 grade concrete for vertical pumping distance of 170 metres.
- Designing prestressed concrete for bridge superstructure with high early strength using Fly Ash as replacement of cement
- Designing concrete cooling systems for placing mass concrete at 10°C
- Designing & construction of composite well on sloping rock profile
- 3T Capacity cantilever platform with telescopic arrangement for material loading & shifting
- 1.5T capacity Movable Formwork Lifting Gantry for DAM construction
- Access stair tower 4 storied high on modular cantilever structural arrangement
- 7m cantilever structural cover at high-rise building for safety of pedestrian movement
- Designing, fabrication and erection methodology for Santacruz-Chembur Link Road Project (SCLR)-Phase-1- Section-II. Fabrication and Erection of 50.9 m long Steel Plate Girders (each girder weighing around 70 t).

D. Foreign Exchange Earnings and Outgo:

Total foreign exchange used and earned during the year:

	(₹ in Crore)	
	Current Period	Previous Period
Foreign Exchange Earnings	145.97	186.63
Foreign Exchange Outgo	113.04	162.60

INDEPENDENT AUDITOR'S REPORT

To
The Members of
Gammon India Limited

Report on Financial Statements

We have audited the accompanying Financial Statements of Gammon India Limited ("the Company"), which comprises the Balance Sheet as at 30 September 2014 and the Statement of Profit and Loss and the Cash Flow Statement for the period 1 January 2014 to 30 September 2014 ("period") and a summary of significant accounting policies and other explanatory notes on that date in which are incorporated the returns of the Nagpur branch including the overseas branches at Algeria, Nigeria, Kenya, Bhutan, Ethiopia, Rwanda, Yemen & Italy audited by branch auditors.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting standards referred to in Sub-Section (3C) of Section 211 of the Companies Act 1956 ("the Act") read with the General Circular 15/2013 dated 13 September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act 2013 read with General Circular 8/2014 dated 4 April 2014. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our qualified opinion.

Basis For Qualified Opinion

- a. We invite attention to Note 33 (c) (i) and (ii) relating to the accounts of one of the subsidiaries M/s Franco Tosi Meccanica S.p.A (FTM) which have not been audited since December 2011 and the details of the application for pre-insolvency composition agreement including the plans to sell the business of the subsidiary. In view of the non-availability of the financial statements for reasons detailed in the aforesaid notes we are unable to comment on the adjustments to be made in the financials in respect thereof. The Company's exposure in the said subsidiary (net of provisions and credit balance in Foreign Exchange Translation Reserve) is ₹ 1162.87 Crore which includes the loans made and Investments made (net of provisions) of ₹ 268.06 Crore, the exposure of corporate guarantee towards the borrowing made by the overseas SPV through which the step down subsidiary is held of ₹ 302.94 Crore and corporate guarantee exposures in respect of the said FTM by way of corporate guarantee issued by the Company towards the non-fund based limits granted to the said FTM based on which guarantees were given to the projects of the said subsidiary of ₹ 591.87 Crore. In the absence of the financial statements and any indication of the outcome of the pre-insolvency composition agreement we are unable to comment on the adequacy of the provision towards diminution in the value of investments and loans resulting in the net carrying value as aforesaid.
- b. In respect of the corporate guarantees issued towards the jobs of FTM as detailed in Note 33(c)(iii) the Company has received fresh demand for Euro 21.84 Million (₹ 170.80 Crore) against which the Company has made a provision of Euro 4.04 Million (₹ 31.59 Crore) towards liabilities arising from demand against some of the corporate guarantees. In respect of the other demand of Euro 17.80 Million (₹ 139.21 Crore) in respect of another project no provision is made as the Company is in active negotiation with the clients of the subsidiary for the cancellation of the demand. In view of the uncertainties involved in the negotiation settling in favour of the Company and the future of the business of FTM we are unable to comment upon possible further liabilities arising from such corporate guarantees.
- c. The Auditors of M/s SAE Powerlines S.r.l, Italy (SAE) , a subsidiary of the Company have expressed their inability to opine on the financial statements in view of the said SAE's ability to operate as a going concern being at risk and the directors of the said SAE have highlighted the liquidity crisis. The total exposure of the Company in SAE and ATSL Holdings B.V., Netherlands the Holding Company of SAE towards investments including guarantees towards the acquisition loan taken by SPV and guarantees towards the operating business of SAE is ₹ 328.06 Crore. The Company has made provision for impairment of investments and loan of ₹ 110.45 Crore and provision for risk and contingencies towards corporate guarantees for acquisition loan of the SPV of ₹ 88.29 Crore resulting in the net exposure of the Company at ₹ 129.32 Crore. Attention is invited to Note 33 (e) where the Company contends that the carrying value of ₹ 129.32 Crore does not need any provision despite the valuation of the business of SAE by independent valuers indicating an excess carrying value of ₹ 55.02 Crore that has not been provided for.
- d. The Company's application for managerial remuneration aggregating to ₹ 14.32 Crore for the Chairman and Managing Director has been rejected for the accounting years 2011-2012, 2012-2013 and 9 month period ended December 2013. The Company has preferred appeals for review of the matters with the Central Government for all the years for which the same is rejected. The Chairman and Managing Director has pending disposal of the review during the year refunded an amount of ₹ 1.85 Crore being the excess remuneration for the year ended 2011-2012. The remuneration for the period ended September 2014 of the Chairman and Managing Director is ₹ 4.71 Crore, of which an amount of ₹ 0.94 Crore is pending payment, for which application is being made. Pending the review and appeal of the Company for the accounting periods 2011-2012, 2012-2013, 9 month period ended December 2013 and 30 September 2014 no adjustments have been made for an amount of ₹ 17.18 Crore.
- e. The Company has during the year after 1 April 2014 granted unsecured loans to one of its Joint Ventures beyond the limits specified in Section 186 of the Companies Act 2013 without the prior approval of the members in general meeting.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the possible effects of the matters described in our basis for qualified opinion paragraph*, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the Company as at 30 September 2014;
- (b) In the case of the Statement of Profit and Loss of the profit for the period 1 January 2014 to 30 September 2014; and
- (c) In the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Emphasis of Matter

Without qualifying our report we invite attention to

- (a) We draw attention to Note 35 of the explanatory notes relating to recoverability of an amount of ₹ 167.23 Crore as at September 2014 under trade receivables in respect of contract revenue where the Company has received arbitration awards in its favour in respect of which the client has preferred an appeal for setting aside the said arbitration awards, recognition of claims while evaluating the jobs of ₹ 451.56 Crore towards work done on account of cost overruns arising due to client delays, changes of scope, deviation in design and other charges recoverable from the client which are pending approval or certification by the client and ₹ 123.80 Crore where the Company is confident of recovery based on advanced stage of negotiation and discussion. The recoverability is dependent upon the final outcome of the appeals & negotiations getting resolved in favour of the Company.
- (b) The Company has cash losses from operations after reducing the interest payments and has unabsorbed losses to the tune of ₹ 775.32 Crore. These conditions, along with other matters as set forth in Note 36 of the financial statements, indicate the existence of an uncertainty as to timing and realisation of cash flow.
- (c) Note 33(b) relating to the exposure of ₹ 197.16 Crore which includes non-fund based guarantees of ₹ 110.90 Crore towards acquisition of further stake of 35% in Sofinter. The transfer of shares to be done as detailed in the aforesaid note is essential to support the exposure of the Company towards the funded and non-funded exposure towards M/s Gammon Holdings (Mauritius) Limited for the additional 35% equity stake in Sofinter. Further the management has made assertions about the investment and reasons why the same does not require any provision towards diminution in the value of investment and loans provided. Relying on the assertions and on the further acquisition of interest in M/s Sofinter as detailed in the aforesaid note no adjustments have been made in the financials towards possible impairment.
- (d) We also invite attention to Note 12(iv) & Note 12(v) in case of Gactel Turnkey Projects Limited & G&B Contracting LLC where the management has made assertions about the investment and reasons why the same does not require any provision towards diminution in the value of investment and loans provided. Relying on the assertions as detailed in Note 12(iv) and (v) no adjustments have been made in the financials towards possible impairment.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2003 issued by the Central Government of India in terms of Sub-Section (4A) of Section 227 of the Companies Act 1956, we enclose in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the said Order. As detailed in the annexure the statement has been prepared with reference to the various sections of the Companies Act 1956, till its applicable date i.e. upto 31 March 2014
- 2. As required by Section 227(3) of the Companies Act 1956, we report that:
 - i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - ii) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of the books and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.
 - iii) The reports on accounts of the branches audited by the other auditors have been forwarded to us as required by clause (c) of Sub-Section (3) of Section 228 and have been appropriately dealt by us in preparing our report.
 - iv) The Balance Sheet, Statement of Profit & Loss Account and Cash Flow Statement dealt with by this report are in agreement with the books of accounts and with the returns received from the branches not visited by us.
 - v) In our opinion, *except for the possible effects of the matters described in our basis for qualified opinion paragraph*, the Balance Sheet, Statement of Profit and Loss Account and the Cash Flow Statement dealt with by this report comply with the accounting standards referred to in Sub-Section (3C) of Section 211 of the Companies Act 1956 read with the General Circular 15/2013 dated 13 September 2013 of the Ministry of Corporate Affairs and read with General Circular 8/2014 dated 4 April 2014 issued by the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act 2013.
 - vi) On the basis of the written representation received from the Directors and taken on record by the Board of Directors, we report that none of the Directors is disqualified as on 30 September 2014 from being appointed as a Director in terms of Sub-Section (2) of Section 164 of the Companies Act 2013 (corresponding to clause (g) of Sub-Section (1) of Section 274 of the Companies Act 1956).

ANNEXURE TO THE AUDITOR'S REPORT

Gammon India Limited

(Referred to in our report of even date)

- (i) (a) The Company is maintaining proper records showing particulars, including quantitative details and situation of fixed assets;
- (b) The Company has a program for physical verification of its fixed assets at periodic intervals. In our opinion, the period of verification is reasonable having regard to the size of the Company and the nature of its assets and operations. The discrepancies reported on such verification are not material and have been properly dealt with in the books of account.
- (c) The fixed assets disposed off during the year, in our opinion, do not constitute a substantial part of the fixed assets of the Company and such disposal has, in our opinion, not affected the going concern status of the Company.
- (ii) (a) Inventories, being project materials have been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable.
- (b) In our opinion and according to the information and explanations given to us, the procedure of physical verification of stock followed by the management is reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The discrepancies noticed between the physical stocks and books stocks were not material and the valuation of stock has been done on the basis of physically verified quantity. Therefore Shortage / Excess automatically get adjusted and the same is properly dealt in the books of accounts.
- (iii) (a) The Company has during the year granted unsecured loans to six parties covered in the register maintained under Section 301 of the Companies Act 1956. The maximum amount involved during the year was ₹ 1130.62 Crore and at the end of the year balance of loans granted to such parties was ₹ 1116.91 Crore.
- (b) In our opinion the rate of interest, wherever charged, and the other terms and conditions of such loans are not prima-facie prejudicial to the interest of the Company.
- (c) There are no stipulations for the repayment of principal and the interest, wherever charged. *The outstanding overdue interest receivable as at 30 September 2014 was ₹ 57.76 Crore.*
- (d) *Most of these parties are subsidiaries of the Company and therefore are being monitored for the recovery.*
- (e) The Company has not taken any fresh loans during the year from parties covered in the register maintained under Section 301 of the Companies Act 1956. In respect of the existing loans, taken from promoter group as part of the CDR agreement, the maximum amount involved during the year was ₹ 100 Crore and the end of the year balance of loans was ₹ 100 Crore.
- (f) In our opinion and according to the information and explanations given to us, the rate of interest, wherever charged and other terms and conditions for such loans are not prima-facie prejudicial to the interest of the Company.
- (g) Based on the terms of the Master Restructuring Agreement signed with the CDR lenders the promoter loans are subordinate to the restructured facilities and hence there are no repayments stipulated.
- (iv) In our opinion and according to the information and explanations given to us, the implementation of the *internal control procedure and assessment of risks in respect of the sub-contract and other site expenditure, material reconciliations, purchases needs strengthening to make it commensurate with the size and nature of its operations.* In respect of the purchase of fixed assets and sale of goods and services the internal control procedures are commensurate with the size of the Company and the nature of its business. *The weakness with respect to the adherence to the Internal control procedures for above referred activities are still continuing as at the Balance Sheet date which were reported upon in the previous audit reports.*
- (v) (a) In our opinion and according to the information and explanations given to us the transactions that need to be entered into a register in pursuance of Section 301 of the Act have been so entered.
- (b) All the transactions have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time and the nature of services rendered by such parties.
- (vi) The Company has not accepted any deposits from the public during the year under review and consequently the directives issued by the Reserve Bank of India and the provisions of Sections 58A and 58AA of the Act and the rules framed there under are not applicable. We are further informed that no orders have been passed by the Company Law Board in the case of the Company requiring compliances.
- (vii) In our opinion the internal audit system is presently commensurate with the size and nature of its business.
- (viii) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Accounting Records) Rules 2011 prescribed by the Company under 209(1)(d) of the Companies Act 1956 and are of the opinion that *prima-facie* the prescribed records have been maintained. We have however not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- (ix) (a) *The Company has several instances of delay in depositing undisputed statutory dues including Provident Fund, Professional Tax, Employees State Insurance, Works Contract Tax, Service Tax/VAT, Cess and Sales Tax dues with the appropriate authorities observed on a test check basis.*
- (b) *On the basis of the audit procedures followed, test checks of the transaction and the representation from the Management there are arrears amounting to ₹ 0.25 Crore to be deposited with Investor Education and Protection Fund , 0.68 Crore in case of Service Tax ,Income Tax of ₹ 0.06 Crore, ₹ 0.16 Crore in case of Provident Fund, ₹ 0.13 Crore in case of Works Contract Tax, ₹ 1.08 Crore in case of Road Tax, ₹ 0.08 Crore in case of Value Added Tax, ₹ 0.22 Crore in case of Professional Tax, ₹ 0.01 Crore in case of Deposit Linked Insurance Scheme, ₹ 0.14 Crore in case of Pension Fund, ₹ 0.01 Crore in case of Labour Welfare Fund , ₹ 0.07 Crore in case of Employee's State Insurance Scheme and ₹ 5.32 Crore in case of Royalty which were outstanding as at the last day of the financial year for a period of more than six months from the date they became payable.*
- (c) *According to the information and explanation given to us, the details of Sales Tax, Income Tax, Service Tax and Excise Duty that have not been deposited on account of dispute are stated in the statement of statutory dues outstanding attached herewith.*
- (x) *The accumulated losses of the Company are in excess of 50% of the net worth of the Company. The Company has incurred cash losses in the current year and in the previous year.*
- (xi) *According to the information and explanations given to us, the Company has defaulted in payment of interest dues to debenture holders, financial institution and Banks. The amounts of delays in interest servicing in respect of Rupee Term Loan, FITL, Priority Loan and Working Capital Term Loan were ₹ 270.76 Crore for a period ranging from 1 days to 78 days. The amounts of default in payment of interest and amounts overdrawn on cash credit facility was ₹ 24.09 Crore as at September 2014. The amount of default in payment of interest on Debentures was 19.14 Crore ranging from 1 days to 118 days. The amounts include the continuing default as at Balance Sheet date on repayment of interest which is annexed to the financial statements.*
- (xii) *According to the information and explanations given to us and based on the documents and records produced before us, the Company has not granted any loans or advances on the basis of security by way of pledge of shares, debentures or other securities. Accordingly the provisions of clause 4(xii) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.*
- (xiii) *The Company is not a nidhi / mutual benefit fund / societies. Accordingly the provisions of clause 4(xiii) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.*
- (xiv) *In our opinion, the Company is not dealing in or trading in shares, securities, debentures and other investments. Accordingly, the provisions of clause 4(xiv) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.*
- (xv) *According to the information and explanations the Company has given corporate guarantee for loans taken by other companies being subsidiary companies of this Company from banks or financial institutions. The other terms and conditions are not prima-facie prejudicial to the interest of the Company.*
- (xvi) *Based on the information and explanation given by the management the terms loans during the year were taken for funding the cash flow mismatches and for working capital thereby the term loans taken during the year have been applied for the purpose for which the loans were obtained.*
- (xvii) *In our opinion and according to the information and explanation given to us and on an overall examination of the Balance Sheet of the Company as at 30 September 2014, we report that no short terms funds were used for long-term purposes.*
- (xviii) *The Company during the year has not made any preferential allotment of shares to any parties or companies covered in the register maintained under Section 301 of the Companies Act 1956. Accordingly, the provisions of clause 4(xviii) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.*
- (xix) *The Company has not issued any debentures during the year. Accordingly, the provisions of clause 4(xix) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.*
- (xx) *The Company has not raised any money by public issues during the year. Accordingly, the provisions of clause 4(xx) of the Companies (Auditor's Report) Order, 2003 (as amended) are not applicable to the Company.*
- (xxi) *Based on the audit procedures performed and the information and explanation given by the management we report that no fraud on or by the Company has been noticed or reported during the year except for instances of malafide conduct by certain employees resulting in their dismissal from the employment from the Company.*

SIGNIFICANT ACCOUNTING POLICIES

AND EXPLANATORY NOTES

A Significant Accounting Policies :

1 Basis of preparation of Financial Statements :

- (a) The financial statements have been prepared to comply in all material respects with the notified accounting standards by the Companies Accounting Standards Rules, 2006 and the relevant provisions of the Companies Act, 1956 read with the General Circular 15/2013 dated 13 September 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. The financial statements have been prepared under the historical cost convention, on an accrual basis of accounting.
- (b) The classification of assets and liabilities of the Company is done into current and non-current based on the criterion specified in the Revised Schedule VI notified under the Companies Act, 1956.
- (c) The accounting policies discussed more fully below, are consistent with those used in the previous year.

2 Use of Estimates :

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known.

3 Revenue Recognition :

- (a) On Construction Contracts :

Long term contracts including Joint Ventures are progressively evaluated at the end of each accounting period. On contracts under execution which have reasonably progressed, profit is recognised by evaluation of the percentage of work completed at the end of the accounting period, whereas, foreseeable losses are fully provided for in the respective accounting period. The percentage of work completed is determined by the expenditure incurred on the job till each review date to total expected expenditure of the job.

Additional claims (including for escalation), which in the opinion of the management are recoverable on the contract, are recognised at the time of evaluating the job.

- (b) On supply of materials related to the transmission towers, revenue is recognized upon the delivery of goods to the client in accordance with the terms of contract. Sales include Excise Duty & other receivable from the customers but exclude VAT, wherever applicable.
- (c) Insurance claims are accounted for on cash basis.
- (d) Interest income is recognised on time proportion method basis taking into account the amounts outstanding and the rate applicable.
- (e) Dividend Income is accounted when the right to receive the same is established.

4 Turnover :

Turnover represents work certified upto and after taking into consideration the actual cost incurred and profit evaluated by adopting the percentage of the work completion method of accounting.

Turnover also includes the revenue from the supply of material in the transmission tower contracts in accordance with the terms of contract.

5 Joint Venture :

- (a) Joint Venture Contracts under Consortium are accounted as independent contracts to the extent of work completion.
- (b) In Joint Venture Contracts under Profit Sharing Arrangement, services rendered to Joint Ventures are accounted as income on accrual basis, profit or loss is accounted as and when determined by the Joint Venture and net investment in Joint Venture is reflected as investments or loans & advances or current liabilities.

6 Research and Development Expenses :

All expenditure of revenue nature is charged to the Statement of Profit and Loss of the period. All expenditure of capital nature is capitalised and depreciation provided thereon, at the rates as applied to other assets of similar nature.

7 Employee Retirement Benefits :

Retirement benefits in the form of provident fund and superannuation is a defined contribution scheme and contributions are charged to the Statement of Profit and Loss for the year / period when the contributions are due.

Gratuity a defined benefit obligation is provided on the basis of an actuarial valuation made at the end of each year / period on projected Unit Credit Method.

Leave encashment is recognised on the basis of an actuarial valuation made at the end of each year on projected Unit Credit Method.

Actuarial gains / losses are immediately taken to Statement of Profit and Loss and are not deferred.

8 Fixed Assets and Depreciation :

Fixed Assets are valued and stated at cost of acquisition less accumulated depreciation thereon. Revalued Assets are stated at the revalued amount. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition of its intended use.

Depreciation for the accounting period is provided on :

- (a) Straight Line Method, for assets purchased after 2 April 1987, at the rates and in the manner specified in Schedule XIV to the Companies Act, 1956.
- (b) Written Down Value Method, for assets acquired on or prior to 2 April 1987, at the rates as specified in Schedule XIV to the Companies Act, 1956.
- (c) Depreciation on revalued component of the assets is withdrawn from the Revaluation Reserve.
- (d) Depreciation on assets used for construction has been treated as period cost.
- (e) Depreciation on assets situated in countries outside India are accounted at the rates of depreciation prescribed as per the relevant local laws of such countries which are as follows :

Assets Category	Ethiopia	Kenya	Nigeria	Rwanda	Algeria	Bhutan
Computers	25%	30%	-	50%	15%	15%
Computers Software	25%	-	-	-	-	-
Furniture and Fittings	20%	13%	10%	25%	15%	15%
Plant and Machineries	-	-	15%	-	15%	15%
Office Equipments	20%	-	15%	50%	15%	15%
Electrical Fittings	-	-	15%	-	-	-
SPC Tools	20%	-	-	-	15%	15%
Vehicles	20%	-	-	-	20%	20%
Building / Store Cabin	-	-	-	-	5%	5%

- (f) Intangible Assets are amortised uniformly over three years.

9 Impairment of Assets :

On annual basis the Company makes an assessment of any indicator that may lead to impairment of assets. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired.

The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

10 Investments :

Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of long term investments.

11 Cash and Cash Equivalents :

Cash and Cash Equivalents in the Balance Sheet comprise cash at bank and in hand and short term investments with an original maturity of three months or less.

12 Inventories :

- (a) Raw materials are valued at cost, net of Excise duty and Value Added Tax, wherever applicable. Stores and spares, loose tools are valued at cost except unserviceable and obsolete items that are valued at estimated realizable value thereof. Costs are determined on Weighted Average Method.
- (b) Stores and spares and material at construction site are valued and stated at lower of cost or net realisable value. The Weighted Average Method of inventory valuation is used to determine the cost.
- (c) Work In Progress on construction contracts reflects value of material inputs and expenses incurred on contracts including estimated profits in evaluated jobs.
- (d) Work In Progress from manufacturing operation is valued at cost and costs are determined on Weighted Average Method.
- (e) Finished Goods are valued at cost or net realizable value, whichever is lower. Costs are determined on Weighted Average Method.

13 Foreign Currency Translation :

- (a) Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transactions.
- (b) Current Assets and Current Liabilities are translated at the year end rate or forward contract rate.
- (c) Any gain or loss on account of exchange difference either on settlement or translation is recognized in the Statement Profit and Loss.
- (d) Fixed Assets acquired in foreign currencies are translated at the rate prevailing on the date of Bill of Lading.
- (e) The transactions of branches at Kenya, Nigeria Algeria, Bhutan & Italy are accounted as integral operation.
- (f) The exchange gain / loss on long term loans to non integral operations being Subsidiaries are restated to Foreign Exchange Translation Reserve Account and will be transferred to the Statement of Profit & Loss in the year when the disposal or otherwise transfer of the operations are done.

14 Borrowing Cost :

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalized. Other borrowing costs are recognized as expenses in the period in which they are incurred. In determining the amount of borrowing costs eligible for capitalization during a period, any income earned on the temporary investment of those borrowings is deducted from the borrowing costs incurred.

15 Employee Stock Option Scheme :

Employee stock options are evaluated and accounted on intrinsic value method as per the accounting treatment prescribed under Guidance Note on "Accounting for Employee Share-based Payments" issued by the ICAI read with SEBI (Employee Stock Option Scheme & Employee Stock Purchase Scheme) Guidelines, 1999 issued by Securities and Exchange Board of India. Accordingly the excess of market value of the stock options as on the date of grant over the exercise price of the options is recognized as deferred employee compensation and is charged to Statement of Profit and Loss on graded vesting basis over the vesting period of the options. The un-amortized portion of the deferred employee compensation is reduced from Employee Stock Option Outstanding which is shown under Reserves and Surplus.

16 Taxation :

Tax expenses comprise Current Tax and Deferred Tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act.

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred Tax Assets and Deferred Tax Liabilities are offset, if a legally

enforceable right exists to set-off current tax assets against current tax liabilities and the Deferred Tax Assets and the Deferred Tax Liabilities related to the taxes on income levied by same governing taxation laws. Deferred Tax Assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all Deferred Tax Assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each balance sheet date the Company re-assesses unrecognised Deferred Tax Assets. It recognises unrecognised Deferred Tax Assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such Deferred Tax Assets can be realised.

The carrying amount of Deferred Tax Assets are reviewed at each balance sheet date. The Company writes down the carrying amount of a Deferred Tax Asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which Deferred Tax Asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

17 Sales Tax / Cenvat Credit / VAT / WCT :

Sales Tax / VAT / Works Contract Tax on construction contracts are accounted on payment basis. The Cost of Material (inputs) is accounted at purchase cost net of Excise Duty and Value Added Tax, wherever applicable. The Excise Duty elements of materials (inputs) is debited to "Modvat Credit Receivable A/c" and Value Added Tax element of materials (inputs) is debited to "VAT Credit Receivable A/c", under the head "Loans & Advances". The Excise Duty and Value Added Tax payable on dispatch of goods are credited to "Modvat Credit Receivable A/c" and "VAT Credit Receivable A/c" by debiting the same to Excise Duty and Value Added Tax (Sales Tax), respectively in Statement of Profit & Loss.

18 Provision, Contingent Liabilities and Contingent Assets :

Provisions involving substantial degree of estimation in measurement are recognised when an enterprise has a present obligation as a result of past event. it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities are not recognized but are disclosed in the notes to accounts. Disputed demands in respect of Central Excise, Customs, Income tax and Sales Tax are disclosed as Contingent Liabilities. Payment in respect of such demands, if any, is shown as advance, till the final outcome of the matter.

Contingent Assets are neither recognized nor disclosed in the financial statements.

19 Earning Per Share :

Basic & Diluted earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

20 Prior Period Items :

Prior period items are included in the respective head of accounts and material items are disclosed by way of notes to accounts.

Note - None of the above loanes have invested in shares of the Company.

- (iii) The balances of the project advances are subject to confirmation and consequent reconciliation, if any.
- (iv) The Company has invested an amount of ₹ 43.00 Crore by way of loans and investments in Gactel Turnkeys Projects Limited (Gactel) as on 30 September 2014. The net worth of Gactel as on 30 September 2014 is ₹ (41.99) Crore. Considering the intrinsic value of the assets and the business of Gactel, the net worth of Gactel does not represent its true market value. The diminution is of temporary nature and the loans together with interest accrued thereon are good and recoverable.
- (v) Based on the discussion with client, potential upside in the business opportunity and change in the economic scenario in Middle East region the Company is confident of recovery of amount of ₹ 50 Crore given as loan including to its subsidiary through its SPV Company 'Gammon & Billimoria Limited'. Hence, the management is of the opinion that no provision is required in books.
- (vi) Considering the business requirement and as a lead partner to Joint Venture the Company has during the year after 1 April 2014 granted unsecured loan to one of its Joint Venture being the facility provided by the bankers for the purposes of the Joint Venture out of the limits of the Company. The Company will ratify this transaction U/s 186 of the Companies Act 2013 in forthcoming shareholders meeting. (Refer Note 7(v))

During the period the Company has not remitted any amount of dividend in foreign currency.

33 Foreign Venture

(a) The Company through its Special Purpose Investment Vehicle holds the following stakes :

- Franco Tosi Mecannica S.p.A, Italy (FTM)
- Sofinter S.p.A, Italy
- Sadelmi S.p.A, Italy
- SAE Power Line S.r.l, Italy

- (b) The Company's exposure towards investment in Sofinter Group is ₹ 563.62 Crore including investments, loans and guarantees towards the acquisition loan taken by the SPV, M/s Gammon International B.V. The Company has carried out valuation of Sofinter Group through an independent valuer considering business plan of all companies within the Sofinter Group, order book position and economic environment where the Company is operating. The carrying value as at September 2014 is higher compared to the valuation by ₹159.49 Crore. The management is of the view that valuation carried out is based on current European scenario whereas growth option to various sub-continent in future cannot be ruled out. The management asserts that the valuation does not factor future growth when the world economies including those in Russia/CIS and USA improve and therefore considering the long term commitment of the management and its business plan, the management does not expect any provision towards diminution in the value of investment in Sofinter.

The Company had in 2011, issued Guarantees, including Corporate Guarantees, for an amount of USD 35.00 million on behalf of Gammon Holdings Mauritius Limited (GHML), a wholly owned subsidiary, to Guarantee its contractual commitment under a Put Option Agreement with BT Global Investors Limited (BT) who was a holder of shares and convertible bonds (the Sofinter Securities) in Sofinter S.p.A. The Put was to be exercised within February 2014 and on all the Sofinter Securities. Consequent upon the conversion of the bonds into additional shares in Sofinter on 18 December 2013, BT has become the holder of 35% shares in Sofinter, thereby diluting the holding of Gammon International B.V. in Sofinter to 32.5%. Prior to the date of this conversion, BT also exercised its Put Option on GHML for all the Sofinter securities, for an amount of USD 32.00 Million (₹197.16 Crore). The Put Option was duly honored by GHML by drawing on debt raised from Export Import Bank of India Limited (Exim) for USD 18.00 Million (₹110.90 Crore) and balance against the funded exposure by the parent Company for ₹ 93.99 Crore. Pending transfer of the shares by BT in favour of GHML, since certain pre-conditions in the bye-laws of Sofinter and the Shareholders Agreement are in the process of being fulfilled, without which the transfer cannot be recorded by Sofinter, BT has committed to pledge the Shares to Exim on behalf of GHML. Further pending the transfer of 35%, Sofinter continues to be an 'Associate Company'.

Considering the valuation report issued by external agency and pending transfer of shares from BT Global increasing the stake to 67.5%, the carrying value of investment in Sofinter group will not require any impairment.

- (c) i) The Board of Franco Tosi Meccanica S.p.A (FTM) filed on May 30th with the court of Milan (and with the Companies Registry) a "preliminary" request for admission to the procedure of pre-insolvency composition agreement with creditors and restructuring debts ("concordato preventivo"), under Articles 161 Clause 6, Italian Government Publication dated 10 March 1942 No 267 – further amended in September 2012 in light of acute financial stress being faced by the Company due to several extraneous reasons.

The said application was admitted by the Court on 7 June 2013 and the court soon thereafter appointed a Judicial Commissioner to evaluate the possibility of FTM continuing its operations and, if this was established, to set out a procedure to continue and manage the Company for a period of at least two years. On 31 July 2013, the presiding Judge of the Court of Milan having received confirmation of the possibility of continuity of FTM called for bids for the lease of the business of FTM. Four bidders have submitted compliant bids for the lease.

However, instead of finalizing the lease, the commissioner announced a revised procedure by which, instead of lease of the business interested bidders will have to place an offer for the outright purchase of the operational business of FTM. One of the pre-conditions of the bidding offer is for the bidders to takeover and substitute all the bank guarantees issued by FTM in favour of its clients of its ongoing projects. The date of bid submission was fixed for 7 October 2014. Only two bids have been received by the commissioner, who after evaluation has concluded that both bids were defective. Accordingly, a fresh bid is being called to encourage large participation and the new date of submission of bid is 22 December 2014. The entire procedure is expected to be completed within 60 days thereafter.

The continuous delay in final closure has put the ongoing projects of Franco Tosi in Congo, Nicaragua and Bolivia at risk of cancellation with consequences thereof, unless immediate steps are taken to scale up the execution with intent to meet the existing project schedules.

However in light of the ongoing procedure the commissioner has not released any financial statements of the Company to date and it is expected that this will not be released until the entire process is complete.

- ii) The Company's exposure towards Franco Tosi Mecannica S.p.A group is ₹1162.87 Crore (net of provisions and credit balances in foreign exchange translation reserve) which includes the loans and investments of ₹ 268.06 Crore and exposure of corporate guarantee towards the borrowings made by the overseas SPV through which the step down subsidiary is held of ₹ 302.94 Crore. Further there are guarantee exposures towards the non-fund based guarantees given to the projects of the said subsidiary of ₹ 591.87 Crore outstanding as at September 2014. The application for a pre-insolvency procedure filed by FTM was admitted by the court of Milan on 7 June 2013 after having received confirmation of the possibility of continuity of the Company, by calling for bids for the lease of its business. The successful bidder for the lease was foreseen to be finalized by early December 2013. However the commissioner has revised the procedure by which, instead of lease of a business the bidder will have to place an offer for outright sale of operational business to prospective bidders. The date of bid submission was to be finalized as December 2014, however the same is delayed and not yet finalised. In light of the ongoing procedure no financial statements of the Company have been released to date and it is expected that this will not be released until the entire process is complete.
- iii) During the period the clients of the said FTM have encashed the bank guarantees to a total amount of ₹170.80 Crore (Euro 21.84 Million). The guarantees encashed includes an amount of (Euro 17.80 Million) ₹ 139.21 Crore relating to a project in Nicaragua of which, based on the agreement with the bankers and the client, an amount of Euro 12.00 Million would be reinstated by way of release of the amounts from the client to the bankers and hence the net exposure for Nicaragua would remain at Euro 5.80 Million for which the Company is negotiating to cancel the demand, for the remaining Euro 4.04 Million (₹ 31.59 Crore) the Company has made a provision against the possible liability arising out of the said encashment to the Company.
- (d) The Company through its step down subsidiary P. Van Eerd Beheersmaatschappij B.V., Netherlands (PVAN) held a 50% shareholding in Sadelmi S.p.A for Euro 7.50 Million, Italy (Sadelmi) with the remaining 50% held by Busi Impianti S.p.A, Italy since April 2008. Due to the economic conditions prevailing in different parts of the world where Sadelmi was present some of the projects under execution encountered serious contractual problems. Sadelmi therefore sought creditors' protection through a Court in Italy and simultaneously, as part of scheme, applied for transferring the remaining projects and leased all references standing in its name since inception to a new Company Busi Power S.r.l wholly held by Busi Group.
- The above procedure however has not yet been completed as the decision in the Court is still awaited. The delay is on account of objections raised by some creditors among other reasons.
- In view of the uncertainties prevailing in Europe and the delay in the outcome of the Court process in respect of the creditors' protection sought by M/s Sadelmi in its application in connection therewith, the Company has, on prudent basis, made full provision towards its funded exposures in connection with the Investment in Sadelmi of ₹ 25.72 Crore and has charged the same as an exceptional item. The Company has exposure in respect of Corporate Guarantee for acquisition loan by its SPV.
- The Company has made provision as risks and contingencies of ₹ 69.46 Crore towards the guarantees issued to the banker of its wholly owned SPV PVAN, in respect of loans taken by the said subsidiary for making investment into Sadelmi, in accordance with AS-29 Provisions, Contingent Liabilities and Contingent Assets considering the net worth and operations of the said Sadelmi.
- (e) The Auditors of M/s SAE Powerlines S.r.l, Italy (SAE), a subsidiary of the Company have expressed their inability to opine on the financial statements in view of the said SAE's ability to operate as a going concern being at risk and the directors of the said SAE have highlighted the liquidity crisis. The total exposure of the Company in SAE and ATSL Netherlands B.V., the holding Company of SAE towards investments including guarantees towards the acquisition loan taken by SPV is ₹ 328.06 Crore. The Company has made provision for impairment of investments and loan of ₹ 110.45 Crore and provision for ₹ 88.29 Crore for risk and contingencies for corporate guarantees for acquisition loan of the SPV and the net exposure of the Company is ₹ 129.32 Crore. The management is of the opinion that considering the order book position and adequate references and strengths in international markets the provision made by it for impairment of its investment, loans and trade receivable is adequate notwithstanding the valuation carried out by an independent valuer for bankers specifying the value ₹ 72.76 Crore.
- (f) Considering the losses in one of its subsidiary M/s Ansaldocaldaie Boilers India Private Limited (ACBI) of ₹ 37.15 Crore, the Company has carried out an impairment test of its investments in ACBI. On the basis of the impairment test carried out during the previous the Management has made full provision towards the impairment of its investment in ACBI of ₹ 37.15 Crore.
- (g) In respect of outstanding balance of one the subsidiary, the accounts of the said subsidiary for the period up to December 2013 and later have not been finalized and therefore the balance outstanding of ₹ 29.24 Crore has not been confirmed and is subject to reconciliation thereof.

34 ESOP Scheme

Pursuant to the amalgamation of ATSL with the Company, the outstanding options of the employees of the erstwhile ATSL outstanding as on 1 April 2008 have been taken up as an obligation by the Company in accordance with the Scheme approved by the court. Accordingly the Company has accounted for the grant of 1,06,300 options to such employees at an exercise prize of ₹ 80 per share. The Company will issue two equity shares against each option in terms of the scheme of amalgamation approved by the Courts.

The options were granted by the erstwhile ATSL on 27 March 2007. The options vest in a graded manner over the period of four years and are exercisable during a period of three years from the date of vesting thereof.

Since the assets and liabilities of the erstwhile ATSL has been accounted at the book value, the accounting effect in the accounts are continued at the same value.

The fair value of the option however has been computed under the Black Scholes Method considering the data of the Company as on the date of grant of option for the purpose of disclosure as required under Guidance Note on Employee Share Based Payments detailed hereunder.

Options Granted on 27 March 2007 :

Vesting Date	No of Options	Exercise Period	Intrinsic Value on the date of grant of options	Fair Value of options as on date of grant of option
28 September 2008	21,260	28.09.2008 to 27.09.2011	250.00	677.65
28 September 2009	26,575	28.09.2009 to 27.09.2012	250.00	677.65
28 March 2010	26,575	28.03.2010 to 27.03.2013	250.00	677.65
28 March 2011	31,890	28.03.2011 to 27.03.2014	250.00	677.65
	106,300			

Had the compensation cost been accounted under the Fair Value Method, the Company's net profit would have changed as follows :

Particulars	Jan - Sep 2014	Apr - Dec 2013
Net Income as reported (₹ In Crore)	67.80	(765.91)
Add : ESOP Compensation Cost as accounted on Intrinsic Value Method (₹ In Crore)	-	-
Less : ESOP Compensation Cost as accounted on Fair Value Method (₹ In Crore)	-	-

Diluted Earnings Per Share - As Reported	4.97	(56.41)
Diluted Earning Per Share – Adjusted	4.97	(56.41)

The fair value of options accounted pursuant to the scheme of amalgamation was determined as at the date of grant of the options using the Black Scholes Option Pricing Model with the following assumptions :

Risk Free Interest Rate	7.50%
Expected Dividend Yield	0.39%
Expected Life of the Option	3 Years
Expected Volatility of Share Price	52.64%

The status of Employees stock options is as under :

Particulars	Jan - Sep 2014	Apr - Dec 2013

Option Exercised during the year	-	-
Option Shares Granted during the year	-	-
Option Shares Lapsed during the year	8,700	-
Option Shares Outstanding at the end of the year	-	8,700

During the period NIL (*Previous Period NIL*) options were exercised by the employees against which NIL equity shares (*Previous Period NIL*) were allotted and 8700 (*Previous Period NIL*) options were lapsed during the period on account of cessation of employment. None of the options outstanding have been forfeited during the period.

35 In respect of the projects undertaken by the Company -

- i) The Company in evaluating its jobs has considered an amount of ₹ 451.56 Crore arising out of claims for work done on account of cost overruns arising due to client delays, changes of scope, escalation claims, variation orders, deviation in design and other charges recoverable from the client which are pending acceptance or certification by the client or referred the matter to the dispute resolution board / arbitration panel.
- ii) In furtherance to the recommendation of the Dispute Resolution Board (DRB) and Arbitration Awards in the Company's favour, the Company has recognized income to the extent of ₹167.23 Crore which is part of Long Term Trade Receivable. The Company contends that such awards have reached finality for the determination of the amounts of such claims and are reasonably confident of recovery of such claims although the client has moved the court to set aside the awards. Considering the fact that the Company has received favourable awards from the DRB and the Arbitration Tribunal, the management is reasonably certain that the claims will get favourable verdict from the courts.
- iii) Trade Receivables includes ₹123.80 Crore in respect of two of its project based on advanced negotiation and discussion with the client and is confident of realising the same, pending the final revision in contract value.

36 The Company's CDR package was approved by the CDR EG in its meeting held on 24 June 2013 and communicated to the Company vide its letter of approval dated 29 June 2013. The Company executed the Master Restructuring Agreement (MRA) with the CDR lenders on 24 September 2013. Substantial securities have been created in favour of the CDR Lenders.

Based on robust order in hand of ₹12800.00 Crore and additional order inflow based on optimistic factors towards growth in infrastructure industry in India, the management is exploring various options to overcome the liquidity crunch such as sale of non-core and idle assets, pursuing rigorous austerity measure across all levels, downsizing its staff and actively exploring partnerships for its real estate projects. Company is also pursuing aggressively to realise non routine collection including claims and arbitration awards. After detailed evaluation of current situation, annual operating plan, expected cash flow and implementation of CDR package towards continuous support to the Company by bankers, the management is confident about continuation of operations of the Company. In view of this assessment by the management the going concern assumption is appropriate.

INDEPENDENT AUDITOR'S REPORT

To

THE BOARD OF DIRECTORS, GAMMON INDIA LIMITED.

We have audited the accompanying consolidated financial statements of Gammon India Limited ('GIL' or 'the Company') and its Subsidiaries, Joint Ventures and Associates (Gammon Group), which comprise the consolidated Balance Sheet as at 30 September 2014, and the consolidated Statement of Profit and Loss and the consolidated Cash Flow Statement for the period 1 January 2014 to 30 September 2014, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by The Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained and unavailability of audited financial statements and information of material Subsidiaries / Joint Venture detailed hereinafter provides sufficient and appropriate basis for our qualified audit opinion.

Basis of Qualified Opinion

- a. *The accounts of one of the Subsidiaries M/s Franco Tosi Meccanica S.p.A, Italy (FTM) have not been audited since December 2011 for reasons mentioned in note 1(a)(ii) of the financial statements which inter-alia covers the application for pre-insolvency composition agreement with creditors in Italian court and continuous postponement of dates and delays in conclusion of the process of restructuring. In the light of the on-going procedure the Commissioner in charge of the restructuring procedure has not released any financials. The said Subsidiary has not been consolidated in accordance with para 11.b of ('AS-21') "Consolidated Financial Statements" as the management contends that considering the status as detailed in the above referred note the Subsidiary operates under severe restrictions, which significantly impairs its ability to transfer funds to its parent. The said Subsidiary has therefore been accounted as per ('AS-13') "Accounting for Investments". The management has made significant provisions towards diminution in value of investments and the net carrying value of the Investments and the advances towards the said Subsidiary is at ₹ 54.71 Crore. In the absence of financial statements and any indications of the value arising out of the disposal or otherwise on completion of the composition agreement in the Italian courts we are unable to comment upon the adequacy of the provision for diminution in the value of Investment resulting in a net carrying value as aforesaid.*
- b. *In respect of the corporate guarantees issued towards the jobs of FTM as detailed in note 1(a)(ii)(b) the Company has received fresh demand for Euro 21.84 Million (₹ 170.80 Crore) against which the Company has made a provision of Euro 4.04 Million (₹ 31.59 Crore) towards liabilities arising from demand against some of the corporate guarantees. In respect of the other demand of Euro 17.80 Million (₹ 139.21 Crore) in respect of another project no provision is made as the Company is in active negotiation with the clients of the Subsidiary for the cancellation of the demand. In view of the uncertainties involved in the negotiation settling in favour of the Company and the future of the business of FTM we are unable to comment upon possible further liabilities arising from such corporate guarantees.*

- c. The Auditors of M/s SAE Powerlines S.r.L, Italy (SAE), a Subsidiary of the Company have expressed their inability to opine on the financial statements in view of the said SAE's ability to operate as a going concern being at risk and the Directors of the said SAE have highlighted the liquidity crisis. The total exposure of the Company in SAE and Atsl Holdings B.V., Netherlands, the Holding Company of SAE towards investments including guarantees towards the acquisition loan taken by SPV and guarantees towards the operating business of SAE is ₹ 328.06 Crore. The Company has made provision for impairment of investments and Loan of ₹ 110.45 Crore and provision for risk and contingencies towards corporate guarantees for acquisition loan of the SPV of ₹ 88.29 Crore resulting in the net exposure of the Company at ₹ 129.32 Crore. Attention is invited to note 1(a)(v) where the Company contends that the carrying value of ₹ 129.32 does not need any provision despite the valuation of the business of SAE by independent valuers indicating an excess carrying value of ₹ 55.02 Crore.
- d. The financial statements of the following Associate, Subsidiaries and Joint Ventures are based on un-audited management prepared financial statements as follows.
- M/s Sofinter S.p.A, Italy, a material Associate whose consolidated financial statements reflect the group's share of loss being ₹ 49.41 Crore,
 - M/s Campo Puma Oriente S.A, Panama, a Subsidiary of the Company, whose financial statements reflect Total Assets of ₹ 360.20 Crore, Revenue of ₹ 34.63 Crore and Net Cash Flows of ₹ (1.58) Crore. These financials are signed by one of the Director representing GIL on account of differences between the Group Company and the other Shareholder.
 - M/s Ansaldoaldaie Boilers (India) Private Limited, a Subsidiary of the Company, whose financial statements reflect Total Assets of ₹ 103.07 Crore, Revenue of ₹ 6.95 Crore and Net Cash Flows of ₹ (0.34) Crore.
 - M/s Gammon Holdings (Mauritius) Limited, a Subsidiary of the Company, whose financial statements reflect Total Assets of ₹ 197.27 Crore, Revenue of ₹ Nil and Net Cash Flows of ₹ (0.13) Crore.
 - M/s Ansaldoaldaie GB Engineering Private Limited, a Joint Venture of the group, whose financial statements reflect Total Assets of ₹ 65.29 Crore, Revenue of ₹ 3.93 Crore and Net Cash Flows of ₹ (0.38) Crore, the groups share in the Total Assets being ₹ 32.64 Crore, Revenue being ₹ 1.97 Crore and Net Cash Flow being ₹ (0.19) Crore.
 - M/s Gammon OJSC Mosmetrostroy, a Joint Venture of the group whose financial statements reflect Total Assets of ₹ 194.15 Crore, Revenue of ₹ 378.16 Crore and Net Cash Flows of ₹ (2.47) Crore, the groups share in the Total Assets being ₹ 99.02 Crore, Revenue being ₹ 192.86 Crore and Net Cash Flow being ₹ 1.26 Crore.

Since the Subsidiaries, Joint Ventures and Associates mentioned above are material, the Assets, Revenue and Cash Flow represented in those financial statements are subject to audit.

In the absence of audited financial results of the Associate M/s Sofinter detailed above, we reiterate the qualified opinions to the financial statements for the year ended 31 December 2013 of the auditors of the said Sofinter which is referred to in para 1(c)(i) for an amount of Euro 3.00 Million .i.e. ₹ 23.46 Crore regarding recognition of possible claims resulting in trade receivables being overstated by the same amount and consequent effect on profits recognized of Euro 2.10 Million .i.e. ₹ 17.92 Crore as qualified by the said auditors.

The auditors of one of the Subsidiaries M/s Gammon & Billimoria LLC, Dubai have qualified their audit opinion regarding receivables of AED 2.70 Million (₹ 4.54 Crore) (31 December 2013 AED 2.70 Million (₹ 3.93 Crore)), which is due to the Company as a sub-contractor. Since the said Company has back to back terms with the main contractor, the recoverability of the said amounts is dependent on successful outcome of the main contractor's dispute with the client, the auditors are of the opinion that substantial portion of the same should be considered as impaired.

- e. The Company's application for managerial remuneration aggregating to ₹ 14.32 Crore for the Chairman and Managing Director has been rejected for the accounting years 2011-2012, 2012-2013 and 9 month period ended December 2013. The Company has preferred appeals for review of the matters with the Central Government for all the years for which the application is rejected. The Chairman and Managing Director has, pending disposal of the review, during the year refunded an amount of ₹ 1.85 Crore, being the excess remuneration for the year ended 2011-2012. The remuneration for the period ended September 2014 of the Chairman and Managing Director is ₹ 4.71 Crore, of which an amount of ₹ 0.94 Crore is pending payment, for which application is being made. Pending the review and appeal of the Company for the accounting periods 2011-2012, 2012-2013, 9 month period ended December 2013 and 30 September 2014 no adjustments have been made for an amount of ₹ 17.18 Crore.

The auditors of one of the Subsidiaries of the Company, Gammon Infrastructure Projects Limited have qualified their report with respect to two projects where the authorities have unilaterally terminated the Concession Agreement against which these Project SPVs' are taking steps to claim compensation/relief as per the Concession Agreement. The Group's exposure to these projects is ₹ 81.27 Crore. As the outcome of these matters is uncertain, the Auditors are unable to determine the recoverability of said amounts and its consequential impact on the Consolidated Financial Statements.

- f. *Attention is invited to Note no 14(e) to the consolidated financial statements where the client of one of the Subsidiary has sought to terminate the contract and also encashed the Bank Guarantees for a total amount of ₹ 65.85 Crore. The liability towards mobilisation advance and interest thereon is ₹ 41.80 Crore. The Company is taking legal advice on the matter including seeking compensation towards the amount spent and recovery of Bank Guarantee. No effects for the same are given in the consolidated financial statements. The Auditors of the Subsidiary have qualified their report on this account.*

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the possible effects of the matters described in our basis for qualified opinion paragraph*, the consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- A. in the case of the consolidated Balance Sheet, of the state of affairs of the Company as at 30 September 2014;
- B. in the case of the consolidated Statement of Profit and Loss, of the loss for the period from 1 January 2014 to 30 September 2014; and
- C. in the case of the consolidated Cash Flow Statement, of the cash flows for the period from 1 January 2014 to 30 September 2014.

Emphasis of Matter

- (a) We draw attention to Note no 16(i), (ii) and (iii) of the explanatory notes relating to recoverability of an amount of ₹ 167.23 Crore as at September 2014 under trade receivables in respect of contract revenue where the Company has received arbitration awards in its favour in respect of which the client has preferred an appeal for setting aside the said arbitration awards, recognition of claims while evaluating the jobs of ₹ 451.56 Crore towards work done on account of cost overruns arising due to client delays, changes of scope, deviation in design and other charges recoverable from the client which are pending approval or certification by the client and ₹ 123.80 Crore where the Company is confident of recovery based on advanced stage of negotiation and discussion. The recoverability is dependent upon the final outcome of the appeals and negotiations getting resolved in favour of the Company.

The Company has cash losses from operations after reducing the interest payments and has unabsorbed losses as per consolidated financial statements to the tune of ₹ 2,591.25 Crore. These conditions, along with other matters as set forth in Note 32 of the Consolidated Financial Statements, indicate the existence of an uncertainty as to timing and realisation of cash flow. The auditors of six of the Subsidiaries and one of the Joint Ventures of the Group have also made an emphasis of matter on similar lines.

We draw attention to Note No 1(c)(i)(b) relating to the exposure of ₹ 197.16 Crore towards acquisition of further stake of 35% in Sofinter. The transfer of shares to be done as detailed in the aforesaid note is essential to support the exposure of the Company towards the funded and non-funded exposure for the additional 35% equity stake in Sofinter.

We also invite attention to Note 1(c)(i) in case of Sofinter S.p.A. where the management has made assertions about the investment and reasons why the same does not require any provision towards diminution in the value of investment and loans provided. Relying on the assertions and on the further acquisition of interest in M/s Sofinter as detailed in the aforesaid note no adjustments have been made in the financials towards possible impairment.

- (b) The auditors of one of the Subsidiary Gammon Infrastructure Projects Limited (GIPL) have made an Emphasis of Matter regarding
 - (i) unilateral termination and closure of Concession in a project, which is subject to pending litigations / arbitrations at various forums which may impact the carrying value of assets of the project assets. The GIPL Group's exposure towards the said project is of ₹ 17.87 Crore and a corporate guarantee of ₹ 7.97 Crore,
 - (ii) In relation to intention to exit one of the hydro power projects in Himachal Pradesh and seeking a claim of an amount against the amount spent on the project. The GIPL Group's project has cited reasons for non-continuance on account of reasons beyond its control. The GIPL Group is negotiating with its client for an amicable settlement on beneficial terms. The GIPL Group's exposure towards the said project is of ₹ 67.31 Crore and

- (iii) regarding the excess remuneration to the extent of ₹ 2.09 Crore, paid to the managerial persons beyond the limits specified in schedule XIII to the Companies Act 1956 / Schedule V to the Companies Act 2013. The said amount has been charged to statement of profit and loss for the period. The excess amount is subject to approval from the Central Government.

Pending conclusion of the matters, no adjustments have been made in the Consolidated Financial Statements.

- (c) The auditors of one of the Associates which forms a material component had qualified their report for the 12 month period ended 31 December 2013 relating to certain receivables from one of the affiliates of the said Associate. Subsequently the said Associate has received a binding offer as detailed in note no 1(c)(i)(d) for the sale of the affiliate, which is subject to certain clearances. Pending the sale materialising the Associate has retained the aforesaid receivable to the extent of the offer made and has charged off the balance receivables to its income statement.

Other Matters

- (a) We did not audit the financial statement of Nagpur branch included in the standalone financial statements of the Company whose financial statements reflect Total Assets of ₹ 1751.16 Crore as at 30 September 2014 and Total Revenues of ₹ 1051.74 Crore for the year ended on that date, as considered in the standalone financial statements. The financial statements of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of such branch auditors.

- (b) We did not audit the financial statements of

- (i) Certain Subsidiaries whose financial statements reflect Total Assets of ₹ 7285.43 Crore as at 30 September 2014, Total Revenue of ₹ 490.59 Crore and Cash Flows of ₹ 72.97 Crore for the 9 month period from 1 January 2014 to 30 September 2014;

Certain Joint Venture Companies whose financial statements reflect Total Assets of ₹ 796.95 Crore as at 30 September 2014, Total Revenue of ₹ 133.08 Crore and Cash Flows amounting to ₹ 11.77 Crore for the 9 month period from 1 January 2014 to 30 September 2014, the Company's share of such Assets, Total Revenue and Total Cash Flows being ₹ 411.79 Crore, ₹ 79.69 Crore and ₹ 7.03 Crore respectively and

- (ii) Certain Associates, the Company's share in the profit of such Associates being ₹ 0.06 Crore for the 9 month period from 1 January 2014 to 30 September 2014.

The above-mentioned financial statements have been audited by other auditors whose reports have been furnished to us, and our opinion is based solely on the report of other auditors. The Subsidiaries referred in para (a)(i) above do not include the standalone financial statements of Gammon Infrastructure Projects Limited where the audit has been conducted by us as the Joint Auditors.

- (c) The financial statements of certain Subsidiaries whose financial statements reflect Total Assets of ₹ 660.58 Crore as at 30 September 2014, Total Revenue of ₹ 41.58 Crore and Cash Flows of ₹ (1.39) Crore for the 9 month period from 1 January 2014 to 30 September 2014, certain Joint Ventures whose financial statements reflect Total Assets of ₹ 275.26 Crore as at 30 September 2014, Total Revenue of ₹ 385.29 Crore and Cash Flows of ₹ 2.16 Crore for the 9 month period from 1 January 2014 to 30 September 2014, the Company's share of such Assets, Revenue and Cash Flows being ₹ 142.25 Crore, ₹ 197.71 Crore and ₹ 1.13 Crore respectively, Associates in which the Company's share in the profit of such Associates being ₹ (49.58) Crore are based on unaudited financial statements are based on unaudited financial statements certified by the respective Managements or Director of the said entities as detailed in our basis of qualified opinion.

SIGNIFICANT ACCOUNTING POLICIES

AND NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

A ACCOUNTING POLICIES

1 Principles of Consolidation :

The Consolidated Financial Statements have been prepared to comply in all material respects with the notified accounting standards by the Companies Accounting Standards Rules, 2006 and the relevant provisions of the Companies Act, 1956 read with the General Circular 15/2013 dated 13 September 2013 of The Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013. The Consolidated Financial Statements have been prepared under the historical cost convention, on an accrual basis of accounting. The Consolidated Financial Statements comprise the financial statements of GAMMON INDIA LTD. ("the Company") and its Subsidiary Companies (the Company and its Subsidiaries are hereinafter referred to as 'the Group'), Associates and Joint Ventures in the form of jointly controlled entities. The Consolidated Financial Statement has been prepared on the following basis:

(a) Interests in Subsidiaries :

The Financial Statements of the Company and its Subsidiary Companies have been combined on a line by line basis by adding the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses as per Accounting Standard ('AS-21') "Consolidated Financial Statements" issued by The Institute of Chartered Accountants of India.

The Consolidated Financial Statements have been prepared using uniform policies for like transactions and other events in similar circumstances and are presented to the extent possible in the same manner as the Company's separate financial statements.

The excess of cost of investments of the Company over its share of equity in the Subsidiary is recognised as goodwill. The excess of share of equity of Subsidiary over the cost of investments is recognised as capital reserve.

The revenue related to construction services in respect of the BOT contracts, which are governed by Service concession agreements with government authorities (grantor), is considered as exchanged with the grantor against toll collection rights / annuities receivable, profit from such contracts is considered as realized. Accordingly, BOT contracts awarded where work is subcontracted within the group, the inter group transactions on BOT contracts and the profits arising thereon are taken as realised and not eliminated.

(b) Interests in Joint Ventures :

The Company's interests in Joint Ventures in the nature of Jointly controlled entities are included in these Consolidated Financial Statements using the proportionate consolidation method as per the Accounting Standard ('AS-27') "Financial Reporting of Interests in Joint Ventures" issued by The Institute of Chartered Accountants of India. The group combines its share of each of the assets, liabilities, income and expenses of the Joint Venture with similar items, on a line by line basis.

(c) Investment in Associates :

Investments in Associate Companies are accounted under the equity method as per the Accounting Standard ('AS -23') "Accounting for Investments in Associates in Consolidated Financial Statements" issued by The Institute of Chartered Accountants of India.

Under the equity method, the Investment in Associates is carried in the balance sheet at cost plus post acquisition changes in the Group's share of Net Assets of the Associate. The income statement reflects the Group's share of the results of operations of the Associates.

The excess of the Company's cost of investment over its share of Net Assets in the Associate on the date of acquisition of investment is accounted for as goodwill. The excess of the Company's share of Net Assets in the Associate over the cost of its investment is accounted for as capital reserve.

Goodwill / Capital Reserve is included / adjusted in the carrying amount of the investment.

2 Use of Estimates :

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known.

3 Revenue Recognition :

(a) On Construction Contracts :

Long-term contracts including Joint Ventures are progressively evaluated at the end of each accounting period. On contracts under execution which have reasonably progressed, profit is recognised by evaluation of the percentage of work completed at the end of the accounting period, whereas, foreseeable losses are fully provided for in the respective accounting period. The percentage of work completed is determined by the expenditure incurred on the job till each review date to total expected expenditure of the job.

Additional claims (including for escalation), which in the opinion of the Management are recoverable on the contract, are recognised at the time of evaluating the job.

- (b) In case of certain high end boilers the milestones method is used for the measurement of the stage of completion, so as to ensure greater compliance of the valuation in the financial statements with respect to the effective stage of completion of the activities
- (c) On supply of materials related to the transmission towers, revenue is recognized upon the delivery of goods to the client in accordance with the terms of contract. Sales include excise duty and other receivable from the customers but exclude VAT, wherever applicable.
- (d) Revenue from providing services are recognized in income statement at the moment said services are completed. As for works in progress, they are measured based on the status of completion of work. Whenever the results of the agreement cannot be reliably evaluated, revenues are recognized only to the extent that costs are deemed to be recoverable.
- (e) Insurance claims are accounted for on cash basis.
- (f) On Infrastructure Development Business :

(i) Annuity and Toll Receipts :

The toll fees collection from the users is accounted when the amount is due and recovered.

The cash compensation on account of multiple entries of cars has been accounted on accrual basis as per the order of Government of Kerala for which Supplementary Concession Agreement is being worked out between the Government of Kerala, Greater Cochin Development Authority and Cochin Bridge Infrastructure Company Limited (a Subsidiary of the Company).

The annuity income earned from Build, Operate, Transfer ('BOT') projects is recognised on a time basis over the period during which the annuity is earned. Revenues from bonus and other claims are recognised upon acceptance from customer /counterparty.

(ii) Berth Operations :

Revenue by way of berth hire charges, dust suppression charges, cargo handling charges, plot rent, wharf age, barge freight, other charges etc. are recognised on an accrual basis and is billed as per the terms of the contract with the customers at the rates approved by Tariff Authority for Marine Ports (TAMP) as the related services are performed.

Other operating income is recognised on an accrual basis when the same is due.

(g) Cargo freight income :

Cargo freight income is recognized at the time of booking of the consignment and is being accounted net of rebates, discounts and booking commission.

- (h) Revenue for design and assemblies are recognized on the basis of work progress reports provided for each contract.
- (i) Interest income is recognised on time proportion method basis taking into account the amounts outstanding and the rate applicable.
- (j) Dividend Income is accounted when the right to receive the same is established.

4 Turnover :

Turnover represents work certified upto and after taking into consideration the actual cost incurred and profit evaluated by adopting the percentage of the work completion method of accounting.

Turnover in respect of the BOT contracts, governed by Service concession agreements with government authorities (grantor), is considered as exchanged with the grantor against toll collection rights / annuities receivable and not eliminated.

Turnover also includes the revenue from the supply of material in the transmission tower contracts in accordance with the terms of contract and revenues in respect of the infrastructure development business.

5 Research and Development Expenses :

The Costs of research are charged at the moment they are borne.

The Costs for development in relation to a specific project are capitalized only when the Company is able to show the technical possibility of carrying out the intangible asset in order to make it available for use and sale, its intention to make it available for use and sale, the modalities the activity can provide for future economic benefits, the availability of technical, financial, as well as any other kind of resources in order to carry out development and its capacity to reliably assess the cost attributable to the activity during its development.

After the original recognition, the costs of development are assessed net of the corresponding quotas of amortization and of the impairment loss. Further capitalized costs for development are amortized with reference to the period of time where it is expected that the project thereof will produce revenue for the Company.

6 Joint Venture :

- (a) Joint Venture Contracts under Consortium are accounted as independent contracts to the extent of work completion.
- (b) In Joint Venture Contracts under Profit Sharing Arrangement, services rendered to Joint Ventures are accounted as income on accrual basis, profit or loss is accounted as and when determined by the Joint Venture and net Investment in Joint Venture is reflected as investments or loans and advances or current liabilities.

7 Employee Retirement Benefits :

The Companies of the Group have both defined contribution plans and defined benefit plans.

Retirement benefits in the form of provident fund and superannuation is a defined contribution scheme and contributions are charged to the Profit and Loss Account for the year / period when the contributions are due.

Gratuity a defined benefit obligation is provided on the basis of an actuarial valuation made at the end of each year / period on projected Unit Credit Method.

Leave encashment is recognised on the basis of an actuarial valuation made at the end of each year on projected Unit Credit Method.

Actuarial gains / losses are immediately taken to Profit and Loss account and are not deferred.

In case of certain Subsidiaries and a Joint Venture the entitlement of employee's retirement benefit is based upon the employee's final salary and length of service, subject to the completion of a minimum service period based on the laws of the respective country. The expected costs of these benefits are accrued over the period of employment. The terminal benefits are paid to employees' on their termination or leaving employment. Accordingly, the Company does not expect settlement against terminal benefit obligation in the near future.

8 Fixed Assets

Fixed Assets are valued and stated at cost of acquisition less accumulated depreciation thereon. Revalued assets are stated at the revalued amount. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition of its intended use. Borrowing costs relating to acquisition of fixed assets which take a substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Assets held by virtue of financial lease agreements, through which the risks and benefits associated with ownership thereof are essentially transferred to the Group, are recognised as Group assets and accounted for at their current value or, if lower, the current value of the minimum payments due for the leasing, including any sum to be paid for exercising the purchase option. The corresponding liability to the lessor is represented in the accounts under financial payables.

Capital Work In Progress represents the costs incurred on project activity till completion of the project. It includes all direct material, labour and sub-contracting costs and those indirect costs related to constructions that are identifiable with or allocable to the project including borrowing costs.

Depreciation and Amortization :

Indian Operations

Depreciation for the accounting period is provided on :

- (a) Straight Line Method, for assets purchased after 2-4-1987, at the rates and in the manner specified in Schedule XIV to the Companies Act, 1956.
- (b) Written down Value Method, for assets acquired on or prior to 2-4-1987, at the rates as specified in Schedule XIV to the Companies Act, 1956.
- (c) Depreciation on revalued component of the assets is withdrawn from the Revaluation Reserve.
- (d) The depreciation on assets used for construction has been treated as period cost.
- (e) The Infrastructure Projects Assets are amortized over a period of the rights given under the various Concession Agreements to which they relate.
- (f) Expenses incurred by the Company on periodic maintenance (required to be incurred by it in the 5th, 10th and 15th year as per the Contract with NHAI) are capitalised on the completion of said activity as the same enhances the useful life of the project. These costs are amortised over the period up to which the next periodic maintenance is due. The periodic maintenance of 15th year is written off over the balance concession period.

Overseas Operations

Depreciation is charged on a straight line basis over the useful life of the assets or as prescribed as per the relevant local laws of such country. Where the asset being depreciated is made up of distinctly identifiable elements, whose useful life significantly differs from that of the other parts the depreciation is provided separately in accordance with the component approach.

The estimated useful lives of the assets for calculating depreciation are as follows :

Asset	From	To
Building	20 Years	40 Years
Plant and Machinery	3 Years	20 Years
Computer	3 Years	7 Years
Furniture and Fixtures	3 Years	10 Years
Office Equipment	2 Years	15 Years
Motor Vehicles	3 Years	8 Years
Temporary Site Office	2 Years	8 Years

Intangible Assets :

Intangible assets are amortised over the period of the useful life of the rights and it begins when the asset is available for use. Intangible assets of infinite useful lives are not amortized but subject to impairment test, on an annual basis.

Intangible assets are represented by non-monetary elements, identifiable and lacking physical consistency, controllable and capable of generating future economic benefits. These elements are recorded at purchase and / or production cost, inclusive of any directly attributable expenses for preparing the asset for use, net of accumulated amortisation and any impairment losses.

Intangible assets also represents the concession rights in relation to toll roads to collect toll fees for improvement, operations and maintenance, rehabilitation and strengthening of existing 2 lane road and widening to 4 lane divided carriageway from Km. 539.500 to Km. 440.000 (Vadape-Gonde Section) of NH-3 on Build, Operate and Transfer (BOT) basis in the State of Maharashtra. Such costs include all construction costs including sub-contract costs and other costs attributable to the said project asset including borrowing costs and the proportionate cash payout (negative grant) at the end of concession period to NHAI.

Hitherto the amortisation of intangible assets arising out of service concession agreements was based on units of usage method i.e. on the number of vehicles expected to use the project facility over the concession period as estimated by the management. During the year, based on notification dated 17 April 2012 issued by The Ministry of Corporate Affairs, the Company has changed the method of amortisation of intangible assets arising out of service concession agreement prospectively. Effective 1 April 2012 the amortisation is in proportion to the revenue earned for the period to the total estimated toll and annuity revenue i.e. expected to be collected over the balance concession period. Had the Company followed the earlier method, the amortisation would have been higher by ₹ 1.85 Crore.

9 Impairment of Assets :

On annual basis Company makes an assessment of any indicator that may lead to impairment of assets. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

10 Investments :

Investments are classified as current and long term investments. Investments that are readily realisable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of long term investments.

Investments in Associates are accounted under Equity Method as per Accounting Standard ('AS 23') "Accounting for Investments in Associates in Consolidated Financial Statements" issued by The Institute of Chartered Accountants of India.

11 Inventories :

- (a) In case of the Indian Operations, the Stores and Construction Materials are valued and stated at lower of cost or net realisable value. The Weighted Average method of inventory valuation is used to determine the cost. Raw materials are valued at cost, net of Excise duty and Value Added Tax, wherever applicable. Stores and spares, loose tools are valued at cost except unserviceable and obsolete items that are valued at estimated realizable value thereof.
- (b) Work In Progress on construction contracts reflects value of material inputs and expenses incurred on contracts including estimated profit in evaluated jobs.
- (c) Work in progress from manufacturing operation is valued at cost and Costs are determined on Weighted Average method.
- (d) Finished Goods are valued at cost or net realizable value, whichever is lower. Costs are determined on Weighted Average method except in case of overseas operations and an Indian Subsidiary where the finished goods are valued on Weighted Average Cost basis.
- (e) In case of the overseas Operations and an Indian Subsidiary, the Stores and spares and Construction materials are valued at Weighted Average Cost basis.
- (f) Works in progress for service contracts are measured based on the status of completion of work. Whenever the results of the agreement cannot be reliably evaluated, revenues are recognized only to the extent that costs are deemed to be recoverable. The costs for purchasing goods and services are recognized in the income statement on accrual basis and develop into decreases in economic benefits, which occur in the form of cash outflows, or of impairment of assets or incurring liabilities.

12 Foreign Currency Translation :

Initial Recognition :

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transactions. Fixed Assets acquired in foreign currencies are translated at the rate prevailing on the date of Bill of Lading.

Conversion :

Current Assets and Current Liabilities are translated at the year end rate or forward contract rate.

Exchange Differences :

- (a) Any Gain or Loss on account of exchange difference either on settlement or translation is recognized in the Profit and Loss Account.
- (b) The exchange gain / loss on long term loans to non integral operations being Subsidiaries are restated to Foreign Exchange Translation Reserve Account and will be transferred to the profit and loss account in the year when the disposal of or otherwise transfer of the operations are done.

Translation :

- (a) The transactions of Oman branch are accounted as a non-integral operation. The related exchange difference on conversion is accounted under Foreign Currency Translation Reserve Account.
- (b) The transactions of branches at Kenya, Nigeria, Bhutan and Algeria are accounted as integral operation.
- (c) The conversion of component financial statements expressed in foreign currency are as follows:
 - (i) the assets and liabilities are converted using the exchange rates in effect as of the balance sheet date;
 - (ii) the income and expenditure are converted using the average exchange rate for the period / year;
 - (iii) the "Foreign Exchange Translation Reserve" comprises both the exchange differences generated by the conversion of the economic quantities using a rate other than the closing one and those generated by the conversion of the opening shareholders' equities at an exchange rate other than the closing one for the reporting period;
 - (iv) goodwill and adjustments deriving from the fair value linked to the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and converted using the period end exchange rate.
- (d) In line with notification of the Companies (Accounting Standards) Amendment Rules 2011 issued by Ministry of Corporate Affairs on 31 March 2011 amending Accounting Standard ('AS - 11') "The Effects of Changes in Foreign Exchange Rates (revised 2003)", the Company has chosen to exercise the option under para 46 inserted in the standard by the notification. Accordingly, exchange differences on all long term monetary items, with retrospective effect from 01 April 2007, are :
 - (i) To the extent such items are used for the acquisition of a depreciable capital asset are added to / deducted from the cost of the asset and depreciated over the balance life of the asset.
 - (ii) In other cases accumulated in the "Foreign Currency Monetary Item Translation Difference Account" and amortised to the Profit and Loss account over the balance life of the long term monetary item but not beyond March 31, 2012

13 Borrowing Cost :

Borrowing costs directly attributable to the acquisition or construction of qualifying assets are capitalized. Other borrowing costs are recognized as expenses in the period in which they are incurred. In determining the amount of borrowing costs eligible for capitalization during a period, any income earned on the temporary investment of those borrowings is deducted from the borrowing costs incurred.

14 Employee Stock Option Scheme :

Employee stock options are evaluated and accounted on intrinsic value method as per the accounting treatment prescribed under Guidance Note on "Accounting for Employee Share-based Payments" issued by the ICAI read with SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 issued by Securities and Exchange Board of India.

Accordingly the excess of market value of the stock options as on the date of grant over the exercise price of the options is recognized as deferred employee compensation and is charged to Profit and Loss account on graded vesting basis over the vesting period of the options. The unamortised portion of the deferred employee compensation is reduced from Employee Stock Option Outstanding which is shown under Reserves and Surplus.

15 Taxation :

Tax expenses comprise Current Tax and Deferred Tax. Current Income Tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act.

Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred Tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred Tax Assets and Deferred Tax Liabilities are offset, if a legally enforceable right exists to set-off Current Tax Assets against Current Tax Liabilities and the Deferred Tax Assets and the Deferred Tax Liabilities related to the taxes on income levied by same governing taxation laws. Deferred Tax Assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

At each balance sheet date the Company re-assesses unrecognised deferred tax assets. It recognises unrecognised Deferred Tax Assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such Deferred Tax Assets can be realised.

Few Subsidiaries are eligible for 100% tax holiday under Section 80-IA of the Income Tax Act, 1961. As a result, timing differences arising and reversing during the tax holiday period are not recognized by the Company.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by The Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Profit and Loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

In case of overseas Subsidiaries and Joint Ventures, current taxes are calculated on the basis of the taxable income for the year, applying the tax rate in force, in those countries, as of the balance sheet date.

16 Provision, Contingent Liabilities and Contingent Assets :

Provisions involving substantial degree of estimation in measurement are recognised when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Provisions for risks and charges are recognized for losses and liabilities whose existence is certain or probable but the timing or amount of the obligation is uncertain as of the financial year end date.

Contingent Liabilities are not recognized but are disclosed in the notes to accounts. Disputed demands in respect of Central Excise, Customs, Income tax and Sales Tax are disclosed as Contingent Liabilities. Payment in respect of such demands, if any, is shown as advance, till the final outcome of the matter.

Contingent Assets are neither recognized nor disclosed in the financial statements.

17 Earnings per share :

Basic and diluted earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events of share split.

For the purpose of calculating diluted earning per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

18 Operating Lease :

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term are classified as operating leases. Operating lease payments are recognized as an expense in the Profit and Loss Account on a straight line basis over the lease term.

19 Derivatives :

As of the date the contract is entered into, the derivative instruments are recorded at fair value and, if the derivative instruments do not qualify for being recorded as hedging instruments, the changes in the fair value recorded after initial statement as handled as components of the operating result for the year if they relate to forward transactions (sales or purchases) and the financial result for the year if relating to interest rate swaps. If instead the derivative instruments satisfy the requirements for being classified as hedging instruments, the subsequent changes in the fair value are recorded following the specific criteria indicated below. With regard to each financial derivative qualified for recording as a hedging instrument, its relationship with the hedged item is documented, along with the risk management objectives, the hedging strategy and the methods for checking the effectiveness. The effectiveness of each hedge is checked both at the time of initiating each derivative instrument, and over its duration. As a rule, a hedge is considered highly effective if, both at the start and over its duration, the changes in the fair value in the event of a fair value hedge or in the cash flows expected in the future in the event of a cash flow hedge of the hedged element, are essentially offset by the changes in the fair value of the cash flows of the hedging instrument.

When the hedge concerns the fair value changes of assets or liabilities recorded in the financial statements (fair value hedge), both the changes in the fair value of the hedging instruments and the changes in the hedged item are charged to the income statement. If the hedge is not perfectly effective, or differences are noted between the aforementioned changes, the "ineffective" part represents financial expense / income recorded among the negative / positive components of the profit for the year.

In the event of hedging aimed at neutralising the risk of the changes in cash flows originated by the future execution of obligations contractually defined at the balance sheet date (cash flow hedge), the changes in the fair value of the derivative instrument registered after the initial statement are recorded, solely in relation to the effective part, under the item "Cash flow reserve" as part of the shareholders' equity. When the economic effects originated by the hedged item occur, the reserve is transferred to the income statement. If the hedge is not perfectly effective, the fair value change of the hedging instrument, referring to the ineffective portion of it is immediately recorded in the income statement. If, over the duration of a derivative instrument, the occurrence of the expected cash flows and the hedged item is no longer considered highly probable, the portion of the "cash flow reserve" relating to this instrument is immediately transferred to the income statement for the year. Vice versa, in the event that a derivative instrument is transferred or can no longer be qualified as an effective hedging instrument, the portion of the "cash flow reserve" representative of the fair value changes of the instrument, recorded up to that moment, is maintained as a component of shareholders' equity and transferred to the income statement following the classification approach described above, at the same time as the manifestation of the transaction originally hedged.

The fair value of financial instruments listed on an active market is based on the market prices as of the balance sheet date. The fair value of instruments which are not listed on an organised market is determined by using valuation techniques based on a series of methods and assumptions linked to market conditions as of the balance sheet date. Other techniques, such as the estimation of the discounted cash flows, are used for the purpose of determining the fair value of the other financial instruments. The fair value of interest rate swaps is calculated using the average rate at maturity as of the balance sheet date.

Given the short-term characteristics of trade receivables and payables, it is deemed that the book values, net of any bad debts provisions for doubtful receivables, represent a good approximation of the fair value.

20 Grant :

Public Grants, in the presence of a formal allocation resolution, and in any event, when the right to their disbursement is considered definitive since reasonably certainty exists that the Group will observe the conditions envisaged for perception thereof and that the grants will be collected, are recorded on an accrual basis in direct correlation with the costs incurred. The public grants provided for investments are therefore booked against the purchase price or the production costs of the asset. Other operating grants are credited to the income statement under the item "Other revenues and income".

The SPV on receipt of grant as equity support from NHAI accounts the same under Shareholders funds under Reserves and Surplus, in accordance with the terms of the concession granted to the Company. The grant related to operations not forming part of equity support will be credited to the Profit and Loss account.

21 Deferred Payment Liability :

The deferred payment liability represents the cash payout (Negative grant) payable to the NHAI as per the terms of the Concession agreement at the end of the Concession period. The said deferred payment liability does not carry any interest thereon.

22 Minority Interest :

Minority interest comprises of amount of equity attributable to the minority shareholders at the date on which investments are made by the Company in the Subsidiaries and further movements in their share in the equity, subsequent to the date of the investments.

- (i) (a) The results of Campo Puma Oriente SA for the period January to September 2014 are consolidated based on unaudited accounts which are signed by one of the Directors representing Gammon India Limited, since there are differences between the Shareholders of the Company. The financial statements of Campo Puma are not audited since December 2012.
- (b) The results of Ansaldocaldaie Boilers India Private Limited and Gammon Holdings (Mauritius) Limited are consolidated based on unaudited accounts which are signed by one of the Directors of the Company.
- (ii) (a) The Board of Franco Tosi Meccanica S.p.A (FTM) filed on 30 May 2013 with the court of Milan (and with the Companies Registry) a "preliminary" request for admission to the procedure of pre-insolvency composition agreement with creditors and restructuring debts ("concordato preventivo"), under Articles 161 Clause 6, Italian Government Publication dated 10 March 1942 No 267 – further amended in September 2012 in light of acute financial stress being faced by the Company due to several extraneous reasons.
- The said application was admitted by the Court on 7 June 2013 and the court soon thereafter appointed a Judicial Commissioner to evaluate the possibility of FTM continuing its operations and, if this was established, to set out a procedure to continue and manage the Company for a period of at least two years. On 31 July 2013, the presiding Judge of the Court of Milan having received confirmation of the possibility of continuity of FTM called for bids for the lease of the business of FTM. Four bidders had submitted compliant bids for the lease.

However, instead of finalizing the lease, the Commissioner announced a revised procedure by which, instead of lease of the business, interested bidders were asked to place an offer for the outright purchase of the operational business of FTM. One of the pre-conditions of the bidding offer is for the bidders to takeover and substitute all the bank guarantees issued by FTM in favour of its clients of its ongoing projects. The date of bid submission was fixed for 7 October 2014. Only two bids were received by the Commissioner, who after evaluation has concluded that both bids were defective. Accordingly, fresh bids are being called to encourage large participation and the new date of submission of bid is 22 December 2014. The entire procedure is expected to be completed within 60 days thereafter.

The continuous delay in final closure has put the ongoing projects of Franco Tosi in Congo, Nicaragua and Bolivia at risk of cancellation with consequences thereof, unless immediate steps are taken to scale up the execution with intent to meet the existing project schedules.

However in light of the ongoing procedure the Commissioner has not released any financial statements of the Company to date and it is expected that this will not be released until the entire process is complete.

On account of the above facts and the absence of financial statements of the said FTM, FTM functions under serve long term restrictions which impair its ability to transfer funds to its parent. The Management of the Company and the Board of FTM have no say in the matter and have no access to records which are with the Commissioner. Therefore, as per para 11(b) of ('AS-21') "Consolidated Financial statements" of the Company (Accounting Standard) Rules, 2006, the said FTM is to be excluded from Consolidation. Accordingly FTM has been accounted as per Accounting Standards ('AS-13'), Accounting for Investments. The losses of the said FTM already accounted in the past of ₹ 184.55 Core, the provision for impairment of goodwill made in the past of ₹ 109.13 Core and the provision for risks and contingencies of ₹ 50.61 Core already made which are part of opening retained earnings are considered as provision for diminution in the value of Investment and no adjustments are made in the opening retained earnings on account of deconsolidation. The carrying amount of investment in FTM and loans to FTM net of provision of diminution in the value of instruments is ₹ 54.69 Core. The Management contends that after the completion of the aforesaid composition arrangement, the group will be able to recover an amount not less than the aforesaid net carrying amount considering the order book and references. Therefore no further provision is required towards diminution in the value of investments. The figures of the previous year of FTM are accounted as per Accounting Standard ('AS-21') and have not been recast.

- b) During the period the clients of the said FTM have encashed the bank guarantees to a total amount of ₹ 170.80 Crore (Euro 21.84 Million). The guarantees encashed includes an amount of (Euro 17.80 Million) ₹ 139.21 Crore relating to a project in Nicaragua of which, based on the agreement with the bankers and the client, an amount of Euro 12.00 Million would be reinstated by way of release of the amounts from the client to the bankers and hence the net exposure for Nicaragua would remain at Euro 5.80 Million for which the Company is negotiating to cancel the demand, for the remaining Euro 4.04 Million (₹ 31.59 Crore) the Company has made a provision against the possible liability arising out of the said encashment to the Company.
- (iii) Gammon & Billimoria Limited holds 49.00% of the equity of G&B Contracting LLC (previously known as Gammon & Billimoria LLC), a Limited Liability Company registered in Dubai hereafter referred as G&B LLC. Since the Management and Operational control of G&B LLC is with Gammon & Billimoria Limited, G&B LLC is being consolidated as a Subsidiary under Accounting Standard ('AS-21') of Companies Accounting Standard Rules 2006.
- (iv) During the current period five Subsidiaries of GIPL have been wound up.
- (v) The Auditors of M/s SAE Powerlines S.r.L, Italy (SAE), a Subsidiary of the Company have expressed their inability to opine on the financial statements in view of the said SAE's ability to operate as a going concern being at risk and the Directors of the said SAE have highlighted the liquidity crisis. The total exposure of the Company in SAE and Atsl Holdings B.V., Netherlands, the Holding Company of SAE towards investments including guarantees towards the acquisition loan taken by SPV is ₹ 328.06 Crore. The Company has made provision for impairment of investment and loan of ₹ 110.45 Crore and provision for risk and contingencies towards corporate guarantees for acquisition loan of the SPV of ₹ 88.29 Crore resulting in the net exposure of ₹ 129.32 Crore. Management is of the opinion that considering the order book position and adequate references and strengths in international markets, notwithstanding the valuation carried out by an independent valuer for bankers indicating an excess value of ₹ 55.02 Crore no further provision is required. Following principle of conservatism and on prudent basis, the Company has made provision towards impairment of entire Goodwill.

- (vi) M/s Ansaldo Caldaie Boilers India Private Limited had received amounts as Share Application Money of ₹ 16.64 Crore for further allotment of shares which were to be issued on terms and conditions to be decided by the Board and in line with the extend regulation of the RBI. The Company was to receive an proportionate amount from its Holding Company in order to issue such equity shares to the shareholders. Since the same was not received the said amounts were not converted into equity shares of the Company. The Company had made an application for / to RBI to either refund the said amounts or convert the same into compulsory convertible preference shares, which shall be converted when the Holding Company infuses its portion of the equity. The Reserve Bank of India had on 29 January 2014 directed the Company to refund the said amounts to Ansaldo Caldaie S.p.A. The Company has subsequently applied to RBI vide letter dated 28 February 2014 to convert the share application money as ECB Loan which has also been approved by the Board of Ansaldo Caldaie S.p.A. However on 25 June 2014 RBI had turned down the Companies request to convert the share application money in to loan and directed to allot the share or refund the money within one year. The Company proposes to refund the money out of advances for projects that it is expected to receive.

The Company has during the year incurred substantial cash losses in its operations. The Company has prepared its business plans as approved by the Board of Directors, which envisages receipts of orders from bids that are been placed where the Company is the preferred bidder or projects secured which is presently under suspension / hold and the Company is in the process of executing certain jobs to be received from M/s Ansaldo Caldaie S.p.A and the adequate references in that context. The ability of the Company to continue as a going concern is dependent on the outcome of such bids and securing of projects and the fructification of the business plan. The management of the Company is confident of achieving cash flows in order to fulfill its cash flow commitments through various options. The management is hopeful of receipt of certain orders by March 2015 and restart of projects under hold which would ensure adequate cash flows. Further the Company has also restructured its debt with its lenders by which the repayments of principal has been deferred and the interest servicing would be taken care by a fresh disbursement of loans.

- (vii) The Company through its step down Subsidiary P. Van Eerd Beheersmaatschappij B.V., Netherlands (PVAN) held a 50.00% shareholding in Sadelmi S.p.A for Euro 7.50 Million., Italy (Sadelmi) with the remaining 50% held by Busi Impianti S.p.A, Italy since April 2008. Due to the economic conditions prevailing in different parts of the world where Sadelmi was present some of the projects under execution encountered serious contractual problems. Sadelmi therefore sought creditors' protection through a Court in Italy and simultaneously, as part of scheme, applied for transferring the remaining projects and leased all references standing in its name since inception to a new Company Busi Power S.r.L. wholly held by Busi Group. The above procedure however has not yet been completed as the decision in the Court is still awaited. The delay is on account of objections raised by some creditors among other reasons. In view of the uncertainties prevailing in Europe and the delay in the outcome of the Court process in respect of the creditors' protection sought by M/s Sadelmi in its application in connection therewith, the Company has, on prudent basis, made full provision towards the Investment in Sadelmi in FY 2012-2013. While Commissioner has released the financial for the period ended December 2012 which showed heavy losses in excess of the equity infused by the said Company. The management is confident that no further commitment is required to be infused by the Company and all losses have been recorded.

- (iv) One of the Joint Venture SPV of the Company namely Indira Container Terminal Private Limited is engaged in the development of a container terminal in the Mumbai port. The commencement of this project has been delayed due to non-fulfilment of certain conditions by the Mumbai Port Trust ('Licensor'). This has led to cost overruns and default in payment of debt obligations. The SPV has defaulted in meeting its debt obligations amounting to ₹ 37.60 Crore. Further, the SPV has incurred a loss of ₹ 3.04 Crore during the period. These conditions indicate existence of significant doubt and material uncertainty regarding the SPV's ability to continue as going concern and its ability to realise its assets and discharge its liabilities in the normal course. To address these issues, the management has taken various steps comprising of rescheduling of the loan (which has already been appraised by the Lead banker and recommended for sanction), temporary utilisation of constructed berths and claim for cost overruns on the Licensor. The management is confident of addressing financial crunch and viability of the project.

(i) Sofinter

- a. The Company's exposure towards investment in Sofinter Group is ₹ 563.62 Crore including investments, loans and guarantees towards the acquisition loan taken by the SPV, M/s Gammon International B.V. The Company has carried out valuation of Sofinter Group through an independent valuer considering business plan of all Companies within the Sofinter Group, order book position and economic environment where the Company is operating. The carrying value as at September 2014 is higher compared to the valuation by ₹ 159.49 Crore. The management is of the view that valuation carried out is based on current European scenario whereas growth option to various sub-continent in future cannot be ruled out. The management asserts that the valuation does not factor future growth when the world economies including those in Russia / CIS and USA improve and therefore considering the long term commitment of the management and its business plan, the management does not expect any provision towards diminution in the value of investment in Sofinter.
- b. The Company had in 2011, issued Guarantees, including Corporate Guarantees, for an amount of USD 35.00 Million on behalf of Gammon Holdings (Mauritius) Limited (GHML), a wholly owned Subsidiary, to Guarantee its contractual commitment under a Put Option Agreement with BT Global Investors Limited (BT) who was a holder of shares and convertible bonds (the Sofinter Securities) in Sofinter S.p.A. The Put was to be exercised within February 2014 and on all the Sofinter Securities. Subsequent upon the conversion of the bonds into additional shares in Sofinter on 18 December 2013, BT has become the holder of 35% shares in Sofinter, thereby diluting the holding of Gammon International B.V. in Sofinter to 32.5%. Prior to the date of this conversion, BT also exercised its Put Option on GHML for all the Sofinter securities, for an amount of USD 32.00 Million (₹ 197.16 Crore). The Put Option was duly honoured by GHML by drawing on debt raised from Export Import Bank of India Limited (Exim) for USD 18.00 Million (₹ 110.90 Crore) and balance against the funded exposure by the parent Company for ₹ 93.99 Crore. Pending transfer of the shares by BT in favour of GHML, since certain pre-conditions in the bye-

laws of Sofinter and the Shareholders Agreement are in the process of being fulfilled, without which the transfer cannot be recorded by Sofinter, BT has committed to pledge the Shares to Exim on behalf of GHML. Further pending the transfer of 35%, Sofinter continues to be an 'Associate Company'.

Considering the valuation report issued by external agency and pending transfer of shares from BT Global, increasing the stake to 67.50%, the carrying value of investment in Sofinter group will not require any impairment.

- c. Trade Receivables of Euro 3.00 Million (₹ 23.46 Crore), related to possible recharges to a supplier of the costs incurred for repairs to plant. The amount was estimated on the basis of the expected recovery of the claims following legal actions brought against the supplier. Under the applicable accounting standards the proceeds from the claims should have been recognised in the year when their occurrence and quantification are reasonably certain.
- d. Sofinter had received a binding offer to acquire the entire share capital of one of the affiliate Company, ITRO, for an amount equal to 8.00 Million SGD (₹ 38.58 Crore). The above offer, originally expiring on 14 July 2014, was subject to two conditions: the acceptance of the offer by all shareholders of Itrro Limited., so that at the end of the transaction the acquirer comes to hold 100% of the share capital of the Company, and the waiver by the shareholders of all existing financial and commercial receivables in respect of the Associate. The purchase price offered is in line with the value of the Associate's equity remaining after the waiver of claims by shareholders and the write-down of fixed assets. The shareholders have expressed their willingness to sell the shares of Itrro Limited. During the negotiations with the buyer a problem has emerged relating to the Taxation of the waiver of shareholder loans which could be considered by the local financial authorities as a capital gain, and for which the buyer asked a full indemnity. It was agreed between the parties to submit to the competent authorities in Singapore, a Tax ruling putting the success of the same as a conditions precedent to the transaction. In the light of the above, the Sofinter Group Associate reported the value of financial and trade receivables due from Itrro Limited by adjusting Euro 8.80 Million as not recoverable based on the value offered by the buyer.

- (a) Few of the SPVs' have unabsorbed depreciation as per Tax returns which is available for set off against Taxable income. These SPVs' have recognised the deferred tax asset credit estimating its future Taxable income which satisfies the test of virtual certainty supported by convincing evidence for recognising the deferred tax asset on the unabsorbed depreciation as per the Tax returns. The deferred tax asset recognised amounts to ₹ 168.07 Crore (*Previous Period ₹ 60.34 Crore*) on the unabsorbed depreciation as per the Tax returns available for set off from future Taxable income.
- (b) The Central Board of Direct Taxes (CBDT), vide circular no. 09/2014 dated 23 April 2014, has clarified that the cost of construction on development of infrastructure facility of roads / highways under BOT projects is allowable as a deduction by amortizing and claiming the same as allowable business expenditure under the Income Tax Act. The amortization allowable is to be computed at the rate, which ensures that the whole of the cost incurred on creation of infrastructural facility of road / highways is amortized evenly over the period of concessionaire agreement after excluding the time taken for creation of such facility. The deferred tax asset and liability are computed after considering this circular.

During the current period, the Greater Cochin Development Authority has sought to end / obstruct the toll collection by unilaterally sealing the toll booth of CBICL. CBICL believes it has the right to collect toll at the bridge upto 27 April 2020. Necessary legal recourse has been initiated. The unamortised project costs of ₹ 8.43 Crore along with the unrealised profit of the Group amounting to ₹ 0.46 Crore is transferred to other current assets under Project expenses pending settlement. Pending the outcome of the legal proceeding, no adjustments have been made in the financial statements.
- 8 VGRPL had achieved financial closure for the project on 10 April 2013. However since the drawdowns did not commence within the specified time limit, for which it has sought for revvaluation of the sanction and the same is awaited. Pending which, the toll concession rights are being amortised over the revenues projected by VGRPL considering normal traffic between 1 September 2014 and 30 September 2014 after adjusting for escalation of prices as per the provisions of the concession agreement. The effect of the financial closure model for the amortization of the toll collection rights would be given once the same is revaluated.
- 9 License fees pertains to the fees paid by a SPV of the Company, ICTPL to Mumbai Port Trust (MPT) as per the concession agreement signed between them for providing the license to construct, operate and maintain a offshore container terminal in the Mumbai Port. The said intangible will provide the right to the SPV to charge the users of the offshore container terminal when it commences operations. The intangible will be amortised from the date the commercial operations commences.

- (i) Capital Work in progress includes amounts in respect of one of the step down Subsidiaries wherein the Company had achieved all milestones as required under Letter of Arrangement (LOA) for the purpose of the coal linkage for its thermal power project in Nagpur. However Western Coal Fields Limited (WCL) had raised an issue that change of the status from Partnership Firm to a Company amounts to "Assignment" which is prohibited as per LOA. The Company has represented the matter to Standing Linkage Committee, which has upheld the contention of WCL. However the Company approached the High Court for an interpretation in this regard and pending its decision in the matter the court has stayed the matter and directed that no action be taken till further orders. The Company expects a favorable response on the same.

30 Due to inherent diversities in the legal and regulatory environment governing accounting principles, the accounting policies would be better understood when referred from the individual financial Statements. However, the following are instances of diverse accounting policies followed by the Subsidiaries, which may materially vary with these Consolidated Financial Statements.

- In case of SAE the Work In Progress has been recorded on the basis of the criterion of the completion or the status of progress; the revenues and the job margin are recognized according to the progress of the productive activity as against the method of computing the percentage of work completed is determined by the expenditure incurred on the job till each review date to total expenditure of the job.
- In the absence of disclosures made in the accounts of one of the overseas Joint Venture Company regarding effect of acquisition and disposal of Subsidiaries, no such disclosure is possible to be made in the Consolidated Account.
- Disclosures relating to the employee benefits for the overseas components have not been given in the absence of data in the required format.

32 The Company's CDR package was approved by the CDREG in its meeting held on 24 June 2013 and communicated to the Company vide its letter of approval dated 29 June 2013. The Company executed the Master Restructuring Agreement (MRA) with the CDR lenders on 24 September 2013. Substantial securities have been created in favour of the CDR Lenders.

Based on robust order in hand of ₹ 12,800.00 Crore and additional order inflow based on optimistic factors towards growth in infrastructure industry in India, the management is exploring various options to overcome the liquidity crunch such as sale of non-core and idle assets, pursuing rigorous austerity measure across all levels, downsizing its staff and actively exploring partnerships for its real estate projects. Company is also pursuing aggressively to realise non routine collection including claims and arbitration awards.

After detailed evaluation of current situation, annual operating plan, expected cash flow and implementation of CDR package towards continuous support to the Company by bankers, the management is confident about continuation of operations of the Company. In view of this assessment by the management the going concern assumption is appropriate.

33 Disclosure under Accounting Standard ('AS-19') "Leases" of the Companies (Accounting Standards) Rule, 2006

The Company has taken various residential / godowns / offices premises (including Furniture and Fittings if any) under lease and license agreements for periods which generally range between 11 months to 3 years. These arrangements are renewable by mutual consent on mutually agreed terms. Under some of these arrangements the Company has given refundable security deposits. The lease payments are recognized in Profit and Loss Account under Rent, Rates and Taxes.

DIPL, one of the Subsidiary has taken 15 acres of land on lease basis for a period of 30 years renewable for each period of 30 years at a time without any additional cost to the Company. The land is to be used for development of reality facilities such as retail mall, commercial offices and hotel etc. Therefore, the cost of leased land and expenditure during development stage has been directly debited to "Project Work In Progress", which is shown under Current Assets.

One of the SPV has taken land on lease from Visakhapatnam Port Trust under non-cancellable operating lease agreements and temporary housing from others under cancellable operating lease agreements. Total rental expense under non-cancellable operating lease was ₹ 0.44 Crore (Previous Period ₹ 0.44 Crore) and under cancellable operating leases was ₹ 0.07 Crore (Previous Period ₹ 0.07 Crore) which has been disclosed as lease rentals in the statement of profit and loss.

Further, another SPV has also taken an office premises on a non-cancellable operating lease. The monthly lease rents amounts to ₹ 0.10 Crore (Previous Period ₹ 0.10 Crore).

xvii There is a disputed demand of UCO Bank pending since 1986, of USD 4,36,251 i.e. ₹ 1.72 Crore. Against this, UCO Bank has unilaterally adjusted the Company's Fixed Deposit of USD 30,584 i.e. ₹ 0.12 Crore, which adjustment has not been accepted by the Company.

xviii Counter claims in arbitration matters referred by the Company – liability unascertainable.

xix The disputed service Tax liability disclosed above is after considering legal advice on the probability of the liability materialising being remote.

(a) Claims against the Company not acknowledged as debt includes :

- (i) A winding up petition against a Subsidiary of the Group, has been filed by a creditor for recovery of ₹ 1.41 Crore. The Subsidiary is disputing the said amount and has recognised ₹ 0.17 Crore payable as there are claims and counter claims by both parties. Pending the final outcome of such proceeding, the claim from the trade payable is disclosed as a contingent liability. The management of the said is of the view that the same would be settled and does not expect any additional liabilities towards the same.
- (b) Export obligation under EPCG scheme by a Subsidiary of group Company amounts to ₹ 22.90 Crore (Previous Period ₹ 22.90 Crore).
- (c) In terms of the individual Contracts signed by SPV's they are required to carry major periodic maintenance of the roads they are operating as a part of commitment against receipt of Tolling Rights and / or Annuities. The said SPV's have made provisions towards the same in their respective financial statements.
- (d) One of the SPV's engaged in generating power from a bagasse power plant has committed to purchase bagasse when the power plant becomes operational. The total commitment to purchase the bagasse, upto 30 September 2014, is ₹ 6.50 Crore (Previous Period ₹ 6.50 Crore).
- (e) In case of one of the Subsidiary, the Company is subject to a claim for damages amounting to AED 600,000 relating to a project. The Management do not consider that any liability will arise for the Company because the damage arose from work carried out by a subcontractor who, under the terms of the subcontract agreement, would be ultimately liable.

35 Segment Reporting

The Company is engaged in three segments - Construction and Engineering, Oil exploration and Realty Development including businesses acquired on account of new acquisitions. The revenue / assets from oil exploration and realty development are less than threshold limit of 10% and hence no disclosure of separate segment reporting is made in terms of Accounting Standard ('AS-17'). Similarly although the Group operates on a worldwide basis across the globe, they operate in two principal geographical areas of the world in India and the other countries. However during the period the overseas segment does not constitute more than 10% of total revenue and total assets and hence the segment-wise reporting is not disclosed in terms of Accounting Standard ('AS-17').

- 39** In respect of one of the Subsidiary GIPL, as at 30 September 2014, the current liabilities exceed current assets by ₹ 627.34 Crore (31 December 2013 - ₹ 608.97 Crore). The GIPL Group is taking various steps to meet its commitments, both, short term and long term in nature. The Group intends to monetise some of its mature assets, securitise some of its future receivables and raise funds through capital market. Based on detailed evaluation of the current situation, plans formulated and active discussions underway with various stakeholders, management is confident that the going concern assumption and the carrying values of the assets and liabilities in the consolidated financial statements are appropriate. Accordingly the consolidated financial statements do not include any adjustments that may result from these uncertainties.
- 40** Disclosure of transactions with Related Parties, as required by Accounting Standard ('AS-18') "Related Party Disclosures" has been set out in a separate statement - 1 annexed to this schedule.

3	Type of Audit observation / qualification	<p>Auditor's Comments</p> <p>(i) Matter of Emphasis</p> <p>(a) Recognition of Revenue for Arbitration award: Note: 35 Annual Report page: 102 We draw attention to Note no 35 of the explanatory notes relating to recoverability of an amount of Rs. 167.23 Crore as at September 14 under trade receivables in respect of contract revenue where the Company has received arbitration awards in its favour in respect of which the client has preferred an appeal for setting aside the said arbitration awards, recognition of claims while evaluating the jobs of Rs. 451.56 Crore towards work done on account of cost overruns arising due to client delays, changes of scope, deviation in design and other charges recoverable from the client which are pending approval or certification by the client and Rs. 123.80 Crore where the Company is confident of recovery based on advanced stage of negotiation and discussion. The recoverability is dependent upon the final outcome of the appeals & negotiations getting resolved in favour of the Company.</p> <p>(b) Cash Losses from Operations: Note: 36 Annual Report Page : 102 The Company has cash losses from operations after reducing the interest payments and has unabsorbed losses to the tune of Rs. 775.32 Crore. These conditions, along with other matters as set forth in Note 36 of the Financial Statements, indicate the existence of an uncertainty as to timing and realisation of cash flow.</p> <p>(c) Investments in Sofinter S.p.A.: Note: 33 (b) Annual Report page: 99 Note No 33(b) relating to the exposure of Rs. 197.16 Crore which includes non-fund based guarantees of Rs. 110.90 Crore towards acquisition of further stake of 35% in Sofinter. The transfer of shares to be done as detailed in the aforesaid note is essential to support the exposure of the Company towards the funded and non-funded exposure towards M/s Gammon Holding (Mauritius) Limited for the additional 35% equity stake in Sofinter. Further the management has made assertions about the investment and reasons why the same does not require any provision towards diminution in the value of investment and loans provided. Relying on the assertions and on the further acquisition of interest in M/s Sofinter as detailed in the aforesaid note no adjustments have been made in the financials towards possible impairment.</p> <p>(d) Investments in Gactel and G&B Contracting LLC: Note: 12(iv) and 12(v) Annual Report page: 91 We also invite attention to Note 12(iv) & Note 12(v) in case of Gactel Turnkey Projects Limited & G&B Contracting LLC where the management has made assertions about the investment and reasons why the same does not require any provision towards diminution in</p>

the value of investment and loans provided. Relying on the assertions as detailed in Note 12(iv) and (v) no adjustments have been made in the financials towards possible impairment.

(ii) Qualifications:

(a) We invite attention to Note no 33 (c) (i) and (ii) relating to the accounts of one of the subsidiaries M/s Franco Tosi Meccanica S.p.A (FTM) which have not been audited since December 2011 and the details of the application for pre-insolvency composition agreement including the plans to sell the business of the Subsidiary. In view of the non-availability of the financial statements for reasons detailed in the aforesaid notes we are unable to comment on the adjustments to be made in the financials in respect thereof. The Company's exposure in the said Subsidiary (net of provisions and credit balance in Foreign exchange translation reserve) is Rs. 1162.87 Crore which includes the loans made and Investments made (net of provisions) of Rs. 268.06 Crore, the exposure of corporate guarantee towards the borrowing made by the overseas SPV through which the step down Subsidiary is held of Rs. 302.94 Crore and corporate guarantee exposures in respect of the said FTM by way of corporate guarantee issued by the Company towards the non-fund based limits granted to the said FTM based on which guarantees were given to the projects of the said Subsidiary of Rs. 591.87 Crore. In the absence of the financial statements and any indication of the outcome of the pre-insolvency composition agreement we are unable to comment on the adequacy of the provision towards diminution in the value of investments and loans resulting in the net carrying value as aforesaid.

(b) In respect of the corporate guarantees issued towards the jobs of FTM as detailed in note 33(c)(iii) the Company has received fresh demand for Euro 21.84 Million(Rs. 170.80 Crore) against which the Company has made a provision of Euro 4.04 Million (Rs. 31.59 Crore) towards liabilities arising from demand against some of the corporate guarantees. In respect of the other demand of Euro 17.80 Million (Rs. 139.21 Crore) in respect of another project no provision is made as the Company is in active negotiation with the clients of the Subsidiary for the cancellation of the demand. In view of the uncertainties involved in the negotiation settling in favour of the Company and the future of the business of FTM we are unable to comment upon possible further liabilities arising from such corporate guarantees.

(c) The Auditors of M/s SAE Powerlines Srl, Italy (SAE) , a Subsidiary of the Company have expressed their inability to opine on the financial statements in view of the said SAE's ability to operate as a going concern being at risk and the directors of the said SAE have highlighted the liquidity crisis. The total exposure of the Company in SAE and ATSL Holdings B.V., Netherlands, the holding Company of SAE towards investments including guarantees towards the acquisition loan taken by SPV and guarantees towards the operating business of SAE is Rs. 328.06 Crore. The Company has made provision for impairment of investments and Loan of Rs. 110.45 Crore and provision for risk and contingencies towards corporate guarantees for acquisition loan of the SPV of Rs 88.29 Crore resulting in the net exposure of the Company at Rs.129.32 Crore. Attention is

		<p>invited to note 33 (e) where the Company contends that the carrying value of Rs. 129.32 Crore does not need any provision despite the valuation of the business of SAE by independent valuers indicating an excess carrying value of Rs.55.02 Crore that has not been provided for.</p> <p>(d) The Company's Application for managerial remuneration aggregating to Rs. 14.32 Crore for the Chairman and Managing Director has been rejected for the accounting years 2011-12, 2012-13 and 9-month period ended December 2013. The Company has preferred appeals for review of the matters with the Central Government for all the years for which the same is rejected. The Chairman and Managing Director has pending disposal of the review during the year refunded an amount of Rs.1.85 Crore being the excess remuneration for the year ended 2011-12. The remuneration for the period ended September 2014 of the Chairman and Managing director is Rs. 4.71 Crore, of which an amount of Rs. 0.94 Crore is pending payment, for which application is being made. Pending the review and appeal of the Company for the accounting periods 2011-12, 2012-13, 9-month period ended December 2013 and 30 September 2014 no adjustments have been made for an amount of Rs.17.18 Crore.</p> <p>(e) The Company has during the year after 1 April 2014 granted unsecured loans to one of its Joint Ventures beyond the limits specified in Section 186 of the Companies Act 2013 without the prior approval of the members in general meeting</p>

Note: 33 (c)(i) and (ii) Annual Report page: 99 and 100 With reference to clause (a) of the "Basis of Qualified Opinion" in the Audit Reports on Standalone Financial Statements wherein the auditors have opined that they are unable to comment on the adequacy of the provisions made by the Company for diminution of the value of its investments due to non-availability of financials of Franco Tossi Meccanica S.p.A ('FTM') the Company's Subsidiary in Italy, the Board, while drawing your attention to Note 33(c)(i) and (ii) of Standalone Financial Statements, would like to reiterate that FTM has filed an application for a pre-insolvency procedure which has been admitted by a court at Milan. In light of the ongoing procedure, till date, the financial statements of FTM have not been released by the empowered Commissioner. Further, it is envisaged that these will not be released until the process of insolvency is complete. However, the Company has made adequate provision towards its exposure for all</p>

the known liabilities in FTM. The management is of the opinion that since it will recover an amount not less than the carrying amount of FTM, no further provision for diminution is required to be made.

(b) Corporate guarantees issued towards FTM Jobs:

Note: 33(c)(iii) Annual Report Page: 100

With reference to clause (b) of the "Basis of Qualified Opinion" in the Audit Reports on Standalone Financial Statements wherein the auditors have opined that "they are unable to comment on the adequacy of the provisions made towards the Company's exposure towards corporate guarantees issued towards the jobs of FTM, the Board would like to inform you that as mentioned in Note 33(c)(iii) of the Financial Statements, the Company (FTM) is in active negotiation with the clients of FTM for the cancellation of the demand of Euro 17.80 Million (Rs. 139.21 Crore) made by the Clients. Further, the Company has made provision for the balance amount of Euro 4.04 Million (Rs. 31.59 Crore).

(c) Opinion on SAE S.p.A:

Note: 33 (e) Annual Report page: 100

With reference to clause (c) of the "Basis of Qualified Opinion" in the Audit Reports on Standalone Financial Statements wherein the auditors have opined that "they are unable to comment on the adequacy of the provisions made towards the Company's exposure in investments in and Guarantees given by the Company in respect of SAE Powerlines S.p.A, the Company's Subsidiary in Italy", the Board would like to inform you that as mentioned in Note 33(e) of the Financial Statements, the management is of the opinion that considering the order book position and adequate references and strengths in international markets of its Subsidiary SAE Powerlines the provision made by it for impairment of its investment, loans and trade receivables is adequate.

(d) Payment of Management Remuneration:

Note: 24(a) Annual Report page: 96

With reference to clause(d) of the "Basis of Qualified Opinion" in the Audit Report on Standalone Financial Statements, wherein the auditors have opined on managerial remuneration, the Board would like to inform you that as mentioned in Note 24(a) of Financial Statements, the Company's application for payment of 'Minimum Remuneration' of Rs. 6 Crore to Mr. Abhijit Rajan – Chairman & Managing Director for the financial years 2012-13 & 2013-14 has been rejected by the Ministry of Corporate Affairs ('MCA'). The Company has made an application to the MCA for review of its decision and the MCA's reply in this matter is awaited. The Company had also made an application to the MCA for waiver of payment of 'Minimum Remuneration' of Rs.2 Crore to Mr. Himanshu Parikh (Former Executive Director) for the financial year 2012-13. In response to the Company's said application, the MCA approved payment of 'Minimum Remuneration' of Rs. 1.66 Crore to Mr. Himanshu Parikh. The Company has made a representation to the Ministry to reconsider its decision and reply is awaited. In view of the pending status of the aforementioned applications, no effect for the same has been given in the financial statements.

(e) Unsecured Loan to JV:

With reference to clause (e) of the "Basis of Qualified Opinion" in the Audit Report on Standalone Financial Statements, wherein the auditors have opined that the Company has during the year after 1 April 2014 granted unsecured loans to one of its Joint Ventures beyond the limits specified in Section 186 of the Companies Act 2013 i.e. without the prior approval of the members in general meeting, the Board would like to inform you that, as explained in Note 12(vi) of the Standalone Financial Statements, the loan was given as a business exigency and in the ordinary course of business. The Company had entered into joint venture namely, Gammon Cidade Tensacciai Joint Venture (the "JV") with Construtora Cidade LTDA and Tensacciai S.p.A. for the purpose of execution of "Construction of bridge and its approaches over river Yamuna downstream of existing bridge of Wazirabad [SH: Main Bridge (Cable Stayed)] at Delhi" (the "Project"). The JV was required to import materials for the said Project. On account of business exigency, the Company had granted unsecured loan to the JV for purchasing the material. The said transaction amounted to giving of loan by the Company to the JV and though in the ordinary course of business, exceeded the limits prescribed under Section 186 of the Companies Act, 2013. The Directors would also like to inform you that the Company shall, in due course, approach its shareholders for their approval for giving of loans/advances to its joint ventures/associates.

Additional
comments from the
Board/audit
committee chair

(a) Qualification (a) above:

The Board at its meeting while adopting the accounts heard the Executive Director dealing with the foreign Subsidiaries and Joint ventures, who explained in detail that the steps taken by the step down Subsidiary FTM were inevitable in view of its business continuity while gaining time for drawing up a scheme for settlement. The Board accepted this explanation and requested the Executive Director to closely monitor and keep the Board abreast of developments. As regards adequacy of provision towards liabilities of FTM, the Board advised the Executive Director to closely watch the liability position and report to the Board from time to time about adequacy of provision of Rs. 135.64 Crore made in view of its total exposure and its investment in Gammon Holdings BV, the holding Company of FTM, from time to time. The board was also informed that three bids were received by the commissioner on December 22, 2014. Negotiations have started with the bidders and it is expected that the successful bidder for the operating business of FTM will be finalized before the end of March 2015.

(b) Qualification (b) above:

The Executive director dealing with the foreign Subsidiaries has informed to the Board that once the successful bidder takes over the operational business, the process of re-instating the encashed guarantees of Euro 17.80 Million will be initiated. Considering the update received from the Executive Director management is hopeful to successfully conclude the process in the second quarter of 2015.

(c) Qualification (c) above:

Similarly, in respect of SAE, a step down Subsidiary, the total provision for loans and guarantees given by the Company Rs. 198.74 Crore where, in the opinion of the management all the known liabilities have been provided. The auditors of SAE have expressed their inability to opine on the going concern assumption in respect of SAE and the Directors of SAE have highlighted the liquidity crisis facing the Company.

The Company is taking steps to draw up a business plan for revival of the Company. In view of this development, the concerned Director was advised to watch the Company's Exposure very closely and report to the Board, if and when provision required for any change in impairment.

(d) Qualification (d) above:

The Ministry has rejected the appeal on the grounds that the payment of remuneration has to be approved by the CDR Lenders. The Company has approached its CDR lenders for their permission and the same is awaited. The Board advised the Company Secretary to closely follow up the pending applications and representations to the ministry of Company affairs and report to the Board any developments taking place in this regard.

(e) Qualification (e) above:

The Board advised the Company Secretary to approach the shareholders' approval for giving of loans/advances to its joint ventures/associates in due course.

We also invite attention to Note 1(c)(i) in case of Sofinter S.p.A. where the management has made assertions about the investment and reasons why the same does not require any provision towards diminution in the value of investment and loans provided. Relying on the assertions and on the further acquisition of interest in M/s Sofinter as detailed in the aforesaid note no adjustments have been made in the financials towards possible impairment.

(b) Non-continuance of a project in GIPL:

Note: 14(d) , 11B(ii) and 24(iv) Annual Report page: 167, 163 and 171

The auditors of one of the Subsidiary Gammon Infrastructure Projects Limited (GIPL) have made an Emphasis of Matter regarding i)

unilateral termination and closure of *Concession in a project, which is* subject to pending litigations/arbitrations at various forums which may impact the carrying value of assets of the project assets. The GIPL Group's exposure towards the said project is of Rs. 17.87 Crore and a corporate guarantee of Rs. 7.97 Crore,

ii) In relation to intention to exit one of the hydro power projects in Himachal Pradesh and seeking a claim of an amount against the amount spent on the project. The GIPL Group's project has cited reasons for non-continuance on account of reasons beyond its control. The GIPL Group is negotiating with its client for an amicable settlement on beneficial terms. The GIPL Group's exposure towards the said project is of Rs. 67.31 Crore and

iii) regarding the excess remuneration to the extent of Rs. 2.09 Crore, paid to the managerial persons beyond the limits specified in schedule XIII to the Companies Act 1956 / Schedule V to the Companies Act 2013. The said amount has been charged to statement of profit and loss for the period. The excess amount is subject to approval from the Central Government.

Pending conclusion of the matters, no adjustments have been made in the Consolidated Financial Statements.

(c) Receivables from Associate:

Note 1(c)(i)(d): Annual Report page: 147

The auditors of one of the Associates which form a material component had qualified their report for the 12 month period ended 31 December 2013 relating to certain receivables from one of the affiliates of the said Associate. Subsequently the said Associate has received a binding offer as detailed in note no 1(c)(i)(d) for the sale of the affiliate, which is subject to certain clearances. Pending the sale materialising the Associate has retained the aforesaid receivable to the extent of the offer made and has charged off the balance receivables to its income statement.

(ii) Qualified:

(a) The accounts of one of the Subsidiaries M/s Franco Tosi Meccanica S.p.A, Italy ('FTM') have not been audited since December 2011 for reasons mentioned in note 1(a)(ii) of the financial statements which inter-alia covers the application for pre-insolvency composition

(d) *The financial statements of the following Associate, Subsidiaries and Joint Ventures are based on un-audited management prepared financial statements as follows :-

- (i) M/s Sofinter S.p.A, Italy, a material Associate whose consolidated financial statements reflect the group's share of loss being Rs.49.41 Crore,
- (ii) M/s Campo Puma Oriente S.A, Panama, a Subsidiary of the Company whose financial statements reflect Total Assets of Rs. 360.20 Crore, Revenue of Rs. 34.63 Crore and Net Cash Flows of Rs. (1.58) Crore. These financials are signed by one of the Director representing GIL on account of differences between the Group Company and the other Shareholder.
- (iii) M/s Ansaldocaldaie Boilers (India) Private Limited, a Subsidiary of the Company whose financial statements reflect Total Assets of Rs. 103.07 Crore, Revenue of Rs. 6.95 Crore and Net Cash Flows of Rs. (0.34) Crore.
- (iv) M/s Gammon Holdings (Mauritius) Limited a Subsidiary of the Company whose financial statements reflect Total Assets of Rs. 197.27 Crore, Revenue of Rs. Nil and Net Cash Flows of Rs. (0.13) Crore.
- (v) M/s Ansaldocaldie GB Engineering Private Limited, a Joint Venture of the group whose financial statements reflect Total Assets of Rs. 65.29 Crore, Revenue of Rs. 3.93 Crore and Net Cash Flows of Rs. (0.38) Crore, the groups share in the Total Assets being 32.64 Crore, Revenue being 1.97 Crore and Net Cash Flow being (0.19) Crore.
- (vi) M/s Gammon OJSC Mosmetrostroy, a Joint Venture of the group whose financial statements reflect Total Assets of Rs. 194.15 Crore, Revenue of Rs. 378.16 Crore and Net Cash Flows of Rs. (2.47) Crore, the groups share in the Total Assets being 99.02 Crore, Revenue being 192.86 Crore and Net Cash Flow being 1.26 Crore.

Since the Subsidiaries, Joint Ventures and Associates mentioned above are material, the Assets, Revenue and Cash Flow represented in those financial statements are subject to audit.

**In the absence of audited financial results of the Associate M/s Sofinter detailed above, we reiterate the qualified opinions to the financial statements for the year ended 31 December 2013 of the auditors of the said Sofinter which is referred to in para 1(c)(i) for an amount of Euro 3.00 Million i.e. Rs. 23.46 Crore regarding recognition of possible claims resulting in trade receivables being overstated by the same amount and consequent effect on profits recognized of Euro 2.10 Million i.e. Rs.17.92 Crore as qualified by the said auditors.

***The auditors of one of the Subsidiaries M/s G&B Contracting LLC, Dubai have qualified their audit opinion regarding receivables of AED 2.70 Million (Rs. 4.54 Crore) (31 December 2013 AED 2.7 Million (Rs. 3.93 Crore), which is due to the Company as a sub-contractor. Since the said Company has back to back terms with the main contractor, the recoverability of the said amounts is dependent

agreement with creditors in Italian court and continuous postponement of dates and delays in conclusion of the process of restructuring. In the light of the on-going procedure the Commissioner in charge of the restructuring procedure has not released any financials. The said Subsidiary has not been consolidated in accordance with para 11.b of ('AS - 21') - Consolidated Financial Statements as the management contends that considering the status as detailed in the above referred note the Subsidiary operates under severe restrictions, which significantly impairs its ability to transfer funds to its parent. The said Subsidiary has therefore been accounted as per ('AS - 13') - Accounting for Investments. The management has made significant provisions towards diminution in value of investments and the net carrying value of the Investments and the advances towards the said Subsidiary is at Rs. 54.71 Crore. In the absence of financial statements and any indications of the value arising out of the disposal or otherwise on completion of the composition agreement in the Italian courts we are unable to comment upon the adequacy of the provision for diminution in the value of Investment resulting in a net carrying value as aforesaid.

- (b) In respect of the corporate guarantees issued towards the jobs of FTM as detailed in note 1(a)(ii)(b) the Company has received fresh demand for Euro 21.84 Million (Rs. 170.80 Crore) against which the Company has made a provision of Euro 4.04 Million (Rs. 31.59 Crore) towards liabilities arising from demand against some of the corporate guarantees. In respect of the other demand of Euro 17.80 Million (Rs. 139.21 Crore) in respect of another project no provision is made as the Company is in active negotiation with the clients of the Subsidiary for the cancellation of the demand. In view of the uncertainties involved in the negotiation settling in favour of the Company and the future of the business of FTM we are unable to comment upon possible further liabilities arising from such corporate guarantees.
- (c) The Auditors of M/s SAE Powerlines Srl, Italy (SAE), a Subsidiary of the Company have expressed their inability to opine on the financial statements in view of the said SAE's ability to operate as a going concern being at risk and the Directors of the said SAE have highlighted the liquidity crisis. The total exposure of the Company in SAE and Atsl Holdings B.V., Netherlands, the holding Company of SAE towards investments including guarantees towards the acquisition loan taken by SPV and guarantees towards the operating business of SAE is Rs.328.06 Crore. The Company has made provision for impairment of investments and Loan of Rs. 110.45 Crore and provision for risk and contingencies towards corporate guarantees for acquisition loan of the SPV of Rs 88.29 Crore resulting in the net exposure of the Company at Rs.129.32 Crore. Attention is invited to note 1(a)(v) where the Company contends that the carrying value of Rs. 129.32 Crore does not need any provision despite the valuation of the business of SAE by independent valuers indicating an excess carrying value of Rs.55.02 Crore

		<p>on successful outcome of the main contractor's dispute with the client, the auditors are of the opinion that substantial portion of the same should be considered as impaired.</p> <p>(e) * The Company's Application for managerial remuneration aggregating to Rs. 14.32 Crore for the Chairman and Managing Director has been rejected for the accounting years 2011-12, 2012-13 and 9 month period ended December 2013. The Company has preferred appeals for review of the matters with the central government for all the years for which the application is rejected. The Chairman and Managing Director has, pending disposal of the review, during the year refunded an amount of Rs.1.85 Crore, being the excess remuneration for the year ended 2011-12. The remuneration for the period ended September 2014 of the Chairman and Managing Director is Rs. 4.71 Crore, of which an amount of Rs. 0.94 Crore is pending payment, for which application is being made. Pending the review and appeal of the Company for the accounting periods 2011-12, 2012-13, 9 month period ended December 2013 and 30 September 2014 no adjustments have been made for an amount of Rs.17.18 Crore.</p> <p>** The auditors of one of the Subsidiaries of the Company, Gammon Infrastructure Projects Limited have qualified their report with respect to two projects where the authorities have unilaterally terminated the Concession Agreement against which these Project SPVs are taking steps to claim compensation/relief as per the Concession Agreement. Management response to the qualification in the directors report

(i) **Matter of Emphasis :** The Directors would like to state that the said matters are only for the attention of members and have been explained in detail in the relevant notes to accounts as stated therein and require no further clarification

(ii) **Qualifications:**

(a) **Unaudited Financials of a Subsidiary, FTM:**

Note: 1(a)(ii)(a) Annual Report page: 142

With reference to clause (a) of the "Basis of Qualified Opinion" in the Audit Reports on Consolidated Financial Statements wherein the auditors have opined that they are unable to comment on the adequacy of the provisions made by the Company for diminution of the value of its investments due to non-availability of financials of Franco Tossi Meccanica S.p.A ("FTM") the Company's Subsidiary in Italy, the Board, while drawing your attention to Note 1(a)(ii)(a) of the Financial Statements, would like to reiterate that FTM has filed an application for a pre-insolvency procedure which has been admitted by a court at Milan. In light of the ongoing procedure, till date, the financial statements of FTM have not been released by the empowered Commissioner. Further, it is envisaged that these will not be released until the process of insolvency is complete. However, the Company has made adequate provision towards its exposure for all the known liabilities in FTM. The management is of the opinion that since it will recover an amount not less than the carrying amount of FTM, no further provision for diminution is required to be made.

(b) **Corporate guarantees issued towards FTM Jobs:**

Note: 1(a)(ii)(b) Annual Report page: 143

With reference to clause (b) of the "Basis of Qualified Opinion" in the Audit Reports on Consolidated Financial Statements wherein the auditors have opined that "they are unable to comment on the adequacy of the provisions made towards the Company's exposure towards corporate guarantees issued towards the jobs of FTM, the Board would like to inform you that as mentioned in Note 1(a)(ii)(b) of Consolidated Financial Statements, the Company is in active negotiation with the clients of FTM for the cancellation of the demand of Euro 17.80 Million (Rs.139.21 Crore) made by the Clients. Further, the Company has made provision for the balance amount of Euro 4.04 Million (Rs. 31.59 Crore).

(c) **Opinion on SAE S.p.A:**

Note: 1(a)(v) Annual Report page: 143

With reference to clause (c) of the "Basis of Qualified Opinion" in the Audit Reports on both Standalone as well as Consolidated Financial Statements wherein the auditors have opined that " they are unable to comment on the adequacy of the provisions made towards the Company's exposure in investments in and guarantees given by the Company in respect of SAE Powerlines S.r.L ,the Company's Subsidiary in Italy " ,the Board would like to inform you that as mentioned in Note 1(a)(v) of Consolidated Financial Statements, the management is of the opinion that considering the order book position and adequate references and strengths in international

markets of its Subsidiary SAE Powerlines the provision made by it for impairment of its investment, loans and trade receivables is adequate.

(d) * Unaudited Financials:

Note: 1(a)(i), 1(b)(iii) and 1(c) Annual Report page: 142 and 146

With reference to clause(d) of the "Basis of Qualified Opinion" in the Audit Report on Consolidated Financial Statements wherein the auditors have reported that the financial statements of Sofinter S.p.A.(Sofinter), Campo Puma Oriente S.A.(CPO), Ansaldo Caldaie Boilers (India) Limited(ACBI), Gammon Holdings (Mauritius) Limited(GHM), Ansaldo Caldaie GB Engineering Limited(ACGB) and Gammon OJSC Mosmetrostroy Joint Venture (OJSC) are unaudited , the Board would like to inform you that as mentioned in Note 1(a)(i), Note 1(b)(iii) and Note 1(c) of Consolidated Financial Statements, the financial statements of these Companies could not be audited due to insufficient time, unavailability of support staff and other severe administrative issues in these Companies. Hence, the financial statements are as per management prepared accounts except in case of CPO & OJSC which were not audited on account of differences between the joint venture partners.

**** Note: 1(c)(i)(c) Annual Report page: 147**

The auditors have also reported in the same clause (d) about the non-recognition of possible claims on trade receivables of Europower S.p.A., a Subsidiary of the Associate Sofinter S.p.A., the Board would like to inform you that as mentioned in Note 1(c)(i)(c) of Consolidated Financial Statements, Europower S.p.A. has initiated legal proceedings in the competent court in Italy, against their customer to recover the amount of Euro 3 Million i.e. Rs. 23.46 Crore (Company's share being Euro 0.98 Million (Rs. 7.62 Crore). Pending the outcome of the said litigation, the risk of non-recovery arising from the same has been provided by Europower S.p.A to the extent of 2.3 Million Euro i.e. Rs. 17.92 Crore. Considering the current status of the legal proceedings, the Directors of the said Europower S.p.A. believe that Sofinter S.p.A. will not incur additional losses over and above the said amount.

***** Note: 16(iv) Annual Report page: 168**

The auditors have also reported in the same clause (d) about non provision of trade receivables of G&B Contracting LLC ('GBLLC'),Dubai a Subsidiary of the Company, the Board would like to inform you that, as mentioned in Note 16(iv) of Consolidated Financial Statements, the amount is due from a Debtor of GBLLC which includes retention money aggregating to AED 2.7 Million (Rs. 4.54 Crore) due to GBLLC acting as a sub-contractor. The management of the said Subsidiary is of the opinion that the amount is contractually recoverable and the Subsidiary Company is in negotiations with the principal client and in the Company's opinion no provision is required to be made towards the same.

(e) * Payment of Management Remuneration:

Note: 24 Annual Report page: 170

With reference to clause (e) first para of the “Basis of Qualified Opinion” in the Audit Report on Standalone Financial Statements and Clause (e) of the “Basis of Qualified Opinion” in the Audit Report on Consolidated Financial Statements, wherein the auditors have opined on managerial remuneration, the Board would like to inform you that as mentioned in Note 24 of Consolidated Financial Statements, the Company’s application for payment of ‘Minimum Remuneration’ of Rs. 6 Crore to Mr. Abhijit Rajan – Chairman & Managing Director for the financial years 2012-13 & 2013-14 has been rejected by the Ministry of Corporate Affairs (“MCA”). The Company has made an application to the MCA for review of its decision and the MCA’s reply in this matter is awaited. The Company had also made an application to the MCA for waiver of payment of payment of ‘Minimum Remuneration’ of Rs. 2 Crore to Mr. Himanshu Parikh (Former Executive Director) for the financial year 2012-13. In response to the Company’s said application, the MCA approved payment of ‘Minimum Remuneration’ of Rs. 1.66 Crore to Mr. Himanshu Parikh. In view of the pending status of the aforementioned applications, no effect for the same has been given in the financial statements.

**** Termination in Concessional Agreements in GIPL:**

Note: 11B(i) and 14(c) Annual Report page: 163 and 167

With reference to clause (e) second para of the “Basis of Qualified Opinion” in the Audit Report on Consolidated Financial Statements, wherein the auditors have reported their inability to determine recoverability of an amount of Rs. 81.27 Crore in connection with legal proceedings initiated by the Company’s Subsidiaries viz. (i) Patna Buxar Projects Limited and (2) Mormugao Terminal Limited against unilateral termination of their respective concession agreements, the Board would like to inform you that since the management of the respective aforementioned Companies is confident of recovery of the aforesaid amounts, no provision has been made in the accounts.

(f) Encashment of BG in a Subsidiary:

Note: 14(c) Annual Report page: 167

With reference to clause (f) of the “Basis of Qualified Opinion” in the Audit Report on Consolidated Financial Statements, wherein the auditors have opined on encashment of bank guarantee of one of the Subsidiaries viz. Patna Water Supply Distribution Network Private Limited, by the client and subsequent termination of the contract by the Client, the Board would like to inform you that since the said Subsidiary believes that it has a good case against the Client, it has sought legal advice internally on the matter and hence the said encashment does not require any provision. Recently, Company has taken steps to resolve the issue by arbitration.

	Additional comments from the Board/audit committee chair	<p>(a) Qualification (a) above: The Board heard the Executive Director dealing with the foreign Subsidiaries and Joint ventures, who explained in detail that the steps taken by the step down Subsidiary FTM were inevitable in view of its business continuity while gaining time for drawing up a scheme for settlement. This was also explained to the Audit Committee. The Board accepted this explanation and requested the Executive Director to closely monitor and keep the Board abreast of developments. As regards adequacy of provision towards liabilities of FTM, the Board advised the Executive Director to closely watch the liability position and report to the Board from time to time about adequacy of provision made in view of its total exposure and its investment in Gammon Holdings B.V., the holding Company of FTM, from time to time. The management has however made full provisions towards the Goodwill of Rs. 109.12 Crore on consolidation in the previous financial year ended 31 March 2013. Three bids were received by the commissioner on December 22, 2014. Negotiations have started with the bidders and it is expected that the successful bidder for the operating business of FTM will be finalized within end of March 2015.</p> <p>(b) Qualification (b) above: Executive director has informed to the Board that once the successful bidder takes over the operational business, the process of re-instating the encashed guarantees of Euro 17.80 Million will be initiated. Considering the update received from the Executive Director management is hopeful to successfully conclude the process in the second quarter of 2015.</p> <p>(c) Qualification (c) above: The Company in the previous financial year had made provisions towards the Goodwill on consolidation of Rs. 20.49 Crore. The auditors of SAE have expressed their inability to opine on the going concern assumption in respect of SAE and the Directors of SAE have highlighted the liquidity crisis facing the company. The Company is taking steps to draw up a business plan for revival of the Company. In view of this development, the Executive Director was advised to watch the Company's Exposure very closely and report to the Board, if and when further provisions required for any change in impairment.</p> <p>(d) Qualification (d) above: Regarding management prepared accounts efforts are continuing to resolve the differences.</p> <p>The Board noted that there is no change in the status as regards to recoverability of net trade receivables of Europower S.p.A., a Subsidiary of the Associate Sofinter S.p.A. S.p.A., has initiated legal proceedings against the defaulting customer to recover its dues. In the circumstances recourse to the judicial process was the only alternative. Europower expects to recover its dues. The Board accepted this explanation, and requested the Executive Director to closely follow up the matter.

The Board noted that there is no change in the status as regards to non-provision of trade receivables of G&B Contracting LLC ('GBLLC'), Dubai, a Subsidiary of the Company. The Executive Director explained to the Board that the Company's Subsidiary, Gammon Billimoria LLC has initiated negotiations with the client for recovery of its dues and is hopeful of reaching an acceptable settlement. The Board appreciated this explanation and directed the Executive Director to expedite the settlement.

(e) Qualification (e) above:

The Ministry has rejected the appeal on the grounds that the payment of remuneration has to be approved by the CDR Lenders. The Company has approached its CDR lenders for their permission and the same is awaited. The Board advised the Company Secretary to closely follow up the pending applications and representations to the ministry of Company affairs and report to the Board any developments taking place in this regard.

The Board has advised the concerned director to closely monitor and give updates to the Board.

(f) Qualification (f) above:

The Board has advised the legal department to monitor the case and give regular updates to the Board.
